ODD FELLOWS ARE PREPARING

LODGES GET READY FOR MEETING

Annual Convention, Scheduled for Here
Next May, Expected to Bring
5,000 Visitors

The Hood River Odd Fellow and Rebekah Lodges are already making ready for the entertainment of an estimated 5,000 visitors, expected here next May when Hood River will be host city for the annual Oregon Grand Lodges of the I. O. O. F. and Rebekahs. The lodge rooms here are being improved. The fraternal organization in the past few weeks spent \$1,000 in improvements.

The executive committee of the organization which will fall the burden of preparations consists of Geo. W. Thompson, R. E. Steele, W. E. Hockaday, Tim Beatty, J. H. Ferguson, Mrs. M. E. McCarty and A. J. Day. All citizens of the city are joining the Odd Fellows in their plans for entertaining the great guests.

The Hood River lodge won the 1924 convention at the recent annual convention held in North Bend. The local Odd Fellows were good enthusiasts when their invitation was presented, and it was predicted that the meeting of next year would draw the largest crowd of Odd Fellows and Rebekahs ever together at one session.

The editor of the Pacific Odd Fellow has written to the executive committee in charge of preparations, stating that Hood River may expect 5,000 guests next May, when the town will be the scene for odd fellows from all parts of the state.

BIG ASSOCIATION PICNIC WEDNESDAY

The Apple Growers Association, with a committee composed of D. L. Pierson, A. J. Craft and E. E. House in charge, is making preparations for a picnic next Wednesday that will approach that held here on Labor Day in 1919 when the valley paid its respects to S. Benson in commemoration of completion of the Columbia River Highway paving. Members and employees of the big cooperative sales agency and their families will gather at the grounds of Park Grange community house on the West Side.

Promptly at noon an address will be given by the plenipotentiary A. E. Steele, new general manager of the organization. The dinner hour will extend from 12:30 to 2 p. m. The association will furnish the merry-making and will be expected to furnish the remainder of their lunches. And, it is declared, many fat chickens will be offered on the altar of appetites, and the delicacies and substantial foods that association housewives will set on their spread cloths will set a record. The members of Park Grange, except during the dinner period will operate concessions for the sale of soft drinks, ice cream, candies, cigars and such things.

Immediately after dinner a program will be held in the big grange hall. Numbers of this program, it is declared, will be characterized by high class vaudeville and music. After the lunch feast athletic events will be staged. Features of the athletics will be various contests between growers, members and employees of the association. Prizes will be made available. The athletic committee consists of Arvo Huskari, W. J. Cady and William Bryan.

Mrs. Edna Ellen Wright has announced that those participating in the picnic may use the grounds around her home for parking their cars. She has also very graciously offered her home as a rest room for the women attending the picnic.

RIVER ROAD OPEN TO KOBERG BEACH

With the Columbia river subsided to the point of freezing roadway along the water front, Koberg's Beach, a long stretch of sand beach along the river just east of here, was opened last week for the season. Mr. Koberg sold the property with both houses and safety appliances last summer. A guard is in constant attendance at the place, which has grown into one of the most popular summer institutions here. Just east of the sandy beach shore Stanley Rock, a mid-Columbia landmark for mariners, rises, diverting the heavy current of the stream and forming an appealing cover for swimmers.

The big beach was crowded all Sunday afternoon with scores of picnic and swimming parties.

HEALTHY DOSES WILL PREVENT GOITRE

Dr. V. R. Abraham, member of the city school board, in an address to the Tuesday Lunch Club members, stated that plans were under way for training girls of the Junior high school and high school girls in the prevention of goitre. Dr. Abraham pointed out how the Northwest is in a so-called goitre belt. An examination the past year showed that 30 per cent of the girls from 12 to 18 years of age are afflicted with the disease, characterized by a swelling of the glands of the neck.

"It has been definitely demonstrated," said Dr. Abraham, "that the use of iodine in moderate doses will prevent this disease. This was first learned a number of years ago when an eastern state discovered that brook trout at a hatchery were being destroyed by goitre. The application of minute quantities of iodine to their tanks and feeding pool ended the disease."

While the school board has no funds for carrying on the goitre prevention work, Dr. Abraham stated that the

money would be forthcoming from the Red Cross chapter of the County Public Health Association. The work will be conducted in the schools as a part of the public health work. He stated that the cost would be nominal, as the cost per individual would not exceed 20 cents per year. The iodine is administered in the form of small tablets.

The announcement was favorably received by the club, and Vice President Bartness urged that the local press give the plans of Dr. Abraham full publicity. Dr. Abraham stated that the administration of iodine, if it had been discovered, was also a relief for goitre in patients still in their youth. Boys are not as susceptible to the disease as girls.

Leroy Childs, who accompanied the caravan party to Hood River Saturday, stated that they were well taken care of by Homer Rogers, and that he anticipated great things would come of the journey of the Portland Chamber of Commerce members here.

Mr. Bartness declared that Hood River had been fortunate because of the interest Portland has taken in local problems.

"We certainly ought to appreciate what the Portland folk have done for us," declared Mr. Bartness.

