Catholics Aid Europe's Suffering

An appeal was made at St. Mary's Catholic church Sunday for funds for relief of famine sufferers in Russia, the Near East and other European countries. The local appeal was part Catholic church Sunday for funds for relief of famine sufferers in Russia, the Near East and other European countries. The local appeal was part of concerted action on the part of all American Catholics to aid in the refief of European and Near East famine sufferers.

The proceeds of the entertainment were appropriated for a community hospital plan was launched last year and a nucleus of \$5,000 was raised from the sale of an East Side ranch place donated by Miss A. M. Spring, of Coronado, Calif.

Have you paid our candy department a visit?

If not, now is a good time to do so.

Box and Bulk Candies of all kinds.

Also stuffed dates, layer figs, glace cherries and pineapple.

RESERVE WATER SYS-TEM IS COMPLETED

The municipal water department has just completed the installation of an electric pump at a newly built [reservoir, at a cost of \$14,000, which will eliminate the near famine that has occurred here the past several summers during the season of irrigation of gardens and lawns. By the construction offa reservoir, which has a capacity of 750,000 gallons, just below an old reservoir, which holds 250,000 gallons, the city is also given a reserve for fighting city is also given a reserve for fighting fires. The pump, operated by a 50 horsepower motor, will divert water to any section of the city. The supply from the reserve system can be placed

which formerly supplied the lower city with water, has been fully developed and now furnishes a daily flow of 300,-000 gallons. The water department has also developed a large spring which flows from under the open air auditorium of Chautauqua park, securing 200,

um of Chautauqua park, securing 200,-000 gallons daily.

The work of the water department the past summer has included a thorough drainage system that eliminates from the storage basins all surface water. Repeated tests have been made of the water of the reserve system, and it has been ascertained that it is pure. In connection with the development of the new spring, the water department has constructed a new permanent stage at the open air thepermanent stage at the open air the atre. While the new structure is esti-mated at a worth of \$1,200, it was built at a cost of only \$600 through the sal-vage of materials that would otherwise have proven worthless. The original estimate of the new improvements was placed at \$16,000. The cost was cut, it is said, by effecting the work by hired crews instead of awarding it to contract. W. T. Price, superintendent of the city water department, had charge of planning the work and carry-

HOSPITAL CONCERT DRAWS GOOD CROWD

Ticket sales and the crowd present indicated that a substantial sum was realized last night when Mary Adel Hayes, noted opera singer, and com-pany were presented at the Rialto the-atre under joint auspices of the Men's Brotherhood of Riverside Community and the Asbury Methodist churches, The proceeds of the entertainment

The concert plans received endorse-ment of the American Legion Post, a committee of which is aiding in the general hospital plans.

GOLDENDALE ELEVEN FOOTBALL CHAMPION

The Goldendale high school, defeating The Dalles at Goldendale last Saturday by a score of 18 to 13, won the mid-Columbia championship. The Hood River high school team ended the sea-son at Centerville, defeating the high school there Friday by a score of 18 to 0. The local team, which stands third in the league, ended the season with but two defeats, Goldendale and The Dalles having beaten the local aggre-

Graves Delivers Lecture

C. E. Graves, promoter and secretary of the Oregon Nature Lovers' Club, delivered an address Sunday night at the Asbury Methodist church on "The Nature Movement and Its Significance." Mr. Graves, who was formerly prominent in library work in the middle west, declares that many men and women would find the study of their natural surroundings a stimuof their natural surroundings a stimu-

Water Department

lating hobby.

Mr. Graves outlined the growth of the nature loving organizations of the Pacific Coast. He told how John Muir had done much in starting it with the Sierra Club, of California. Mr. Graves, who told of the beauties of Eden Park, declared that in his be-lief no cove so small in the United States contained a greater variety of

Excellent Macadam Anticipated

Although placed on a wet subgrade, four inches of crushed rock on a single track width of the Mount Hood Loop Highway just south of the Middle Valley, has made an excellent temporary road for Upper Valley folk. The rock has not cut through although a fairly heavy tonnage of apples has been hauled over it.

C. C. Seeley, resident engineer of the State Highway Department, ex-presses the opinion that when the eight inches of rock, as called for un-der surfacing contracts already let, are placed that the section will become one of the best maradam roads in the

Cars Ditched on Slippery Curves Excessive speed around curves and hasty application of brakes resulted over the week end in five automobiles

being ditched on the Columbia River Highway between here and Cascade Locks. Traffic officers declare that the road is in no wise dangerous, if drivers willtake curves slowly and use their A number of motorists have suggested that the slippery surface of the black top paving should be sanded.

Wood Breaks Thumb

Harry V. Wood, joint city and county traffic officer, just Saturday learned that he fractured a thumb in a spill from his motorcycle on the highway four weeks ago. The injury was aggravated in another fall Armistice Day, when Mr. Wood buried himself from his machine in order to prevent striking a small boy on Cascade avenue with the full force of his machine. The pain became so severe that he visited a pain became so severe that he visited a physician, and an X-ray photograph showed the fracture.
