

Probably the only type of automotive equipment that is driven harder than a fire engine is the truck or auto that delivers the papers to the newsies and newsstands.

It's worth noting that Zerolene "stands up" in this sort of service as well as in all others. The Business Manager of the "Spokesman-Review," of Spokane, Wash., writes as follows:

"For more than ten years we have continued to use Zerolene oils and greases in our sixteen cars and trucks and three motorcycles. These carry our papers every day in the year over all sorts of roads in all kinds of weather, and may be classed as very hard service."

Why pay tribute to the superstition that "eastern" oil is "better" just because it costs more? Zerolene, made by our patented high-vacuum ZEROLENE process from selected Western Naphthenic Base Crude, deposits less carbon, increases for FORDS the gasoline mileage of your car, and lengthens its workthe Standard Oil Company's new improved oil for Ford cars "Feeds Those Oil-Starved Fords." ing life.