MAN STARTS GRASS FIRE; IS JAILED

S. Amundson, in charge of the Oak Grove ranch place of J. Nichols, of Philadelphia, sought quiet. He said the digger squirrels were accustomed to entering his house and worrying him, and Monday he set fire to a grass patch around the cottage. In order, he told Justice of the Peace Outhank, to keep the animals at a distance. Amundson will enjoy quiet for at least 30 days. Justice Outhank sentenced him to that period in jail.

The fire spread to a dry alfalfa patch in an orchard. Fifteen acres of trees were burned over. It is thought they were killed. Before the fire had stopped it reached the ranch of Carroll Hurlbut. Fifteen men were called in before it was placed under control. Thomas H. Sherrard, supervisor of the Oregon National Forest, and Ranger Harris, of Hernald Creek, visited the scene. Amundson was arrested and brought to the city by State Fire Warden C. E. Barnes. In addition to the jail sentence he was fined \$50.

MEETING OF POMONA GRANGE HARMONIOUS

One of the most delightful and most harmonious meetings ever held by the Hood River County Pomona Grange was the all day session at Parkdale Wednesday of last week. About 100 grangers assembled for the occasion. The weather was as ideal as could be and that may have had something to do with the fine spirit that pervaded the proceedings of the day. The forenoon session was devoted to routine business matters and to obligating a group of new members. At noon a bounteous, full course dinner was served by Parkdale Grange under the direction of its Master, H. F. Goodlander, at the Parkdale schoolhouse.

Pomona Master M. D. Odell gave the afternoon meeting over to the lecturer, Mrs. William Monroe. The most interesting feature of the afternoon session was an address by State Market Master C. E. Spence. He explained in detail the duties of this new office and of its bearing and relation to the people of the state, particularly the agricultural element. He outlined a plan that is expected to greatly benefit the farmers in marketing their products, and that will also be of benefit to consumers. He dwelt on the need of more cooperation and more standardization. Also, he urged farmers to produce only goods of highest quality as these in demand are the most profitable and most desirable.

CHAMBER IS NOW GREETING TOURISTS

The Chamber of Commerce is extending the glad hand to motorists. A committee of two will be appointed daily to visit the park and greet visitors, furnishing them with information on the community. This week's committee were: Monday, Dr. V. R. Abraham and Dr. L. R. Alexander; Tuesday, W. E. Cady and Floyd Arnold; Wednesday, W. B. Babey and John Baker; Thursday, Hugh G. Ball and Leroy Childs; Friday, Gordon G. Brown and F. E. Buckley; Saturday, Albert Gardner and Otto Byers.

LEGION POST DELEGATES ARE NAMED

The Hood River Post of the American Legion Monday night elected the following members delegates to the Sossie state convention to be held September 6, 7 and 8: Banks Mortimer, Carroll M. Hurlbut and Berkeley H. Shaw. Alternates named were: Kent Sjoenmaker, Donald McCoud and Walter W. Shay.

The Legion Post here is planning a picnic at an early date at Koberg's beach. This occasion a review of bathing beauties of the valley will be held, and a Hood River representative will be chosen for the state review to be held in September at Sossie.

NOTED ROAD ENGINEERS VISIT

The valley trunk of the Mount Hood Loop Highway, now being surfaced with macadam, is attracting the attention of highway engineers from many points of the coast. The macadam surfacing, according to experts, is of an unusually high type. Last week State Highway Engineer Stanton, of California, accompanied by A. W. Wanzler, divisional engineer of the Oregon State Highway Department, and C. H. Purcell, district chief of the Bureau of Public Roads, was here to inspect the new macadam stretch.

MEETING TO BE SOLEMN

MEMORIAL SERVICE TOMORROW

Mayor Proclaims Half Holiday—President Harding's Friend to Deliver Address at the Rialto Theatre

Mayor Perigo proclaims that all places of business shall be closed tomorrow (Friday, August 10) out of respect for President Harding.

Memorial Service will begin promptly at 3 o'clock at Rialto Theatre.

Melvin G. Winstock will deliver the memorial address.

Massed choirs of all churches of the Valley will render the President's favorite hymns under the direction of Mrs. C. H. Eleton.

Grand Army, American Legion and Spanish-American War Veterans will participate.

The Woman's Club will decorate the auditorium.

Rev. Gabriel Sykes will preside.

Capt. Geo. R. Wilbur will present Mr. Winstock.

Melvin G. Winstock, a personal friend of President Harding, will deliver the memorial address tomorrow at the Rialto theatre. Rev. Gabriel Sykes will preside at the meeting. He will present Capt. Geo. R. Wilbur as commander of the department of Oregon, American Legion, and the latter will introduce Mr. Winstock to the audience.

A. S. Kolstad, who Tuesday morning offered the people of the city the use of his theatre for the day, hastened to Portland to secure Mr. Winstock, who is associated with Will Hays, superintending head of the motion picture industry in America, as speaker. He found that Mr. Winstock had already made plans to deliver a memorial address in Medford, but later secured his consent to come here for the services of respect to the beloved President by folk of Hood River.

