STORE SERVICE IMPROVES

Kelly Bros. Co. Store Adds Features That Make For Better Service

Many Hood River people have been pleasantly surprised, after a visit to Kelly Bros.' new furniture department, to learn how cheaply it is possible to secure that piece of furniture they have been wanting so long.

It is indeed a pleasure to be shown through the large new display room which has been added on the same level as the main store. The large assortment of rugs, linoleum, bedroom furniture, springs and mattresses, is arranged in an attractive and convenient manner, which makes it easy to find the piece suited to your individual needs.

The installation of a new modern cash register has added a great deal to the speed and accuracy in serving customers. It also enables the woman shopper to secure a printed receipt instantly for the amount of her purchase.

You will find it a treat to be shown through the new stock of furniture. It will be a pleasure to have you call and you will not be asked to buy.

Men Are Scarce

The demand for men in the harvest of mid-Columbia orchards has resulted in a dearth of laborers, according to Senator Nickelsen.

"I have been seeking in vain for the past three days for an additional crew of 15 men," says Mr. Nickelsen. "To make improvements along the route of the Highway. It seems likely that I will not fill my crew until apple harvest is over."

An Apple Story

C. C. Crew, secretary of the Commercial Club, Tuesday received a letter from Lee F. Smith, a cement manufacturer of Ada, Okla., who enclosed a check in payment for a box of Hood River Spitzentury apples. Mr. Crew immediately dispatched the check to Lee F. Smith, West Side orchardist, who will forward selected apples from his place.

COUNCIL APPOINTS BUDGET COMMITTEE

The city council Monday night appointed the following citizens on a budget committee: C. O. Huelat, H. O. Kress, F. S. Kelly, R. B. Perigo, E. O. Blanchard, E. A. Franz and E. M. Holman. One of the tasks of the budget committee will be to consider an appeal of traffic officers for an increase in wages. The traffic men have made a similar appeal to the county court, members of which will refer it to their budget committee. The county library has also asked \$2,800 each from the city and county.

On recommendation of the police and public property committees, the council appointed Chris Frederick as an emergency policeman to patrol the Heights portion of town during apple harvest. Many of the liveliest element of the apple pickers frequent the Heights district, normally the quietest part of town.

The council instructed City Water Superintendent Price to connect a Eugene street pipe to E. H. Hartwig with the water main. Mr. Hartwig appeared before the body and asked why the connection had been delayed since last May. It was explained by Mayor Seobes that the application had been tabled because it was considered that Mr. Hartwig was seeking irrigation water only. The council received the resignation of Councilman Frank Davenport, who is seeking the city reordership in opposition to H. L. Howe, incumbent. The resignation was tabled by Mr. Davenport's fellow city fathers.

The council announced completion of concrete paving to connect Twelfth street with new market road paving on the main West Side highway just south of the city. The work will be assessed to abutting property owners. Garrow & Ward, contractors who did the paving, were ordered paid \$2,110.85.

As result of an appeal of C. C. Anderson, who declares that parked automobiles almost constantly blockade the front of his place, the council has asked the judiciary committee of the body to prepare an ordinance governing parking in front of business houses.

Mark Cameron, member of the council, declared that people who make their living from the privilege of cleared spaces in front of their property should have protection. He declared that auto owners frequently park in front of his gasoline pump and make it impossible for patrons to drive up.

FOOTBALL GAME WITH STEVENSON TOMORROW

The Hood River high school football team will play its first mid-Columbia League game Friday afternoon when the Stevenson high school team will visit here. The local team, to date, has not been scored on. The season's schedule was opened here when the locals met and defeated Lincoln high school 6 to 0. On the next Saturday Franklin high school was defeated 3 to 0. Last Saturday the Hood River boys journeyed to Gresham, where they played a tie game with the Union high school. Neither team was able to score.

In the game with Stevenson the locals will be able to get a line up of their strength with The Dalles high school, chief rival of the Hood River team. The Dalles team, which plays here Armistice Day, defeated Stevenson decisively. Coach Keeney, who is putting his legs through the intensest practice of the season this week, is expecting them to develop an aggressive team work Saturday.

Former games here have been played on Saturday with the result that attendance has been cut down, business folk being unable to attend. With the game Friday afternoon, it is anticipated that the crowd of rooters will be doubled.
