FOREST PROTECTION WEEK APPROACHING

President Coolidge has set aside April 21 to 27 as Forest Protection Week throughout the United States. His official proclamation has just been released to the press in which he strongly urges the governors of all states, organizations, schools, and all citizens to join in giving thought to the very heavy but preventable annual loss from 30,000 forest fires in the United States.

"Plans are laid for an extensive participation in Forest Protection Week in the states of Oregon and Washington," said Geo. H. Cecil, district forester, in calling attention to the president's proclamation.

"The interest of the public generally was never so keen in forestry and forest protection as it is today. This is timely, for as a nation we are cutting and letting burn our timber supply five times faster than we are growing it," said Mr. Cecil.

"Here in Oregon and Washington that is not strictly the case, but when we realize that these two states may be said to be 'the last great stand of timber,' it certainly is good business to keep what we have from needless burning," the district forester stated.

Mr. Cecil called attention to the fact that President Coolidge has shown where he stands on forest protection and conservation in no uncertain terms.

We have just received a shipment of the old reliable Eastern White Oak sole leather. For those who prefer leather on the bottoms of their shoes, there is nothing better. We'll put soles on your shoes while you wait. T. C. Smith's Champion Shoe Shop. 1141f

Ready to Paint?

YES? Then come the questions—what colors or shades?—which will harmonize?—what shall I select?

Solve these questions by consulting a Fuller dealer. He is supplied with the color cards and charts you need to make a satisfactory selection of paints.

And, perchance, he lacks a certain one, he can get it within 24 hours from the nearby Fuller Wholesale Branch. You can depend on Fuller dealers as you can on Fuller Products.

Write for FREE book "Home Painting." It's full of helpful painting information.

FOR ANY FULLER PRODUCT CONSULT THE NEAREST FULLER DEALER:

HOOD RIVER PLAYS IN TOUGH LUCK

Both rugged fielding and the breaks of the game defeated Hood River in a contest with White Salmon last Sunday, 6 to 3. Hood River's pitching was wabbling in places but tight in places. Smith's famous seven walked six and allowed two hits. Am-burn, for White Salmon, struck out five while Hood River gathered 10 hits off his delivery. Errors at the plate, short, second and third base presented White Salmon with five of their runs. The opposition stole second five times while Hood River pilfered nary a sack. White Salmon's fielding was first class, while in the fourth and eighth Hood River hit into double plays. White Salmon scored two in the fourth through a hit to left field and errors at home and short. They scored again in the fifth through a base on balls and a steal home. They made two more tallies in the sixth through scratch hits and a wild throw. A hot grounder past third counted one more, making six all told. Hood River counted one in the sixth by Carroll's single, Senter's sacrifice and Smith's two bagger. Again in the seventh the register jingled twice by the stick work of Puddy, Bruce and Carroll.

Next Sunday, April 29, Hood River will be considerably strengthened by that time with Bill Hall of the old Height's team back behind the bat. Bruce pitching and Smith on first.

Club Percentages

Club	Won	Lost	Percent
Wasco	4	0	1000
Hood River	2	2	500
White Salmon	2	2	500
Dufur	2	2	500
The Dalles	2	2	500
Goldendale	0	4	000

Sunday Hood River will play Dufur at Hood River. The team will be considerably strengthened by that time and a snappy game is promised. The playing field will be roped off and seats provided for the fans. The game will be called at 2:30 p. m.

FATHER OF MRS. W. H. SHEIRBON DEAD

Funeral services for Milton Delaney Latham, who died last Thursday at the home of his daughter, Mrs. W. H. Sheirbon, of the Odell district, were held Tuesday afternoon at the Odell Methodist church, the pastor, Rev. W. S. Gleason, officiating. Interment followed at Idlewild cemetery. S. E. Bartmess directed the funeral.

Mr. Latham, a native of Illinois, and his wife came here recently for a visit with the family of their daughter. They celebrated their golden wedding shortly after their arrival. So well pleased were they with Oregon that they had decided to make their home here. Mr. Latham, who was 74 years old, had lived at Alexander, Ia., for 51 years before coming here. Other surviving children, all of whom were here for the funeral, are: Mrs. Lewis Peters and Jesse Latham, of Alexander, Ia., and Mrs. C. A. Missman, of Woden, Ia. Two sisters reside in Chicago. Mr. Latham leaves 12 grandchildren.

Dr. Murphy in New Office

Dr. L. L. Murphy has just removed from his old quarters in the Brosius building to a suite in the northwest corner of the building. He has had the rooms gone over entirely and the waiting and operating room are very restful. Hardwood floors have been placed in the waiting room. The walls have been done in a pleasing gray and the draperies over the windows are in a French gray.

The floors of the operating room are covered with a heavy tiled tile-tileum. The lighting fixtures are attractive and efficient.

Dr. Murphy has a miniature pharmacy in his new office. He is installing the latest word in an X-ray machine, especially equipped for dental work.

Miss Mary Meyers, of Tacoma, Wash., trained for a dental nurse, has arrived here for work in Dr. Murphy's office.

Local Men At Masonic Meetings

A. D. Moe left Sunday for Salem for a visit with his daughter, Mrs. Oral E. Palmateer and husband, and to attend the annual meetings of high Masonic bodies at Albany. The grand chapter of the Royal Arch Masons met there Monday. Tuesday, the grand council of Royal and Select Masters met, and yesterday, the grand commandery, Knights Templar, was held at Albany.

