Inbuilt Quality can be imitated

How many times you have seen shoes that look as good as "Star Brand"—for a little while. They may hold their shape and their smart appearance for days, even weeks. But months and years take costly toll of "cheap" footgear.

It is then you realize that the inbuilt quality of "Star Brand" shoes can be imitated but not equalled.

Billy Blainfield, whose mother is a teacher at the junior high school, sustained painful injuries recently when he jumped from the 12-foot wooden dums of the Pacific Power & Light system along Hood river south of the city. The boy slipped and fell against the side of a metal stay which penetrated the flesh at a hip, tearing the flesh severely. The boy was taken to the hospital, where his injuries were attended to. He is recovering rapidly.

STATE ACCEPTS TELEPHONE CO. PARK
The state highway commission last week accepted a tract of land in this county from the Pacific Telephone & Telegraph company for park purposes and listened to pleas and arguments and complaints relative to road and highway matters from delegations representing different parts of the state.
The land taken over from the telephone company consists of 8.6 acres located near Viento on the north side of the Columbia River highway, between the highway and the railroad track. Viento creek runs through the property and the park to be made there, on suggestion of H. B. Van Duzer, commissioner, will be named Viento park.
The gift acreage represents reparation by the telephone company for trees and brush along the Columbia River highway right of way, destroyed by the company in November, 1923, at Yeon point, near Cascade Locks, in the building of a new line. The state highway commission had planned to bring legal action against the company, but accepted the more conciliatory course when the company offered to make amends otherwise.
Orchardists Busy
The busy season for orchardists has arrived, and growers in all sections are now engaged in pruning and making ready for application of early sprays. Robert Green, here from the Upper Valley last week, stated that pruning crews were noted in every orchard.
Early spring weather conditions are considered ideal for the bud development of fruit trees. The weather has remained cool enough to prevent the forcing of buds. Present indications point to the blooming of trees at the normal time about May 1.
One-third of the loud speaker radio sets in Hood River are Atwater Kent sets. There is a reason.

All persons having claims against said estate are hereby required to present the same to the undersigned, duly verified, within six months from the date of the first publication of this notice, which date is March 5th, 1925.
