In many instances non-resident buying concerns are taking advantage of the situation raised by the past two years of poor prices to byy apples for 50 cents per box less than the grower is entitled to have. The fruit district, the town of the grower, is going to lose out of its circulation just that much money. Reliable consignment houses are go-ing to be of community benefit this season."

season." Mr. Woolpert says that he has fol-lowed crop statistics very closely and the finds the actual tomage this fall is going to be far less than was esti-mated earlier in the year. The Northwestern crop is going to be of smaller fruit than was anticipated because of the continuance of the drouth, and in the east the entire crop is going to be of low grade, Mr. Woolpert says.
