

# E. A. FRANZ COMPANY

## WHAT REFRIGERATOR WILL YOU BUY?

Will price be the only deciding factor? Or will you consider the materials, construction and ice-keeping qualities? Garland Refrigerators are the highest type—conform in every way to most scientific standards of refrigeration and last for many years under the strain of atmospheric changes they are necessarily subjected to. Others may cost less to buy, but a Garland will save the difference in ice economy.

### FINE, FURS AND FEATHERS

Stream and lake fishing of the mid-Columbia have been reported fine for the past several days. Numerous anglers have reported fine catches in Hood River and Klickitat and the White Salmon rivers in Washington. Anglers who have journeyed to Trout Lake have returned with fine catches. The best fishing, however, was reported from Sanctuary lake near Carson, Wash. Judge Derby and E. McClain, Jr., of Los Angeles, each landed more than a dozen rainbows from the trout. The fishing through used black gnat and flying caddis flies.

Effective May 28, the fee for a non-resident angler's license is \$3, irrespective of the state the applicant is from. The fee for a non-resident hunting license is \$10. Formerly non-residents were charged what an Oregonian was charged for state license in their state.

"Effie" a cat of nondescript breed, the pet of Eddie Harris, custodian of the Binko theatre, was the heroine of the other evening of a one-act drama that the show house had not billed. A vaudeville troupe, traveling through by automobile, stopped at the theatre seeking the billing of its repertoire which included acts by a trained bobcat. The domesticated denizen of the wild was on a leash. While the manager of the travelers called on Manager Kolstad one of the members of the party sought to exercise the bobcat by leading it up and down in front of the theatre building.

"Effie" was out, too, taking the air. She stopped her promenade on the approach of the bobcat and watched with interest her huge cousin. All went nicely until the bobcat began sniffing at the theatre door. That was too much for "Effie." Zealously guarding her bailiwick, she leaped like a streak of color to the back of the wildcat, and for several seconds the fur flew. No domestic, lovey-dovey cat ever emitted such caterwauling as that without flung from his throat an occasional animal, finding that it could not extricate its tormentor, darted for the automobile, and not until it entered the car did "Effie" turn loose. Then she walked back to the ticket booth, tall erect, triumphant.

Mrs. J. H. McVay has successfully raised two orphan robins. The parent birds built a nest in a Virginia creeper vine on the McVay front porch. After the eggs had hatched and the little birds were about two weeks old, the mother disappeared, supposedly moved the nest to her kitchen. Children of neighboring families supplied her with worms, and at frequent intervals through the day, the orphans with husky chirpings announced their hunger.

### SCHOOL NEWS

(Miriam Grow)  
The first annual festival of the Hood River high school was held according to announcement on the lawn to the west of the building last Saturday afternoon under the immediate direction of Miss Margaret Harding, director of girls' physical education. As already announced, Miss Helen Kellogg was Queen of May, having been elected to that honor by the high school students some time ago. The royal procession preceding the coronation of the queen formed at the front entrance of the building. Several boys sang "Make Way for the Queen" as they marched from the en-

trance to the shrine on the campus. They were followed immediately by Queen Helen I, who was attended by the girls of the senior class, Miss Betty Simpson and Jean Hollingsworth were the flower girls who cast their roses in the path of the queen. Master Donald Bennett was crown bearer, and the train bearers were Barbara Hollingsworth and Maxine Simpson. Because of the high wind which unfortunately arose just before the time set for the coronation the little train bearers were sometimes hard pressed to keep their queen and her costume on the earth. Upon her arrival at the throne the queen was crowned by J. W. Criss with very impressive ceremonies. Following the coronation the queen's attendants sang Beethoven's "Spring Song." Jesse Hathorn, who was high-point man in the track meet, presented a "Triple Solo Dance," crowned King Jess by Queen Helen. There were 10 excellent features following these ceremonies: The first was a "Butterfly Dance" by Leonie Van Allen and her sister. The appropriate costumes; the second feature was a "Flower Dance" by eight girls; the minut was then danced by 12 girls, six of whom were in the costume of the gallant old-time man; this was followed by eight girls in the "Dutch Windmill Dance" then came the "Highland Fling," by 10 graceful Scottish maidens. The next feature was a "Triple Solo Dance" by Dorothy Garrahrant. Feature No. 8 was an oddity called the "Dance of the Black Cats." The last feature was a winding of the May pole by 24 girls. The feature was omitted because of the absence of one of the jockeys.

