SHEPHERD OF THE HILLS ON TOMORROW

"The Shepherd of the Hills," the noted book of Harold Bell Wright, will be presented to Hood River folk at the Rialto theatre tomorrow night.

W. B. Patton has been coming to the western states so regularly and has been so closely identified with the theatre life of most of its cities and larger towns, that he seems like a native, so much so that his constant widening circle of friends and admirers are more eager each year to claim some share in him. Each season Mr. Patton comes here a bit farther along in his profession and a bit more firmly established on the path of theatrical eminence, which his droll comedy, fine personality and quiet determination are steadily carrying him.

Perhaps the main reason for this progress in the clarity with which his peculiar comedian appraises his resources and his cherishing no delusions as to how far he has progressed as a successful star. The consequence of this practical and impartial self judgment is that he attempts nothing which he is not amply prepared to do, and he knows exactly what he wants to do, and how to do it.

SGOBEL & DAY SUEDE
 BY DAN W. JORDAN

Suit was filed in circuit court last week by Dan W. Jordan, Upper Valley orchardist, against Sgobel & Day, New York city fruit merchants, with branch offices here and in Portland, seeking damages of \$567.97, alleged to be due for failure of the defendant to comply with a contract to purchase the plaintiff's crop of Gravensteins for the fall of 1923.

Mr. Jordan alleges that the contract called for a price of \$2 for the extra fancy-fancy combination grade and \$1.50 for the C-grade apples. The defendant agreed, it was stated, to pay \$1 on delivery of the fruit and the balance in three weeks. He alleged that he delivered a total of 913 of the different grades, and that the defendant paid \$1 per box but failed to fulfill the other terms of the contract.

NICKELSEN WINS FIRSTS WITH FOWLS

C. D. Nickelsen won heavily in the poultry department at the Pacific International Stock Show just closed. Mr. Nickelsen placed nine entries and won on eight, two firsts, first seconds and one third. The poultry division of the show was the largest in the history of the stock show, and to win against the competition of the Northwest, one must have the goods.

LEWIS R. I. REDS ARE AGAIN WINNERS

Ralph R. Lewis, Odell orchardist and poultry fancier, whose irate Rhode Island Reds have won an international reputation, Mr. Lewis having received inquiries from Europe, has just received word that a pen of his hens made an enviable record at the Puyallup egg contest for the year ending recently. The five birds laid as follows: 211, 224, 247, 172 and 156, an average of 202. Three of the birds were never broody during the year and the other two only twice.

Bing Fined \$300
 Justice of the Peace Onthank Friday fined Ah Bing, young Chinese restaurateur, \$300 on a liquor charge. Bing was arrested Monday night of last week and nine quarts of Chinese gin taken from him by City Marshal Hart, disguised as a waiter, entered his restaurant and observed a sale of the beverage over a soda fountain as he munched a piece of pie and drank a cup of coffee.

Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen, of 26 Forbes St., Rochester, N. Y., suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allenhu, to others who took it, with what might be called marvellous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed druggists everywhere to dispense Allenhu with the understanding that if the first pint bottle does not show the way to complete recovery he will gladly return your money without comment.

E. K. Drug Store is my appointed agent in your city. Mail orders accepted. If you live out of town I'll gladly send you free particulars.

NOW IS THE TIME TO BUY

There will never be a better time to buy Hood River orchards at the right price than at present. This one I consider the best "buy" of anything on the market. I am thoroughly familiar with the property and know exactly what it is.

This is a 30-acre tract, 5 miles out, on one of our best main roads. Every foot is under cultivation. 19 acres full bearing apple trees, standard varieties; 3 acres full bearing Anjou pears; 3 acres 4-year-old Anjou pears; 100 4-year-old Bing and Lambert cherries. 3 acres of alfalfa pasture and homestead. The orchard is in splendid condition and has received the best of care. There is a good 7-room dwelling; large barn and packing house; small stone storage house and other necessary out-buildings. The soil is excellent throughout; the property is ideally located for irrigating, having a gentle slope from west to east and all flumes are in good shape.

The orchard is a splendid producer and is just beginning to show the effects of the new pruning methods instituted three years ago. The records of the Apple Growers Association show that the 1924 crop from this place has checked in 9800 packed boxes of the three commercial grades. The price is \$12,000; half cash and the balance on terms.

MR. GROWER:

APPLE SALES
 SGOBEL & DAY have F. O. B. SALES for LARGE QUANTITIES of small sized NEWTOWNS for MANILA. We want 3000 small "C" Grade Newtowns, as well as many cars of FANCYS. Delivery at Odell or Hood River, either one.
EVERY YEAR there comes a time when the TOP OF THE MARKET is reached. Compared with other commodities, apples are HIGH right NOW. You CAN'T go broke doing business at a PROFIT but you CAN fail to sell when you SHOULD. The Northwest had almost DOUBLE a normal crop last year; this year we have HALF of LAST year's production, a normal crop. Buying power all over the country is BELOW NORMAL, and even though there are LESS apples than LAST year when there were FAR TOO MANY, there are STILL PLENTY of apples to go around. A WORD to the WISE is SUFFICIENT.
 Don't forget this—either you sell when buyers WANT TO BUY or else you sell when you HAVE TO. We HOPE apples will go STILL HIGHER but we KNOW we can MAKE YOU A PROFIT on GOOD FRUIT right NOW.
