

## ARMISTICE DAY

The signing of the Armistice five brief years ago ushered in a new era in the history of America and the world.

How well this and future generations avail themselves of the opportunity made possible for them by the sacrifices of countless millions depends upon our courage, determination and will to work and save.

The opportunity is ours. Let each of us prove ourselves worthy of those who struggled and gave their all that security and happiness might be ours through the years.

## First Things First

Occasionally a young man who is not advancing as fast as he should will, in seeking an alibi, explain that you have to have a pull to get a good position. J. H. Puelicher, President of the American Bankers Association, says:

"These places are open to labor and merit only—nothing less. In the successful command over the complexities of life, there is no substitute for character; there is no substitute for integrity; there is no substitute for work; there is no substitute for knowledge; nor can nation or profession legislate these into its citizenship or membership. Each individual must gain them for himself."

## Drain Your Land for Larger Crops

YOU wouldn't think of making your farm land do without fertilizer when it is needed. Then, why should you delay in draining your land,—it will do it more permanent good than any amount of fertilizer.

Drained land is fertile land. It will increase your crop yield enormously, enough more to pay for the drainage in one season. You will harvest better crops. You can work your land earlier and easier. Drained land has a higher value, making drainage your best investment.

## Our Tile Improve with Age

Be careful in selecting your tile; you don't want to do the job over again. Our tile are made of concrete by the Dunn method, insuring the best that can be made. They do not disintegrate, but actually improve with age. Every one is guaranteed.

## DUFUR SENDS OFFICIAL BID

TOWN INVITED TO ARMISTICE FETE  
Local Officials Will Join in Motor Caravan to Mid-Columbia Celebration at South Wasco City

City officials Monday night received a formal invitation from the municipal government of Dufur to attend the mid-Columbia Armistice Day celebration at the south Wasco county city next Monday. Mayor Perigo and members of the city council will participate in the motor caravan of several hundred American Legion members, who will be joined by a large delegation of officials, legionnaires and citizens of The Dalles.

It was at first decided that local schools would not be closed Monday. On telephoning to State Superintendent Churchill, however, City School Superintendent Cannon announced that the schools would close.

At the Legion meeting Monday evening it was decided that the social caravan would leave here at 8 o'clock. All machines will carry Hood River banners.

J. F. Batcherider, owner of a 37-acre tract north of the Columbia River Highway at the edge of the city, was present at the council meeting and offered the plot to the municipality for the sum of \$15,000 for an automobile and city park.

A committee of the council, which has been investigating the park proposition, expressed enthusiasm at the offer of Mr. Batcherider, who stated that the property can be purchased for a small payment down. It was declared, however, that the proposition of financing the purchase of the land would form a problem difficult of solution. The finance committee will investigate further.

Streetside peddling will be taboo in Hood River after the final adoption of an ordinance that was passed on first reading of the council. The presence of hawkers and peddlers on business street corners, it is said, is likely to cause dangerous congestion of motor traffic.

## FATHER AND SON WEEK AT HAND

The National Father and Son Movement will be observed in Oregon during the week of November 11 to 18. The Young Men's Christian Association of Oregon and Idaho with headquarters in Portland is promoting observance of "this special week" with Governor Pierce as honorary chairman of the committee, which is composed of J. K. Gill, executive chairman; Estes Snedcor, Bishop W. O. Shepard, and J. A. Churchill. Associated with Bishop Shepard are state men for other leading churches, Rev. C. F. Swander, representing the Christian church; Rev. E. E. Bollinger, Oregon Congregation Conference; Rev. O. C. Wright, Oregon Baptist State Convention, and Rev. D. A. Thompson, Presbyterian Synod of Oregon. These committee members have written to representatives in approximately 100 cities and towns of the state outside of Portland asking them to cooperate in making this an outstanding feature during the week of November 11 to 18.

Rev. W. H. Boddy is Hood River's chairman.

## HALLOWE'EN DEVIL- TRY WAS SERIOUS

Halloween pranks caused considerable damage to property and to the tempers of citizens Wednesday night last week. One of the worst visitations occurred at the home of J. M. Culbertson, which had just been freshly painted. Firing handfuls of sand and gravel at the wet surface, boys would have left a good job of staining but for the oversight of apparently, some of their number in applying rotten tomatoes. Shrubbery of numerous homes was destroyed.

Motorists suffered likewise from the deviltry of a gang who placed a nail-studded plank across Twelfth street. H. G. Ball reported that his car passed through a barrage of stones as he was returning through the Belmont district from his Oak Grove ranch. A rock knocked off his hat. He stopped his car to be greeted by laughter from the roadside ditch. Mr. Ball rushed the spot, dispersing a party of youths who took to their heels across an orchard.

Arrests and prosecutions may be a sequel to the far fetched jokes.

