

**Feature Musical "Episodes" in Unusual Entertainment**  
 Patton Brothers Bring to Chautauqua Two Programs of Sparkling Originality on Opening Day.

A program of musical "episodes" coming to Chautauqua and will be given by the Patton Brothers, three young men from the West Coast, who are particularly gifted along musical lines. The episodes are called the Russian, Old Fashioned, Religious, Popular, Oriental and Patriotic, and all are given in full costume. It is a different program, fresh in originality, and all the episodes are written in musical form. The Patton Brothers have already established themselves in the hearts of Western audiences on account of the unique features of their program, the separate talents of each of the three young men, the spontaneity of their work, and the musical background that lies behind their efforts. It is a high-class program which will delight music lovers who like a dash of original in their entertainment.

**DURANT MODELS ARE BECOMING POPULAR**

Representatives of the Durant line everywhere have been making a phenomenal showing, according to C. M. Steves, vice president and general sales manager of the Durant Motor Company of California. Since the announcement of the sport models and the new business coupe, many of these cars have been sold and numerous orders taken, states Mr. Steves. "We were taken off our feet by the sudden demand for our product, and we can attribute every bit of this success to dealer organization, and a real piece of merchandise—for the money. Owners everywhere, according to Durant dealers, are more than pleased with the satisfaction they are deriving from the Durant product." In Durant factories all over the United States and Canada the production schedules have been jumped over the previous month. For the month of May the production schedule in all Durant plants is 28,600 cars. The production for the month of June is 29,950 cars, which is indeed a splendid increase. Just last month a new record for a single day's production of cars "Built by Durant" was established when 989 cars were built and shipped. With more orders on their books than they can possibly fill, all Durant plants are now striving to bring the total average production past the thousand-a-day mark—a goal which now appears to be close at hand. Durant dealers are seeking cars in greater numbers than ever before to meet the demands of their customers. It is notable that the dealers all over the country are beginning to feel the general prosperity of business, and are experiencing a real satisfaction with the line they represent.

**A Well of Water by the City's Gates**  
 Is the subject of the address at **Riverside Community Church** Sunday Morning at 11 o'clock. Mr. Boddy preaches. A sermon dealing with life—Inspiring Music—A Beautiful Service

**SHELL OIL CO. TO PLAY HERE SUNDAY**

The Hood River baseball team, with the city fans taking an increased interest in their activities, bids fair to become one of the most popular organizations of the city. The team, which last Sunday played a shut out game against the Cascade League, will play the Shell Oil Co. team next Sunday, July 4, the strong team of The Dalles, accompanied by a large delegation of rooters, will play the locals here. Manager Ralph S. George has instituted a new feature here to get a good turnout at games. Free buses carry fans from the city to Aviation Field, just west of town, where a diamond has been put in shape through courtesy county officials. A fund was raised by merchants for the purchase of handsome suits for the players.

**Many Going to The Dalles**  
 A large delegation of local folk will go to The Dalles today to see the Pageant of Wascogan, to be staged in a huge natural amphitheatre by the Old Fort Dalles Historical Society as an opening feature of the state convention of Elks. Miss Betty Simpson, Hood River high school graduate, will be Princess Hood River. The following girls will be her attendants: Misses Agnes Chipping, Mary MacMillan and Harriett Fuller. A number of folk of the Pine Grove district will accompany Miss Marietta Moore, named Princess Pine Grove. The local folk will travel to The Dalles by automobile.

**Heavy June Precipitation**  
 A record June rain struck the mid-Columbia Friday, the precipitation reaching 29 of an inch. While the day's pick of strawberries was spoiled for long distance shipment, going to canners, the rain was beneficial to tree fruits, grain crops and gardens.

**SMILE! SMILE! SMILE! SMILE!**

Smile into the face of the world and a smile comes back—render good service to others and good service is returned to you. The only way to avoid getting a square deal from the world is by not giving the world a square deal yourself. Our aim at all times is to give our customers a square deal and to render them the best possible service. All we ask is for them to give us a fair trial. Materially yours, TUM-A-LUM LBR. CO. Phone 4121. That's our self-starter. Lumber Bill, Manager.

**The Baptist Church**  
 Now is the time to rally around the Sunday schools of Hood River. We cannot afford any vacation here. Sunday school at 10 a. m. **WHITE SALMON**  
 (From The Enterprise)

Efforts are being made by the Boy Scouts to establish communication with Hood River Scouts by means of heliograph, wig-wag flags and two-arm semaphore flags. Geo. L. Pyatt, of the Mt. Brook district, has 90 acres of alfalfa that stands nearly three feet high. Ruff Byrket, who saw the stand last week, has been wondering why more farmers here do not grow alfalfa, and stop sending away their money every year. He has not figured how much money leaves this district for the purchase of hay, but it is safe to say that it is a large sum at present prices.

**THE BRIDGE MAY BE CALLED WAUKOMA**

At the suggestion of E. M. Chandler, of Olympia, Wash., one of the engineers who will be in charge of constructing the new span, the bridge across the Columbia, connecting Hood River and White Salmon, Wash., may be called "The Waukoma Interstate Bridge." "I like to see a perpetuation of the old Indian names," says Mr. Chandler in a letter to Wm. P. Allyn, secretary of the Hood River Chamber of Commerce, "and 'Waukoma,' the old Indian

name for Hood River, meant a place of the cottonwoods.

**Boy Hurt in Baseball Game**

Delbert Deen, struck over the head by a pitched ball in a baseball game between Heights and Mount Hood boys Sunday, was painfully ill Monday. The boy showed no bad effects from the blow until some time after the accident, when he began spitting blood from an internal hemorrhage. The game played on Gibson field was won by the locals, score 22 to 4.

24-hour service on cleaning and pressing. Meyer & Brazean, Tel. 1914. o121f

**Girls Start Tennis Play**

**Electrical cooking is economical**  
**The Hotpoint HUGHES Way!**

**The "Bungalow"**

Practical, reasonably priced range, especially designed for small kitchens. Cooking top has three elements—either open or closed, as desired. Good steel oven, heavily insulated and airtight to prevent food spoilage. Thermometer in door. Delicacies serve switches.

In order to put electric cookery within the reach of every one of our thousands of patrons we are featuring three distinct models in Hotpoint HUGHES electric ranges. A size to fit every purse and purpose.

**Easy Terms**  
 only

**\$10 Down**

**\$10 to \$15 a month**  
 completely installed

Make yours an electrical kitchen, with complete installation of Hotpoint Hughes range and electric water heater.

Your roasts don't shrink away in the Hotpoint Hughes electric oven. Airtight construction prevents evaporation. Roasts are tender, juicy, more palatable.

Heavy insulation allows none of the heat to escape. Outside of oven is cool at all times. Stored heat will keep contents roasting or baking long after current is switched off.

After careful test, Pacific Power & Light Company have selected the Hotpoint Hughes as the electric range we want to see installed in every home reached by our service. Come in and let us demonstrate the comfort, convenience and economy of

**Hotpoint HUGHES**

**Electric Ranges**

There's no current wasted in the heating of a heavy iron framework. Units are the only part of the cooking top that gets hot. A snap of the switch gives you any degree of heat desired. Units remain hot long after heat is turned off. Experience in electric cookery will enable the thrifty housewife to utilize the stored heat in the surface units and operate the oven on the fireless cooking principle.

**Now, special reduced price!**

We urge you to take advantage of these reduced prices and easy terms which are now in effect.
