SCHOOL NEWS

(Weldon Isbell)  
Friday afternoon at 3:15 o'clock the local high school football team will play their first game of the season with Hill Military Academy, of Portland. Coach Keeney's men are all keyed up for this first game, and it is hoped that a large number will attend to encourage our boys to do their level best. The admission is 15 cents for the team and 10 cents for the general admission.  
The school is convoked to be one of the biggest and best high school parties ever given here was staged in the auditorium last Friday night by the student body. The high school faculty assisted with number of stunts as follows: The tomb of King Tut was in charge of Supt. A. M. Cannon, while Prin. E. Tingelstad had the house of 1,000 wonders. Coach H. G. Keeney had 100 or more snails bottled up from the chemistry laboratory, which George Frey was especially eager to pass along to his many friends. Miss Howey had the honor of being the Blood Oath in charge. Curtis Gould held the baby show and Miss Margaret Harding the fish pond, while Mrs. Nona Hettlinger conducted the shooting gallery for optimists and pessimists. Miss Helen Fransen ran a lollypop stand, and Miss Lucile Gegenheimer saw that everyone had a chance to shoot the nigger baby. Miss Esther Hettlinger was in general charge of the program. Some of the special stunts from the stage were a faculty physical education class conducted by Miss Harding; an Italian lingo by H. C. Goodman; a music class of fresh with take-offs on the sophs, in charge of Miss Howey; a song by the "Working Goll," given by Miss Helen Carson; a cornet solo by Mr. Tingelstad, and some original poems by Mr. Gould. There were about 300 students and about 50 patrons at this party. After refreshments of chocolate sundae and wafers, the last 30 minutes were spent in dancing. It is of particular interest that the entire 300 students enjoyed themselves all the time for five-sixths of the evening, but that only about 60 took part in the dancing. This party proved conclusively that a good time can be given a larger number of pupils without so much time devoted to dancing.  
At a student body meeting held Monday for the purpose of electing the editor and manager of the annual Mascot, there were a number of eligible nominees, but the choice fell on Edward Nymmes, a junior, and on John Mohr, a senior, for business manager.  
The Hood River city teachers have increased their professional standing by securing additional memberships to the National Education Association. After the good example set by the teachers of junior high school, and quickly followed by those of Park Street school, the high school teachers are also 100 per cent in the N. E. A.  
Plans are under way for the organization of a club for high school girls. The plan was proposed by Mrs. Nona Hettlinger, dean of girls, and supported by the other teachers and many of the students. When perfected, the organization will be known as the H. R. H. S. Girls League and will have for its purpose the promoting of high standards and ideals in all high school activities.  
The student body membership campaign is still bringing gratifying results with a total membership of 300. This is about a 50 per cent increase over any preceding year, and is doubtless due to the reward of giving each purchaser of a season ticket a student body membership card. The tickets for football, basketball, baseball, track, debate, and literaries which may be held by the Student Body Association are now selling to outside adults at \$2 each and to other students at \$1.50.  
A high school fire department has been organized under the direction of Prin. Tingelstad. It consists of a fire chief, his assistants, and 11 lieutenants. Their main object is to see that all exits are open, and all rooms cleared. The special duty of some is to look after those students who are ill or otherwise physically handicapped. At a practice fire drill held last week the high school was cleared in 50 seconds.  
Next week is Fire Prevention week in all communities throughout the United States. It will be observed in the local schools by special programs, addresses by the teachers or others, and by fire drills at the several schools.  
Last Friday afternoon a practice football game was held on Gilson Field between the first and second teams. There were several touchdowns by the first team but they had to work for them.  
An announcement of more than ordinary interest is the lecture by Charles W. Paddock, the world's champion sprinter, to be given in the high school auditorium Tuesday evening, October 23. Mr. Paddock's subject will be "The Spirit of Sportsmanship." Mr. Paddock is a fluent speaker and represents the highest type of American citizenship. He is a student, a writer, a leader of men, and a fine Christian gentleman. With him, athletic endeavor is secondary consideration. Character comes first. He is an honor student, a champion collegiate debater, and a leading athlete in track work in both American and foreign games. He is presented here under the auspices of the high school student body and it is expected that the high school auditorium will be packed full.

