

Hood River Glacier

ARTHUR D. MOE, Manager. JOE D. THOMPSON, Editor.

Subscription, \$2.00 Per Year.

Get the following few words sink in deep right now. In the Hood River Indian band this city has an organization that is worth such. As a major publicity venture next year, let's send the band back to the national Pythian convention to be held at Providence, R. I.

A Hood River fruit grower, who has a cherry orchard of less than four acres, recently received \$12,701.83 as returns from his harvest of 6,072 boxes of assorted varieties. "Raise more cherries" would be a good slogan for some other Oregon counties.—Drain Enterprise.

There are many ways in which you can help with the Community hospital. Your \$10 membership fee is needed. If you are a housewife you can make an extra batch of jelly or provide canned fruit for the institution. It is your hospital.

It is not always apples and pears that carry the name of Hood River to far places of the world. The Knights of Pythias band has made the name of the Apple Valley famed in far places.

The bridge is going to be finished on time, despite the wind.

Ready for the apple harvest?

SCHOOL WILL OPEN TUESDAY, SEPT. 2

The Hood River public schools will open for business Tuesday morning, September 2, at 8 o'clock. There will be special assemblies held in both the high school and the junior high at that hour, and regular registrations in the other schools. A general teachers' meeting will be held at the high school building, Monday afternoon at 3 o'clock, and the teachers and principals will meet in their respective buildings immediately thereafter to plan for the first day's work. The entire morning of Tuesday will be taken up in organization, then the pupils will be dismissed at noon for the remainder of the day, giving them time to get their books and supplies. Regular classwork will start Wednesday morning.

There are no books to be changed this year. Those pupils who know to what grade they will be assigned should procure their books next week at the book store and avoid the rush of the opening day. There will be the usual sale of pupils' used books held in each school building the first week of school, but this will supply only a limited number of the total.

Since the lists of teachers were published there has been a change or two in the faculty. Harry Seeling will teach manual training in the place of Mr. Hickok, resigned. Robert A. Barnett, of Multnomah county, will be the principal of the junior high school, and his assistants will be Mrs. Harriet Blashfield, Miss Isabelle Mann and Mrs. Lois Gray. These new teachers are all experienced and come here with the finest type of preparation and recommendation. We are glad to welcome them and the other new teachers to Hood River, both schools and community.

Principal L. B. Gibson will be in his high school office mornings of next week, where he may be consulted by prospective students concerning courses, subjects, etc. Students new to this high school are especially urged to come in at this time. Superintendent Cannon will be in his office the same hours to confer with parents, or pupils of any grade or high school, concerning anything pertaining to the schools. Pupils who are new to the Hood River schools should bring their last reports to him at this time, and thus avoid the delays on the opening day. Those pupils who desire examination for promotion in the grades, or for credit in the high school, should see the superintendent next Monday morning at his office at 9 o'clock to arrange for such examination later in the week. All special matters should be attended to this next week, the week before school opens.

DR. FRASER GIVES APPEAL FOR IDEALS

One of the most serious addresses recently delivered to the members of the Tuesday Lunch club was that of Dr. James A. Fraser, pastor of the Riverside community church, who took as his subject, "The Needs of American Life." He declared that Americans need more intellectual honesty, more honesty and ethical sincerity. He declared an education system that has produced two such types as Leopold and Loeb, the Chicago murderers. The phrase, "Nothing Succeeds Like Sincerity," Dr. Fraser characterized as a blatant fallacy, saying it was never penned by a thinker or a good, wise man. He urged a greater idealism. "We have cast aside our old English immobility," said Dr. Fraser, "and have taken up the French mobility. The English nerve has given way to New England nerves and this to nervousness."

He advised a rebirth and a re-acceptance in idealism. Dr. Fraser said he saw on billboards recently the title of motion picture that would tear down and crumple up the up-building of youth. He urged men and women to find idealism that will not permit of such. Dr. Fraser told a good story on Rev. Billy Sunday. A pious old lady from Philadelphia was visiting in San Francisco. Her nephew, Sandy, had just heard that Rev. Sunday had arrived in the City of the Golden Gate and was going to start a series of sermons. He asked his aunt about attending Sunday morning. The good old woman replied somewhat as follows: "Rev. Sunday was in Philadelphia, and he was somewhat of a wonder. But Sandy, if you go to hear him it will be an awful way to spend the Sabbath. Rev. Fraser, too, said he had just

head of a minister who preached in Portland Sunday and who had taken for his subject, "Hush."