## GOLDENDALE WON FOOTBALL GAME

The Goldendale, Wash., high school Friday defeated the Hood River high school football team 7 to 6. Goldendale, winner of the mid-Columbia championship last year, is among the strongest contenders for the honor again this season.

Hood River scored in five minutes after play started. The Goldendale score, too was made in the first quarter. All business places were closed and the game drew the largest attendance of the season.

## APPLE SHIPPERS SEEK LOWER RATES

The Hood River Traffic Association, composed of all local fruit shippers, in a resolution Saturday petitioned rail lines to adopt a practical emergency rate on apples. The resolution follows in full:

Whereas, the states of the Northwest have this year produced record crops of fruit, especially apples, to wit: Estimated crop in the Wenatchee district, 18,000 carloads; Yakima Valley, 13,500; Hood River Valley, 3,250;

Walla Walla and Milton-Freswater districts, 2,500; Spokane district, 1,000, and other Oregon districts, 2,038; totaling 40,288 carloads in all; and

Whereas, the apple crop of the United States as a whole shows an increase over the crop of 1922 and even over the crop of 1920, the largest previous crop; and

Whereas, the crops of the states of Washington and Oregon are far removed from the centers of population necessitating long transportation hauls to markets at existing freight rates which constitutes one of the major factors in the marketing expense; and

Whereas, many shipments of apples forwarded so far this season have been at a loss to growers and shippers alike owing to detrimental conditions in middle western and eastern markets, which condition has produced much discouragement among the growers and shippers alike and is already developing a pronounced disposition toward the curtailment of shipping, even to lessen interest in seasons to come, in consequence of which the carriers should feel alarm over the grave probability of reduced tonnage; therefore,

Be It Resolved, That the Hood River Traffic Association of Hood River Oregon, having the following membership: Apple Growers Association, Duckwall Bros., Hood River Fruit Company, Kelly Bros. Co., E. E. Pooley and A. W. Peters, Dan Wolfe Co., Ltd., Paxton Rivers, Sgobel & Day, Hood River Produce Exchange, J. E. Ferguson and Steinhauer Bros., petition the carriers to immediately give consideration to and establish at the earliest possible date, practical emergency reduced rates upon apples, and

Be It Further Resolved, That the Hood River Traffic Association extend to the carriers its appreciation for their successful efforts in providing an adequate supply of refrigerator cars during this season, which has been very gratifying to the shippers.

## APPLE EXHIBITS VERY APPEALING

The exhibits of apples made last week by various mercantile establishments were very appealing and drew crowds of commendation from window shoppers. One of the most unique displays was that at Vincent & Shank's, where apples of various colors were arranged as a setting for a little cottage. The road leading to the cot was designated the "Road to Health," because it was through apple land.

Kelly Bros., the entire staff collaborating on the window exhibit, had a fine display of fruit uniquely arranged during the week. Miniature boxes were filled with cranberries, representative of boxes of Splis and Delicious. Branches of real apple trees, burdened with cranberries, represented in record.

"Rich" Laferriere arranged a tasty window at the E. A. Franx Co. store. Three boxes of apples, with baskets of fruit in the foreground, occupied the big window. They were extremely handsome, especially at night. Perigo & Son massed boxes of fruit in their big window. A sight of them made anyone feel that irresistible impulse to eat apples. At the Consolidated Mercantile Co. was another handsome mass display.

The department stores and drug stores all had unique apple displays. Duckwall Bros. made fetching exhibits of their fruit at the First National Bank and at the Grange Co-operative Store.

## APPLES SENT TO WASHINGTON, D. C.

Hood River apples have recently played interesting roles at national meetings at Washington, D. C. Four boxes of the valley's best apples were selected by Chas. H. Castner and forwarded to Geo. T. Cochran, grand master of the Masonic lodge in Oregon, who distributed them at the gathering of Masons from all the nation present in the capital for dedication of the Washington memorial.

Wm. P. Allyn forwarded a similar quantity of apples to A. S. Dudley, executive manager of the Oregon Chamber of Commerce, in Washington for the meeting of the national association of secretaries of chambers of commerce. Letters from both men stated that the apples were received with appreciation.

## IRRIGATION FOLK ARE VERY ACTIVE

Irrigationists have been active the past week in making improvements. County Engineer Hurlburt reports that the Lee Irrigation District has just completed construction of 100 feet of concrete intake flume on the West Fork of Hood river. Four hundred feet of 36-inch iron pipe were also laid. The total cost of the work, done by force account, reached nearly \$5,000.

The Farmers' Irrigating Co. has awarded a contract to Porter & Conley, of Portland, for cutting a 210-foot tunnel through solid rock on Hood river. The bore will be seven feet high and nine feet wide. It will eliminate 400 feet of flume at a point where it is frequently washed away by flood waters. The cost will reach \$4,500.

