

New Disability Clause

Two years ago this Company devised a Disability provision which was far in advance of any that had been previously contained in a life insurance policy. We now announce a new Disability provision. Its features are:

- Immediate beginning of a lifelong monthly income.
- When total and permanent disability has lasted five years, the monthly payment will thereafter be increased 50%.
- When total and permanent disability has lasted ten years, the original monthly payment will be increased 100%.
- Total disability that has lasted three months will be assumed to be permanent.
- Waiver of premium, of course, together with full annual dividends and a full annual increase in cash surrender value.
- As age increases, and the family income dwindles thru diminishing resources, the disability income increases to meet the increased need of income.

When you think of Life Insurance, you naturally think of the oldest old line Company in America.

ODELL STUDENTS TO GET REAL PRACTICE

Joel Davis, principal of the Odell Union high school, has adopted a practical system for the bookkeeping class of the school. Mr. Davis has estimated regular text books, and the students are taught a system of banking by the use of actual checks, deposit slips and a set of books. They have organized a practice bank, to be known as the Odell Bank of Commerce.

UPPER VALLEY FOLK RECEIVE \$40,000

J. F. Thompson, of the Upper Valley, here Monday on business reported that an atmosphere of property was given that district by the receipts among ranchers there of an approximate \$40,000 for water stock of the Middle Fork Irrigation Co. The corporation has been dissolved, its system having been taken over by the Middle Fork Irrigation District.

GOATS FINE FOR CLEARING OFF LAND

No cheaper method of clearing land of undergrowth and brush can be found than that of using goats. The goats, according to C. E. Apple, who says: "The goats, if confined by proper fencing, can be made to do the work of every variety of undergrowth. They will eat oak and chestnut. Fir and pine trees of good size will be killed by their gnawing. They will even bend over and strip good oak bark."

MARSHAL'S SALE

Notice is hereby given that, on February 19, 1923, eight separate warrants were duly and regularly issued by the City Recorder of the City of Hood River, Oregon, to me directed and delivered, commanding me to forthwith advertise the property hereinafter described against which assessments for the Fifth Street Improvement District, in the City of Hood River, Oregon, have heretofore been made and levied, a particular description of each of which said properties together with the amounts of said assessments and the names of the persons to whom assessed, is as follows:

SCHOOL NEWS

(Specials V. Morrison)

The school work has been badly interrupted during the past week because of the much illness of both teachers and pupils. Among the teachers, Miss A. B. Gibson, of the high school; Mrs. Bonnie M. Goette, Mrs. Tina O'Brien, Miss Florence Hudson and Miss Lillian Gagnon, of the Park Street school; Mrs. Pearl Hoagworth and Miss Lucile Gagnon, of the high school, all have been ill during the past week.

PORTLAND APPLE WEEK UNDER WAY

Hood River Newtown Apple Week was officially launched in Portland Monday afternoon by the Portland Chamber of Commerce which promoted the activity for the purpose of stimulating a consumption in the surplus of the 1922 crop left in storage as a result of the car shortage last fall.

Big Locomotives Received

"Sport Model 7000" is the name given the first of the 55 Union Pacific mountain type locomotives and its fine lines and perfection of design ranks with the latest automobile models. The locomotive is capable of making 100 miles an hour. The overall length of the powerful machine is 90 1/2 feet and its weight in working order is 382,500 pounds.

In the opinion of a large number present, could their opponents, but the judges did not see it this way. Miss Colvin is getting to be a veteran debater and undoubtedly will make her presence known in future legislative work along this line.

Through an unfastened window which has been overlooked by both the teacher and janitor in one of the rooms of Park Street school, some one entered last Thursday night and rummaged the desks of the several teachers. The losses consisted chiefly of small sums of money and some minor articles that would particularly interest boys, who evidently did the mischief. The matter was not reported to the superintendent until Sunday, so no clues were obtainable.

Successful Farmers are Rapidly Standardizing with the Oliver Walking Plow

It is a high compliment to any manufacturer to have his product recognized as standard equipment by a large percent of the farmers—the men who grow our crops and insure our national prosperity.

This is the proud position of the Oliver Walking Plow. It is so light of draft, so well built, so easy to operate, that every year more and more farmers have come to accept the Oliver Walking Plow as standard.

If you are not already an Oliver user, come to plow headquarters and we will show you the superior features of design and construction. They are convincing.
