LUNCH CLUB VISITS THE HIGH SCHOOL

Members of the Tuesday Lunch club, to the number of 50, were guests at the high school Tuesday, listening to an interesting program, following a luncheon served by the domestic science department. During the course of the lunch, City School Superintendent Cannon, chairman of the day, told of the magnitude of the schools of the city, considered from an economic standpoint. The maintenance of the city schools cost an approximate \$90,000, of which \$45,-000 is spent for teachers' salaries. The cost reaches \$500 per day. Forty hildren on an average are absent from the schools. The cost per child at the various schools was given as follows: Coe and Park Street, \$55 per year: junior high, \$75, and high school, \$100.

In 1917 the high school had 150 who pay tuition, the total number reaching 360. The grades, which reached a maximum in 1922-23, while K. of P. Building

The band has visited many parts of the state and as an organization But the park question is still to the fore. The council is now considering what to do with the property. C. O. Huelat, member of the council, who led the movement last year for the purchase of the new park, has offered to take over the property on a share lease proposition.

After the purchase of the Batchelder property had been made, Mr. Huelat applied for the position of developing it. This was granted and he was paid \$100 per month for his services. By action of the council two weeks ago his services ended November 15. However, last Monday night he declared that more work.

The fate of the automobile park now rests in the hands of the judiciary and finance committees, the matter having been referred to these bodies Monday night. Mr. Huelat's proposition is as follows:

He proposes a five-year lease. Annually the first \$1500 in receipts are to go to Mr. Huelat, the next \$1,500 to the city. The next \$600 shall go to Mr. Huelat, and the balance will be split 50-50. Mr. Huelat is to be granted all concessionary rights. He is to pay the cost of operations, except for light and water, which must