The executive committee of the American Legion Post held a meeting Tuesday evening and decided on details of their participation in the services. A uniformed guard of the Legion Post will be present on the stage of the theatre with their Colors draped in mourning. Uniformed ushers will take care of seating the big crowd expected. The Legion memorial committee, composed of Don Metzger, Dr. H. D. Pines, Harold Hershner and James Collier, is associated with the general committee in arranging details of the service.

Members of Canby Post, G. A. R., will attend the meeting in a body and sit on the stage. Spanish-American War veterans, too, will participate in the meeting. A detail of Company C will be present.

Hood River county has never been more unanimous in spirit than in an expression of regrets over the passing of President Harding and in a feeling of sorrow for Mrs. Harding. Tomorrow afternoon, during the funeral hour, industry will cease absolutely throughout the valley. Lumber mills and logging camps will close down. The big mill of the Oregon Lumber Co. at Ilee will be silent, while the workers reverently lay aside their tools to stand uncovered in a few minutes of meditation.

Indications are that the Rialto theatre will be crowded to its very limit and that many, perhaps, will be unable to be accommodated. Commander Mortimer, of the Legion Post, has asked that all members of the patriotic organization attend the meeting.

The song service of the big gathering bids fair to be the most impressive ever held here. "Lead Kindly Light," a favorite of President Harding, "Nearer My God to Thee," and other anthems numbers will be rendered.

President Harding was a member of the Baptist church, and Rev. G. H. Delepine, pastor of the Heights Baptist church, will offer the prayer at tomorrow afternoon's meeting.

The meeting will close when taps are sounded by the bugler of Company C.

By official proclamation of Mayor R. B. Perigo, the city of Hood River will join in paying respects to President Harding Friday afternoon. Mayor Perigo has appointed the following committee to arrange with himself in preparing for the solemn event: Judge H. L. Hasbrouck, W. H. McClellan, Rev. Gabriel Sykes and A. S. Kolstad.

Mrs. C. H. Eleton, director of the choir of the Riverside church, will have charge of the music. Massed choirs from all city and valley churches, with Mrs. Kolstad playing the big Rialto organ, will render the favorite hymns of the beloved president. The occasion bids fair to be the most solemn ever held in Hood River. The big theatre stage will be decorated with flowers by the members of the Hood River Woman's Club. Every place of business will close at noon Friday and remain closed the remainder of the day.

Mayor Perigo's proclamation follows:

In accordance with the Proclamations issued by President Coolidge and Governor Pierce, calling for the observance of Friday, August 10, in honor of our late President Harding, I hereby request that all business houses in the city be closed and business suspended at 12 o'clock noon, for the day and that the citizens of the city and valley assemble at the Rialto theatre at 3 o'clock to partake in fitting services for the occasion.

R. B. Perigo, Mayor.

Dr. Elliot is Better
Dr. T. L. Elliot, pastor emeritus of the Church of Our Father in Portland, will regret to learn that he is ill at his Portland home on West Park avenue. Dr. Elliot was stricken with neuritis while at Nehalem. He was brought home from the beach Sunday.

Dr. Elliot yesterday was reported much better, and his physicians expected him to make a steady recovery.

What are you worth to yourself?

The above heading was recently used by an Eastern Trust Company and they developed an Ad along these lines:

Your salary is \$1800 per year and your employer is therefore paying you the equivalent of 6% interest on \$30,000.

Your employer thinks you are worth that much to his business and he has "capitalized" you at that figure.

You can measure the amount you are actually worth to yourself by computing at the end of the year just how much that investment has been worth to you.

Make up some figures and see just how high or low a valuation you have placed on yourself.

BUTLER BANKING COMPANY

Member Federal Reserve System

THE month of August is swimming month; not as some people think in a steam-heated swimming tank where you can't catch pneumonia, but out in the open, refreshing, flowing rivers and lakes and ocean, where Nature brings out the best there is in men; where you can and must learn how to take care of yourself.

We had the pleasure last Sunday (and there was a gallery of about 200 more) to watch three generations of one of our Hood River pioneer families swimming for more than half an hour perfectly at ease and confident that they were in no danger in 200 feet of water—and we have heard of people drowning in a bathtub and catching cold after a bath. Hood River men of high ideals have several times attempted to give to this community a safe place where character and confidence could be developed for the youngsters and older ones too; but it has been found that such a place could not be maintained by passing the hat. It will be only possible by holding on through several seasons to find what the community wants to support and is entitled to.

Now it is up to you to take your family and see what this place is like. We maintain that it is a necessity; it's conducted in a wholesome, clean way; economical, right at your front door—and as for scenery—

KOBERG'S BEACH

IS

NONPAREIL

WE were the first shippers in this section to use and recommend the oiled wrap to control storage scald. This year all shippers will use this wrap. We have a supply this year with a guaranteed oil per cent as recommended by the government. Order your supply from us.

Now is the time to go over the orchard and thin off all undesirable sizes and off-grade fruit. We will be in the market for apples and pears where we have furnished supplies this season.

A definite price for a commodity is the logical way to do business in any other line. Why should the fruit business be an exception?