News of the Golfers  
Who said golf was a game for aged gent?  
Who's champion of these United States? Yes, sir, that's correct—Bob Jones, age 21.  
Who was titleholder in the year ago? None other than Gene Sarazen, who was 21 at the time.  
"Click" Evans has been a star of stars for many years and "Click" hasn't reached the 30 mark yet.  
Francis Onimet, one of the most brilliant golfers in American history, won the open title when he was 20, and in all the time since then has been one of the greatest performers in the game.  
One of the most interesting games of last week was played between DeWitt and Snow, the former winning with one up for 18 holes. Mr. DeWitt went with a nuck between the men throughout the match, neither being more than one up at any stage of the game. DeWitt made a 96 and Snow a 97 for the 18 holes.  
(From The Dalles Chronicle)  
Use of the course at the Hood River Country Club has been extended to members of The Dalles club on the payment of a nominal greens fee of 50 cents, the same charge to Hood River golfers here before their new course was ready for play, according to word received here. This special greens fee will apply only on week days, however, the regular fee of \$1 to prevail Sundays and holidays. The Hood River course is now said to be in splendid condition, and the first tournament to be held over it is contemplated in the near future.  
Ideal Indian summer weather Sunday brought a record large crowd to the Oak Grove golf links of the Hood River Country Club. An estimated 300 visited the course, play beginning at 9 o'clock and ending at twilight. A large percentage of the crowd was from Portland.  
Orchardist golfers, however, were absent. Fruitgrowers, who were fortunate enough to have full crews, took advantage of the weather and picked the day among the trees. Because of the absence of orchardist members, it was necessary to postpone final vs. the club's first tournament until next Sunday.  
The second round of the tournament of the Hood River Country Club was concluded last Sunday when the field was reduced to eight players. The hardest fought match was that between DeWitt and Snow. This was even up at the eighteenth hole and DeWitt, in sinking a long putt on the nineteenth won the match. The results of the other matches were as follows: Graves defeated Riley; Annala defeated Moller; Mortimer defeated Ravlin; George Smith defeated Kallies; Epping; House defeated Dr. Jenkins; Peters defeated Derby and Childs defeated Dr. Murphy.  
In the drawing for the third round the following matches will be played this week, which will narrow the contest down to the semi-finals by Sunday: Dr. Murphy vs. House; Mortimer vs. Annala; George Smith vs. Graves; Derby vs. DeWitt.  
The course was thronged with Portland players last Sunday and the visitors were all loud in their praise of the green fairways and the sporty greens.  
Prominent among the visitors were Mr. and Mrs. Richard Wilder, who had as their guest Captain Bullock-Webster, the eleventh ranking golfer of England. Mr. Wilder is chairman of the greens committee of the Waverly club and one of the best known golf authorities of the Northwest. Captain Bullock-Webster and Wilder played a hard match Sunday morning at the Waverly Club against Dr. Willing and Russell Smith, losing by one hole, although Dr. Willing turned in a score four under par. Immediately after the match the Wilder party left for Hood River as Captain Bullock-Webster had expressed a desire to see the Hood River course.  
"You have a wonderful lay for a golf links," he remarked to some of the club officials after coming in off the course. "It is as attractive as anything I have seen out here."  
Mr. and Mrs. A. M. Cannon, of Portland, were on the links again for the second time within a week, having as their guests Dr. Chance and C. M. Patterson. Mr. Cannon's first round of eighteen holes in the morning was made in 77, which is the best score that has been turned in since the big match on the opening day.  
Seventy-six automobiles were counted at one time Sunday afternoon in the club's parking space.

Card of Thanks  
We wish to thank the many friends and societies that assisted us in our trouble and bereavement.

WOMEN'S CLUB NEWS

The first regular meeting of the Hood River Women's Club for the calendar year was held last Wednesday when the club voted \$25 to the local Red Cross Japanese Relief Fund. Ten dollars was donated to the W. C. T. U. Fern Home at Corvallis.  
Mrs. W. H. McClain, president of the club, gave an address. Mrs. Sadie Orr Dunbar, president of the Oregon Federation, was chief speaker of the day. Her address, on the relations of the State Federation and local clubs, was declared interesting and instructive.  
Following the regular business meeting an informal reception was held in honor of Mrs. Dunbar.  
The Hood River branch of the American Association of University Women will hold its first meeting of the season Saturday at one o'clock. The group will meet for luncheon at the Hotel Oregon. The principal speaker will be Miss Helen Carson, delegate from the local branch to the national convention held in Portland last July. Miss Carson will tell of her experiences at the convention and report on the legislative and business transacted by the national body. The musical program will be presented by the music committee.  
All women who are eligible for membership and whose names have not been obtained will be welcome at the luncheon Saturday.  
At the last meeting of the branch in June enthusiasm was expressed for amateur dramatic work. It was decided that a scholarship loan fund could best be raised by a series of amateur theatricals and Mrs. L. L. Murphy was appointed chairman of the dramatic committee.  
Miss Esther Hettlinger is chairman of the study group committee. Members are asked to mail questionnaire cards back to the secretary, Mrs. J. F. Hackett, promptly, so a report can be made Saturday.  
Meetings will be held the first Saturday of every month from October to June, at 1 o'clock at Hotel Oregon. Phone reservations to 3541 by Friday noon.  
The Business Women's Club will give a dinner for members and their invited guests this evening at the Hotel Oregon. A pleasing program has been arranged by the hostesses, Mrs. May Miller and Mrs. Louise Richards. It is anticipated that the club will soon be in the midst of the year's activities.