What a profundity that subject presents," declared the local minister. Dr. Fraser recently came here from Rawlins, Wyo. The rain of last Sunday night, he said, was the first he has seen in 18 months.

Vice President William Sylvester presided at the Tuesday meeting. Geo. R. Trombly, manager of the Columbia Gorge hotel, where the lunch club members dined, was chairman. Guests present were: Geo. T. Bragg, of the Pacific Power & Light Co.; J. P. Thomson, father of the Hood River Creamery, and John K. Doane, of Cleveland, O., here visiting the family of his daughter, Mrs. A. T. Case.

MANY ACCIDENTS OCCUR OVER WEEK END

The past week end was characterized by many automobile accidents. A light rain in Portland left streets and highways slippery, the water, combined with an accumulation of grease of the past summer. Seventy accidents were reported in Portland alone. The most serious accident of Sunday occurred just east of Cascade Locks. The ferry from Stevenson, Wash., had just landed on the Oregon shore and a string of cars was coming onto the highway. Mrs. D. Gordon, of Portland, drove onto the main road just as an eastbound Portland motor bus turned the sharp curve at the point. The driver swerved to avoid striking the car and met in a head-on collision a machine driven by Clifford Wells, of the East Side. Mrs. Wells was badly bruised and shocked. Their 3 1/2 year old son, Marvin, suffered a broken leg. Miss Bernice Case, who was accompanying the Wells family, was badly bruised about the body. The injured were taken to the Portland sanitarium for treatment. The bus was not badly damaged and was able to proceed to Portland under its own power.

George and Jimmy Meeker, aged seven and two, respectively, are in The Dalles hospital with fractured skulls and possibly fatally injured. Jennie Meeker, nine, is seriously injured and the parents, Mr. and Mrs. Jennie Meeker, of Blue City, Okla., are slightly hurt as a result of an automobile accident on the Columbia River highway west of The Dalles Monday morning. The Meeker car glanced off an automobile driven by L. E. Young, of Oklawaha, struck another car driven by Bernard Griener, of Portland, and then skidded on the wet pavement over a 20-foot embankment. Richard Wilcox, of Mosier, happened to pass the scene soon after the accident and aided in transporting the injured to The Dalles.

FISH, FURS AND FEATHERS

The rains of the first of the week stimulated the fall run of salmon in Hood River, and numerous anglers are reporting enviable catches of the game species. The record to date is held by W. B. North, who in three hours Sunday caught eight humpback salmon trout. Monday Judge Derby landed two huge migratory fish above Tuckers bridge, and A. S. Kolstad hooked and landed a 22-inch trout after 15 minutes of play with a light rod.

Frank Alexander, of the state game department, arrived here Tuesday with a distribution truck and began transporting 250,000 steelhead and 250,000 eastern brook trout fry from the Lewiston hatchery to various tributaries of Hood River and Lost Lake. Of the small fish 300,000 of the brook trout will be released in Lost Lake.

J. H. Fredrick, president of the Hood River County Game Protective Association, stated that 2,500,000 rainbow trout, propagated at the Dead Point hatchery, will be released in the streams of the county later in the season.

Taylor Has Record Tomato

Carl Taylor Tuesday brought to The Glacier office from his West Side ranch place a tomato that tipped the scales at 28 ounces and that was 1 1/2 inches in circumference. Its diameter was 5 1/2 inches. It was the largest tomato ever seen here. Mr. Taylor, who propagated the variety, which he calls the Taylor special, says, however, that he believes other specimens will be larger.

"I produced the new species by crossing several large varieties," said Mr. Taylor. "And I believe I have succeeded, by a process of using acclimated seed for several seasons of securing a high-proof tomato. While my other more common varieties, have blighted badly this season, my new variety, so far, has shown no trouble from this disease."

When the Lights Went Out. Last Friday night at the regular Friday night dance at the Mt. Hood Community hall a very unusual thing happened. About 10:30 the lights went out, and some thought that the dance was sure to end in a complete failure, but this wasn't so with the Mt. Hood dance when everyone was having such a pleasant evening.

A car was run into the driveway of the Community hall and the spot light turned on the ceiling. The reaction followed as a perfect blend of the decorations in the hall, thereby giving the effect of a natural moonlight evening, and naturally the remaining part of the evening was spent in "moonlight dances."

"The There's" is the heading of the hand bill for the next regular Friday night dance, and if you heed its meaning maybe you will be lucky enough to take part in such a good time as everyone had last Friday. "The There's" means to be there tomorrow night, August 22.

