

Convinced that highway advertising signs detract from the natural beauty of the great routes of travel of the Pacific Coast, this Company has decided that it will erect no more such signs and that it will immediately remove all of its signs of this nature now standing. Hereafter the Company will confine its use of signs to commercial locations.

The Company feels that the splendid scenery so characteristic of nearly all of the highways of California, Oregon, Washington, Nevada & Arizona should be unmarred, and on that account is willing to sacrifice the advertising value of the signs.

MAYER PARK IS DONATED TO STATE

Negotiations for the transfer of approximately 200 acres of land near Rowena loops on the Columbia River highway to the state for park purposes, were nearing completion, it was announced at The Dalles last week.

Mark A. Mayer, of Mosier, has reimbursed Wasco county in the sum of \$2,800, which the county spent in condemnation proceedings to obtain privately owned lands at the loops, in order that it might be developed into a natural park. The park will be improved by the state highway commission.

Announcement

To the Republicans of Hood River and Wasco counties:
I hereby announce myself as a candidate for the Republican nomination for State Senator for the 16th Senatorial District, composed of the counties of Wasco and Hood River, and, if nominated and elected, I will perform the duties thereof to the best of my ability, and will strive to promote the interests and welfare of the citizens and taxpayers of my District, and of the State of Oregon. I favor fewer laws and better enforcement, lower taxes and less extravagance.
m01f (Paid Adv.) R. B. Butler.

Auto Parks to be Taxed

An emergency ordinance to regulate tourist camp grounds within the city limits, providing for a license fee of \$1,000 annually and requiring the installation of adequate accommodations in the interests of health and public safety and aimed at promiscuous use of vacant city land for such purposes, was introduced before the city council of The Dalles Monday night.

The measure includes police protection at the cost of the owner of any such auto camp, to be regulated under the city police department, also the regulation of the prices to be charged tourists stopping in the camp and making provision for the accommodations that shall be required for such charges.

Mr. Smith Finds Many Agates
D. P. Smith has returned with his wife and son from Newport, where they spent the winter, with a record for finding water agates. In the few weeks of strolling over the beaches Mr. Smith had picked up 80 water agates. He brought back over 100 pounds of other varieties of the unique

stones. One of these has on one side the exact representation of an old fisherman holding up a huge fish. In another appears what looks to be a honey bee.

Oiled-Wrapped Pears Sell High
Oiled wrapped pears, according to fruit shippers, are proving their worth in

the packing of pears as well as apples. A telegram was received last week by Paul McKecher that a carload of extra fancy d'Anjou, sold by Monroe growers to a Chicago concern last fall, had been resold at the Illinois metropolis for \$5 per box. The fruit, it was declared, had kept in storage in excellent condition.
