NEW floors for old!

To have beautiful floors in your home, you need not go to the expense of laying new hardwood floors. Instead, the soft wood or painted floor can be made to look like hardwood by the use of LUSTRE-LAC VARNISH STAIN.

Floors which have previously been varnished can be refinished by giving them a coat of Lustrelac Varnish Stain. It comes in a number of natural wood colors, is easy to apply, dries with a high gloss finish and is waterproof.

Ask for a color card which shows the various wood samples and tells how hardwood effects are secured. It also tells how Lustrelac Varnish Stain is used for refinishing furniture.

You can now paint your property and pay on the Bass-Hueter Monthly Payment Plan. Call and let us explain this plan to you.
