Wednesday, Nov. 1st, the curtain will rise on one of the most noteworthy events ever conceived or attempted in this section of the country.

By special arrangement with Cribben & Sexton Company, Chicago, makers of famous Universal Porcelain Coal Ranges, we are placed in a position to make the coming week one long to be remembered.

During this event experts from the factory will be in our store, and will conduct an educational exhibit and demonstration. Moreover, the factory will co-operate with us in offering you a remarkable opportunity

to procure one of these famous ranges.

No one should miss this opportunity to see and learn about this beautiful, durable Porcelain Coal Range, which has revolutionized the American kitchen and which is generally acknowledged to be the greatest improvement ever made in stove construction.

Read every word of this announcement. Note especially the inducement and offers—some of which may never be repeated. Then arrange to come. You will not be obligated to buy.

UNIVERSAL PORCELAIN COAL RANGE

Finished in "UNIVIT" Porcelain
Just Wipe It Off

In the Universal Porcelain Coal Range, science has succeeded in producing "UNIVIT"—a porcelain which will not chip, crack or discolor from intense heat—has freed women from the disagreeable and laborious blackening of stoves and gives them an artistic range, as clean and sanitary as the porcelain sink or bathtub. Come and see this handsome Peacock Blue or Pearl Gray porcelain range.

The Range Beautiful
Sanitary, Washable, Indestructible

Don't confuse the Universal Porcelain Coal Range with ordinary ones. A scientific, perfected process makes this porcelain as hard as flint. It will retain its lustre and beauty to the end. It will not absorb grease. Just wipe it off! It is as clean and sanitary as a china dish. Universal Porcelain Coal Ranges are made of gray cast iron throughout. Why endure a bothersome, old-style, dirty stove, when the factory has made it so easy to enjoy a bright, handsome Universal Range? Don't miss this opportunity.

Remember the Dates—Nov. 1-2-3-4

A Price for Every Pocketbook

In addition to the regular all porcelain range, we offer many others at this exhibit—semi-porcelain, nickel trimmed, and plain finish. There is a price for every pocketbook.

Modernize Your Kitchen

Consider the unusual inducements of this exhibit. Can you afford to postpone the pleasure that a Universal Porcelain Coal Range has for you? Discard that old bothersome, dirty stove now—before the factory withdraws these attractive offers.