On the whole, this was one of the most gorgeous and spectacular events that Hood River has ever witnessed. The costumes were in keeping with the several numbers and showed great skill and much work in their preparation. These costumes were in the hands of Miss Helen Kellogg, of the home economics department. The music was furnished by the high school orchestra, under the direction of Mrs. Belle Henney. We are very grateful to Mrs. Henney for coming up from Portland especially for this occasion.

Miss Harding and her co-workers deserve a great deal of praise for the manner in which this festival was held. Mr. Donnberg secured a number of good pictures of the various features. The expenses of the fête were covered for the most part by proceeds from the sale of candy, balloons, popcorn, etc., by the high school girls during the track meet earlier in the day.

While the pageant was in progress a few persons lost some articles from their original places in the dressing rooms in the high school. Several suffered losses of small sums of money and personal articles. It seems as though the light shined brightly on the hood of the hood for other people's valuables.

The Hood River high school won the fourth annual track meet in the mid-Columbia district on Gibson field last Saturday. The final scores were: Hood River 25, The Dalles 23, Goldendale 27, and Wasco 21. Jesse Hathorn was star of the local team and high point man with 294 points to his credit. Wasco was second with 17 points, and Dexter, of The Dalles, was third with 13 points. Jess won the discus throw with 110 feet and four inches. Helen Kellogg was Queen of May, having been elected to that honor by the high school students some time ago. The royal procession preceding the coronation of the queen formed at the front entrance of the building. Several boys sang "Make Way for the Queen" as they marched from the en-

STILL DOING GUARD DUTY

Supt. Cannon spent last Friday at the Monmouth Normal school interviewing teachers who had made application for positions in the Hood River city schools. Mr. Cannon saw a dozen or so of the Hood River students who were preparing themselves for teaching.

The senior class plays, under the direction of Miss Esther Hettinger, will be held tonight, Thursday, May 21, in the high school auditorium. Friday will be the annual school exhibit day, in the afternoon of which is given over to the parents for viewing the exhibit of school work done by their children during the past year. Every parent and patron of the school is invited to attend the class rooms of his children and friends, and as many different schools as time will permit. There will be put there exhibits in the high school. One in the manual training department, one in the home economics department, and the other in the commercial department. At 8 o'clock there will be a special feature put on in the auditorium by Miss Ethel Swartz, of the home economics department, in which pupils will have a dramatic style show where they will wear some of the garments made during the past year. The women are especially invited to this part of the afternoon program. The exhibits in the grade schools and junior high will be open all afternoon.

Next Tuesday Supt. Cannon, who is president of the Oregon High School Debating League, will go to Eugene, where the final contest will be held. The university campus and preside at the debate between the McLoughlin union high school, of Milton-Freewater, champions of east-Oregon, and the Ashland high school team, champion of western and southern Oregon. This final debate will decide the state champions. The Dalles high school was the winner of the mid-Columbia and central Oregon meetings, leading to Pendleton.

One of the worst acts of vandalism and theft occurred at the high school building some time last Saturday when the building was open all day because of the mid-Columbia track meet and May-day festival. Some miscreant removed the silver shield from the shiny plaque hanging upon the wall in the main corridor. This was the gift of the Woman's club to the high school in 1917 and contained the engraved names of the debaters of 1917, 1922, 1923, and 1924. The intrinsic value of the silver shield may not have been over \$5, but the sentimental and artistic value is hardly to be estimated. This silver memento may have been taken by some of the visitors as a souvenir or by some common thief because of the silver that it contained. If anyone should get a trace of this shield he should communicate at once with the school authorities.

