ODELL

The new piano for the grade school arrived Saturday.

After a three weeks' vacation for apple harvest Odell high school opened Monday.

Everybody busy. Apple harvest moving along. Fine weather gave opportunity for picking and getting under shelter the bulk of the crop.

Sunday the church was beautifully decorated for the Apple Harvest Festival, the decorations consisting of autumn leaves and French marigolds in autumn shades. In the front of the church the Epworth League emblem was worked out in small red apples. The day was a success from every point of view. The Epworth League service was in charge of Virginia Duto. There was a large chorus choir. The program follows: Prayer, J. H. Fletcher; anthem, choir; reading, Lloyd Cameron; duet, Mrs. A. H. Ferguson and Ira D. Morgan; solo, Ruth Young. Mrs. J. E. Ferguson gave a group of three original poems of the valley. Prof. J. O. Davis, principal of Odell high school, gave a most interesting address on "The Apple Bin of Life," in which he likened people unto apples, including all grades from culls to extra fancy. Rev. W. S. Gleiser gave the closing prayer.

Mrs. J. E. Ferguson spoke before the high school Wednesday morning on "The Value of Memory Work," illustrating with poems.

Ira D. Morgan has returned to his home in Portland. While here on a vacation he gave freely of his talents, singing twice Sunday at services morning and evening.

Saturday evening the Epworth League will give a Halloween social in the church basement, with appropriate decorations, a program and games. Refreshments. Everyone invited.

Sunday school at 10 a. m. next Sunday. Morning service at 11 a. m. J. H. Fletcher and Miss Marie Fletcher will sing a duet. Epworth League at 7:15 p. m. Topic, "Making the Gift Effective." Corita Taylor, leader. Evening service at 8 p. m. honoring Roosevelt. Special music.

"VOTE AGAINST INCREASED TAXES"

"State Monopoly of Schools Would Cost Over Three Million Dollars for Buildings and Grounds; Over One Million Dollars for Operation"

"VOTE 315 X NO"

Such is the wording of a poster appearing in the city.

Prejudice and ignorance will do almost anything.

What a false presentation that is.

There are 200,000 children attending the public schools and but 8,000 attending private schools in our state.

Distributing the \$800 in our public schools would scarcely be noticed.

We have the buildings; we have the teachers who rank higher than private school teachers.

The cause is surely weak that overstates things like the above.

The logic; that "What proves too much proves nothing" is fitting in this case.

Taxes and the Governor

When a candidate for the high office of governor bases his candidacy on certain claims and promises as to what he will do if elected, the public is entitled to have his claims analyzed and examined.

In this campaign, Walter Pierce has gone about the country melodramatically tearing tax bills in two by way of illustrating what he will do to taxes if elected.

The voter, then, should analyze the tax matter to the extent of becoming informed as to just what part the governor plays in imposing or reducing taxes.

In the first place, the voter should know that the total levy in Oregon for 1922 is \$40,473,906.

This is a reduction of over \$1,900,000 from last year, so that it will be seen the high cost of government following the war is already receding.

Of this 1922 levy of 40 million, over 31 million was for county, city and school district purposes, over which the governor could have no possible control whatever.

Of the remaining 9 million for state purposes, only 3 1/2 million are taxes over which the legislature has any discretion, and of this amount, only 3 1/2 million are for the actual expenses of state government and might, therefore, in even the remotest degree, be charged to the methods employed by the governor in administering the state's affairs.

In passing, it should be noted that this state levy is an increase of 41 per cent, since 1918, and not several hundred per cent, as stated on various occasions by the democratic candidate. It should also be noted that less than half of this 41 per cent occurred during Mr. Olcott's administration. This ability to keep down the cost of the state government to so small an increase, when living expenses in the ordinary home in the same period increased over 100 per cent, is a most creditable showing.

MR. PIERCE'S TAX RECORD

It is proper at this point to examine Mr. Pierce's own record on taxes and see if past actions as a legislator square with his words.

Of the \$9,376,289 of state taxes for 1922, which include the millage taxes, MR. PIERCE SPECIFICALLY HAS APPROVED OF \$8,264,029, or 88 per cent. He had no chance at most of the other 8 per cent.

Of the 1922 state taxes, Pierce introduced bills accounting for \$1,423,126, or 15 per cent.

In addition to this, he voted for tax bills introduced by others to the amount of \$4,114,108, and he has given his public approval on numberless occasions of measures passed since he was returned from the legislature causing taxes amounting to \$1,090,804, making a total of state taxes approved by Pierce of \$8,664,058, or 92 per cent of the total 1922. There is no telling how much of the remainder he might have approved if he had had a chance, and it may be significant that the state taxes have decreased over 11 per cent since Mr. Pierce was returned from the State Senate.

Mr. Pierce has always been a consistent tax booster. He voted against only three per cent of all the appropriations of the 1919 session of the legislature and voted for all the appropriations of the 1920 special session.

In 1917 Mr. Pierce introduced a bill to exempt money, notes, mortgages and accounts from taxation. Yet he poses as being anxious to take the burden off real estate!

He voted for submission of \$400,000 bond issue to build a new penitentiary.

Mr. Olcott, at no TAX expense and with prison labor, has fixed up the old penitentiary in excellent shape for another 25 years.

Mr. Pierce voted against accepting road machinery from the government. That machinery now amounts in value to \$1,600,000.

GOVERNOR OLCOTT'S RECORD

The above are but a few of the extravaganzas of Pierce. Mr. Olcott, on the other hand, has conducted the business of the state in an economical, sane and business-like manner. He has saved the state thousands of dollars because of his level-headedness and his intimate knowledge of state affairs. He built a new Boys' Industrial School Building by diversion of a millage fund, and therefore, without a single cent additional tax. He has insisted upon development of the various state farms connected with the state institutions and the present year shows the unprecedented income from this source of \$491,511. He is no talker, no politician, no idle promiser and is not seeking reelection under false pretenses nor catering to prejudice, but is going to the people on his own splendid record, confident that if he can but get that record and Mr. Pierce's record before the voters of Oregon that he will be vindicated on election day, Tuesday, Nov. 7th.
