MITTEEIRECOMMENDS

The Chamber of Commerce Safety First committee Monday night pre sented to the city school board the following recommendations:

Following the two recent deaths by drowning in the slough of the Colum-bia river, the Chamber of Commerce called a meeting of representatives of various organizations in Hood River to consider what might be done to avoid such accidents in the future. At that meeting a smaller committee appointed to consider the matter further and make such recommendations as it might find necessary in the solu-

tion of the problem.

This committee, after careful consideration of the matter, desires to put before the school board the following

observations: In the opinion of the committee, the problem of the recreation of our boys and girls is one that involves the whole community, and which the munity as a whole should undertake t

solve. The problem cannot be permanently solved by the imposition of restric tions, but rather by a constructive pol-

To insure the continuous and pro-gressive development of such a policy, it should be undertaken not by a few individuals but by the community as a whole acting through its duly author ized and elected officials to whom is committed the training and education of its youth.

In view of the above considerations,

the undersigned committee respectfully submits the following suggestions:

That the school board of Hood River initiate and sponsor a movement for the provision and supervision of organized recreation of the young people of the district of this district. That a full-time recreational direc