Dr. E. L. Scobee and E. O. Blanchard attended the grand commandery meeting. They were accompanied by their wives on the motor trip to Albany.

Mrs. Roger W. Moe accompanied Mr. Moe as far as Portland.

Speeder Taken At Tunnel

County Traffic Officer Sloan Monday arrested a man by the name of Monning, of Portland, on a charge of traveling at the rate of 35 miles an hour through Mitchell's Point tunnel. The speed at this point is limited to 10 miles. J. A. Carr, local man, was arrested for speeding 40 miles an hour. City Traffic Officer Morrison arrested L. E. Yantis, who was speeding on State street. Yantis stated he was hurrying to get to work. He was fined \$5. Monning, who will face Justice of the Peace Outhank, declined to furnish the officer with his given name.

RENEWED TESTIMONY

No one in Hood River who suffers headaches or distressing urinary ills can afford to ignore this Hood River woman's twice-told story. It is confirmed testimony that no Hood River resident can doubt.

Mrs. M. A. Douglas, 14th and C streets, says: "At the time I took Doan's Pills, I was more or less subject to backache. During this trouble with my back, my kidneys were irregular and I felt generally depressed and had no ambition. Two boxes of Doan's Pills made me feel like a different person. The misery in my back stopped and my kidneys have never caused me any trouble since." (Statement given May 4, 1916).

May 3, 1920, Mrs. Douglas added: "Doan's Pills always help me when my kidneys get out of order, so I will always recommend them." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Douglas had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

BOOSTERS MEET IN UNDERWOOD SECTION

(From the Skamania County Pioneer) The monthly meeting of the county Chamber of Commerce held at the Underwood school Wednesday of last week was a record in attendance so far, the stormy weather having kept a few at home, and those few would have brought the attendance to the 100 mark. The turkey dinner with salad, ice cream and finishing up with bon-bons and cigars, was probably the best part of the meeting for those with appetites, but the entertaining features and addresses were enjoyed.

Louis Thun extended a welcome greeting to the visitors and he was made chairman for the evening.

A. H. Wright of the forestry department gave statistics concerning the forest showing the amount and value of the timber used and available, also the amount of money spent on roads and trails, and other work contemplated.

Miss Christensen gave a violin selection, accompanied by Mrs. Rominger, that was greatly enjoyed.

Dr. Fleisher, secretary of the Washington Children's Home society, urged the people to "sell the scenery" of Skamania county, saying that in all his travels he had found nothing to compare with the scenic beauties of the Columbia gorge. He announced that a new \$6,000 building will soon be constructed at the home in Home Valley.

Geo. Christensen spoke of early day road building and bonding and complimented the county officials, present and past, on their accomplishments.

M. S. Smith spoke of improvements and progress during his 21 years here, and his listeners have always found that he is usually connected up with all the progressive developments of his community.

J. W. Shipley spoke of the opportunities for encouraging the tourist traffic over the North Bank highway, and asked for encouraging support for the children's home. His motion to hold a Fourth of July and North Bank picnic at Big Cedars carried.

Geo. Christensen was elected delegate to the Western Washington Counties association.

A special meeting will be held in Stevenson in two weeks and the next regular meeting will be held at Cape Horn in May.

The ladies who prepared the banquet were praised and thanked by the organization by a special vote.

Libby To Put Up Heavy Pack

The Libby, McNeil & Libby cannery, of The Dalles, will handle a heavy tonnage of berries from this section this season. J. H. Lake, representative of the cannery, here last week, stated that contracts had already been made for Clark Seedling strawberries aggregating 450 tons. Prices of this fruit run from 6 to 8 cents per pound. The concern expects to

\$10 for your old cleaner!
—and double action for a dollar, too!

CLEAN house this Spring and from now on with a new Premier Duplex Vacuum Cleaner that gets ALL the dirt and that has a motor which runs for years without oiling. Regardless of the make, age or condition of your old vacuum cleaner we will pay you \$10 for it on the purchase price of a new Premier.

For a dollar
In addition to this \$10 for your old machine we will also allow you the same easy payment terms offered to those who have no cleaner to trade in. This is only a dollar down and the balance on easy \$5 payments with your monthly light bill.

Double action
The Duplex has a powerful suction that cleans as any really fine suction sweeper will. But that alone is not enough. Suction alone won't get dirt from the bottom of the nap—without a motor-driven brush. The Premier has both—the brush and strong suction. Double action!

No oiling
A motor that needs no oiling, that runs smoothly for years without attention. As light to handle as a toy. As finely and as firmly built as an engine. Quick, Thorough! That's the new Premier Duplex. Won't you come in for a demonstration, or call us? We'll be glad to show you this wonderful cleaner in your own home.

Our obligation
Your satisfaction in the future as well as the present is, with us, an obligation. And so we are glad to recommend the Premier Duplex. We know it will give you lasting service. But we can pay \$10 for your old machine and offer you this double action cleaner for a dollar down only until May 1. Come in today.

Pacific Power & Light Company
Always At Your Service

take the entire tonnage of raspberries for the latter. this season and already girls and women to form the cannery crews pound for the former and five cents to put up a large pack of all berries are being sought.
