The annual encampment has been nnounced for June 10 to 24 at Del Monte, Calif. Troops will be quar-tered in squad tents, mess halls will be furnished, as well as showers with hot and cold water. The field problems will be worked out 115,000 acres. Each man in the com-pany will turn in by next Monday night, to the first sergeant, a slip showing his name and address and the name and address of his employer, so that the matter of camp may be taken up with him as soon as practicable. If you know whether or not you

can attend camp turn in a written statement to that effect and if you cannot go state your reasons. The American Legion committee or National Guard affairs was present

at drill Monday night. We have been instructed to recruit the company up to 90 men. That means that we need about 40 new men who can go to camp, who live in Hood River all year, who can and will at-tend drills regularly and who will be assets to the company in every way We want 40 men who can meet these requirements, and we want them not drills and camp than we now have. In fact, we must have them if Hood River wishes to retain Company C as one of its permanent organizations. Enlist now and go to Del Monte with us and then get the benefit of the year's drills and drill pay.
