**WE HAVE INSTALLED  
A NEW WAY  
HAT BLOCK MACHINE**

Now you can dry clean and block your hat so that there will not be a trace of dust, dirt or grease in it when finished. The live steam will reliven the fabric and sizing of the hat, restore its original shape and color, and give it that fresh, new appearance found in new hats. The lining will also look like new. This "NEW WAY" hat cleaning and blocking outfit is the latest innovation in the hat cleaning industry—making it possible to give the same mill finish as a new hat—after cleaning and blocking.