English Lutheran Church. Regular services at 11 a. m. The Sunday school meets at 10:30 a. m. Business meeting of the visiting members August 31 at 3 p. m. P. Hilgendorf, Pastor.

First Church of Christ, Scientist. Services in church building, Sunday, 11 a. m. Sunday school the same hour. The reading room is maintained in the Davidson building. Room 8 is open week days from 9 to 5, with an attendant in charge from 3 to 5. Wednesday evening service at 8 o'clock. Lesson subject: "Mind."

DEE

R. B. Stewart and wife and daughter, Bernice, visited with Mr. and Mrs. H. W. Whitley last week. The Stewarts motored from Monmouth, Ill., and were on their way to Los Angeles to make their home.

K. B. Nagler, of Chicago, is spending his vacation with J. H. Crenshaw, Mr. Crenshaw and Mr. Nagler were buddies during the World war. The Community club will meet with Mrs. Roy Hazeltine today. There will be an album demonstration with hot grades and coffee.

Mr. and Mrs. G. B. Darnell left Tuesday for their home in Santa Ana, Calif., after a visit with Mr. and Mrs. H. W. Whitley and a motor trip to points of interest in western Washington and British Columbia.

Mrs. J. E. Ford has returned to her home in Killekat after an extended visit with her daughter, Mrs. L. F. Parker.

Mr. A. Stevens and James Parsons motored up from their new home in Kennett, Calif., to renew acquaintances in our community. They made the trip in two days and after visiting a week here and in Portland will make the return trip by way of the Tillamook beaches.

Mr. and Mrs. J. E. Miller went for a sight seeing trip to Portland and Vancouver last Friday and returned Sunday. The trip was in honor of Mrs. Miller's birthday.

Mrs. B. W. Brown and son, Jack, of Toledo, O., are visiting with Mr. and Mrs. J. L. Woods.

Mrs. Benton Mays, Mr. and Mrs. I. D. Perkins and Mrs. E. Mueller and small son are at Mays Lodge. Mr. and Mrs. J. R. Edgar entertained the Fortnightly club last Saturday night. Misses Edna, Grace and Jean Rife and Mr. Turbille, of Portland, and Miss Turbille, of Denver, B. C., were the club guests of the evening.

The Baptist Church. The campaign of the Sunday school to raise \$120 to paint the church and parsonage was highly successful. One hundred dollars cash were received, and \$20 more are in sight, so the money is raised. The Bible class raised the largest amount, and the S. S. K. class obtained the largest number of offerings. The pastor will be absent for the two Sundays of August 24 and 31 and for the three prayer meetings of August 20, 27 and September 3. The church has decided to unite with the Missionary Alliance for these services. The Sunday school will meet, however, every Sunday at 10 a. m. at the Baptist church. Pray for the revival. C. B. Delepine, Pastor.

Asbury Methodist Episcopal Church. Rev. W. N. Byram, the pastor, will speak both morning and evening at 11 and 8 o'clock. The Sunday school meets at 10 a. m. and the Epworth League at 7 p. m. All members of the official board are requested to attend a meeting immediately at the close of the morning service. Prayer meeting is held every Thursday evening at 8 o'clock.

Molden-Huelst-Sather Co. Announces

The Ladies' Garment Service, through special arrangements with the manufacturer, will last spring proved itself so very popular, will be resumed this week. Telephone communication advises shipment of a specially selected assortment of silk dresses, which will be placed on sale Friday morning. Descriptive details are naturally not yet available, but the firm extends you a cordial invitation to come and obtain these for yourself, with a definite promise that you will find the usual fine values and extremely attractive prices which have been an outstanding feature of this service the past season.

Lyle Harvest Near

The harvest of the apple tonnage at Lyle, Wash., will begin the first week in September, according to H. W. Daggett and W. H. Havener, shippers of that city, who were here Tuesday securing supplies for their picking crews and for their receiving warehouse. The first car of fruit from that section will roll over Friday, September 8.

The visiting apple growers and shippers said that the tonnage of 90,000 boxes, originally predicted for the Lyle territory, may be cut slightly because of the extended drought. They stated that the fruit is of high quality, although certain varieties will run to export sizes.

First National Boosts Hospital

The staff of the First National Bank, as evidenced by a unique window display, is 100 per cent for the Community hospital. Each member of the bank force has taken out a \$10 membership certificate, and the bank has subscribed \$50 to the institution.