## THE DALLES KI- WANIAN COMING

The Tuesday Lunch Club members and their wives next Tuesday night will be hosts to the Kiwanis Club of The Dalles at a dinner given at the Columbia Gorge Hotel. A letter was received Tuesday from C. L. Pepper, secretary of The Dalles Kiwanians, stating that the organization's 57 members, with one wife each, planned on attending the function.

No luncheon will be held next Tuesday. Mr. and Mrs. W. J. Peddicord have left for Portland to spend the winter.

## FIREMEN ARE GETTING READY

PREPARATIONS MADE FOR THE  
Thanksgiving Ball at Pythian Temple Will Be Interesting Event—Proceeds For the Relief Fund

For the 18th year the members of the Hood River Volunteer Fire Department, the valley's most popular organization, and second to no fire fighting body of the state in efficiency and energy, are making preparations for their annual Thanksgiving ball. The proceeds for these annual events, the climax of social affairs of Turkey Day, are placed in the fund amassed for the benefit of members that may be injured or fall ill.

Preparations under way indicate that the annual ball, which will be held at the Pythian Temple with Koltstad's orchestra making the music, will be one of the best ever held. The big ball room will be beautifully decorated. Citizens have already begun the purchase of tickets and a crowd will be as large as or larger than any attendance of former years.

The entertainment and dance committees of the department in active charge of arranging for the hop include: C. Lafferrie, O. Lee, W. Shay, L. J. Daniels, G. Metzgers. Officers of the department are: Earl Weber, president; J. C. Meyer, vice president; L. R. Froysang, secretary; Geo. Melton, treasurer; John Volstruff, chief; R. E. Johnson, assistant chief; L. G. Morgan, fire marshal; Eldon Bradley and E. E. Goodrich, captains. Other members of the department are: Earl Franx, Geo. Haslinger, John Schiller, E. U. Rodgers, W. E. Culby, J. W. Crites, W. B. Conlter, Edgar Franx, D. B. Craner, Glen Hunt, H. O. Kross, Corbett Alexander and Vernon Horne.

## MAYOR PROCLAIMS MONDAY A HOLIDAY

Hood River will be a closed town Monday in celebration of Armistice Day. All schools will observe the holiday.

The local Legion Post, whose members were hosts at the Armistice Day celebration last year, will visit the southern Wasco county city in a motor cortege. They will participate in a uniformed body in the big parade. A large delegation of citizens will accompany the legionnaires and a contingent of members of the Women's Auxiliary. The Hood River party will be joined at The Dalles by a large delegation from that city, the cortege proceeding to Dufur over the new The Dalles-California Highway.

Capt. Geo. R. Wilbur, post commander of the department of Oregon, American Legion, will be chief speaker of the day.

Mayor Perigo's Proclamation follows: "On Monday, November 12, the American Legion Posts of Hood River, The Dalles and Dufur will hold a joint Armistice Day celebration at which all the people of this section are invited. A big program and a good time are assured.

"Last year these people supported our celebration and we should send a big crowd up there this year."

In accordance with a proclamation issued by Gov. Pierce the business houses of Hood River are urged to close for this day and all who can attend the celebration at Dufur.  
R. B. Perigo, Mayor."

## MR. JOHNSON'S FUNERAL HELD YESTERDAY

Funeral services for J. L. Johnson, aged 80 and Civil war veteran, who died at his home Monday afternoon from effects of a fall sustained two weeks ago, were held yesterday, interment following at Idleville cemetery.

Rev. C. R. Delehing, pastor of the First Baptist church, officiated. Mr. Johnson, whose wife passed away over a year ago, was the father of 14 children, the following eight of whom survive: Sheriff Thomas P. Johnson, Mrs. J. R. Carson and Mrs. N. B. Whalen, of Hood River; Mrs. C. J. Sieberts, Mrs. Ed Creighton and Miss Lucille Johnson, of Portland; Mrs. G. B. Johnson, of Phoenix, Ariz., and Mrs. J. D. Moore, of Big Bone Springs, Kentucky.

Mr. Johnson was a native of Kentucky. He served through the last two years of the Civil war as quartermaster of the 30th Kentucky Regiment. He was a member of Canby Post, G. A. R., whose members observed ritualistic services. A firing squad from Company C, 18th Regiment, U. S. G. fired a volley over the grave.

Mr. Johnson was a man of retiring nature but marked by his courtesy and thoughtfulness for others. He was a man staunch in his friendships. The services were held at the First Baptist church. Members of the American Legion formed the pall bearers. Mr. Johnson is survived by 30 living grandchildren and 13 great grandchildren.

## WARM RACE FOR POST OFFICE IS INDICATED

With the announcement of Roy D. Smith, who for the past several years has been Hood River county's representative on the Oregon State Republican Central Committee, and Thomas F. Johnson, sheriff since 1911, that they will seek the job, indications point to a warm race for the postmastership here. Others, it is stated, will apply for the office.

The term of T. A. Reavis will expire early next year.

R. M. Hanna, who with his family has been in Portland, has returned to Mount Hood to make his home.