### Junior High News

(Ray Steubing)  
Junior high won both ends of a double header Wednesday, May 13, at 3 o'clock. The junior high boys defeated their Odell opponents 10 to 3 in a good game while the Odell girls lost to the junior high girls by the score of 21 to 6. In the boys' game Mr. Johnson, of Odell, supplied no home runs were made. Aleda Beauregard, of junior high, made the lone home run of the girls' game. School was dismissed at 5.30.

### CHURCHES

**English Lutheran Church**  
Regular services at 11 a. m. The Sunday school meets at 10.30 a. m. Rev. F. Hildgendorf, Pastor.

A cordial invitation is extended to all to attend our services.

**Violent Elizabeth, little mother of the ballet, and her brother, Andrew.**

### RADIO NEWS

The recent concert of the American Legion quartet, Miss Helen Jones, Clifton Emmel and the Hood River Mandolin club from KGW brought in letters of praise, from up and down the Pacific coast. J. B. Chase wrote from San Jose, Calif.: "The Hood River quartet came in fine. Enjoyed the song, 'How Do You Do?' and the remarks about the rain which we did not have to pray for in this section."  
Robert L. Tucker, of Jefferson, Or., wrote:

"We wish to tender our thanks and also compliment the Hood River Chamber of Commerce on the splendid program which they presented through KGW. The American Legion quartet has no peer as harmony kings."  
Mary E. Colvin, of Deer Island, had this to say:

"Our hats are off to Hood River. Will you please tell them so for me. Their program was certainly satisfactory, especially the work of the American Legion quartet, Mandolin club and pianist."

**Cedding Meth Spray Due**  
(By Leroy Childs)  
First brood worms will begin their hatching about Friday, May 22. Growers should plan to have their spray on by that time or shortly thereafter. Present warm weather is such as to cause much egg laying and the hatch will rapidly increase after that date.

Observations indicate that a very high percentage of the worms came through the winter. Where worms gave trouble last year, every precaution must be taken to prevent heavy losses this season, as the chances of worm damage are greater during years of light crops. If you are missing any trees in the orchard while spraying this time, be sure there is no fruit on them.  
The entire lower valley should receive this application. Use arsenate of lead 4-100. Spray thoroughly.

**ETHEL MAY**  
Peacock Beauty parlor, Richards' bldg. Tel. 2321.

## TOM CLARKE GOING TO NAVAL ACADEMY

Thomas Blaine Clarke, son of Mr. and Mrs. C. N. Clarke, who will graduate from the Hood River high school with this year's class, will leave in June for the United States Naval Academy at Annapolis. His mother received a telegram from Representative Elliott Saturday announcing that young Clarke had successfully passed his entrance examinations.

The young man received the appointment through the interest of his grandmother, Mrs. Arabella Dufur Staats, of Dufur. The young man comes from pioneer stock. His maternal grandfather was A. J. Dufur, pioneer of Wasco county for whom the town of Dufur was named. His paternal grandparents were local pioneers. The young man's father is a Portland business man.

Young Clarke has taken an active part in high school student affairs here. He has won notes for his tenor voice, and has appeared with distinction in numerous school musical shows.

**Card of Thanks**  
We wish to express our sincere thanks to our neighbors and friends for their kind aid during our recent bereavement attendant on the death and burial of our wife and mother. We will keep in sacred memory their ministrations.

W. B. Shultz,  
Mr. and Mrs. I. E. Shultz.

**Westerners know what a tire should be**

ONE glimpse of California, or Oregon, or Washington, or any Western state proves that the West is the motor ground of America!

California, for instance, leads New York and every other state in registration of passenger automobiles!

A group of successful Akron tire engineers and every other West, its vast resources and possibilities for growth appealed to them.

Digging into the facts, they learned that 30 per cent of the nation's tires are used west of the Mississippi. And only 3 per cent were made there!

They considered their skill and resources to the West.

Their C.T.C. Cord today is regarded as one of the three or four really fine tires in America. Nine western states give it a "put on C.T.C.'s—either balloons, semi-balloons, heavy-duty cords or oversize cords!"

"Quality will never be sacrificed to meet a price!"

Robert L. Tucker, of Jefferson, Or., President  
Columbia Tire Corporation
