

Santa Claus Has Established Headquarters at E. A. FRANZ CO.

He has taken absolute possession and transformed the big store into a regular Christmas Bazaar. Never before have preparations been made on such an extensive scale. All the regular stocks of such prosaic things as pots and pans, nails and screws, have been relegated to the background and in their places are tables and shelves and cases displaying literally thousands of bright new gift things—beautiful, useful, appealing—Gifts for every one, old and young. And over in the Big Furniture Store is a wealth of practical gifts—too numerous to attempt to list.

Why Bake at Home

—when you can buy bread like it, ready baked?

COUNT the raisins—at least eight big, plump, tender fruit-meats to the slice.

Taste it—see how the raisin flavor permeates the bread.

No need to bake at home when we've arranged with bakers in almost every town and city to bake this full-fruited raisin bread.

Just 'phone and they'll deliver it—all ready to surprise the family tonight.

It comes from master bakers'

modern ovens in your city. And it's made with Sun-Maid Raisins.

That's another reason for its superiority. A rare combination of nutritious cereal and fruit—both good and good for you, so you should serve it at least twice a week.

Use Sun-Maid Raisins also in puddings, cakes and cookies. You may be offered other brands that you know less well than Sun-Maid's, but the kind you want is the kind you know is good. Insist, therefore, on Sun-Maid brand. They cost no more than ordinary raisins.

Mail coupon for free book of tested Sun-Maid recipes.
