### DEATH TAKES MRS. GATCHELL TUESDAY

Mrs. Mary F. Gatchell, aged 70, native of Maryland, died Tuesday at the Hood River hospital following a 10-day illness. She had resided in Hood River for 15 years. Mrs. Gatchell is survived by the following children: all of Hood River: W. E. and Frank Gatchell and Mrs. A. L. Vincent.

Funeral services were held yesterday afternoon at the Anderson chapel. Rev. W. M. Byars officiating. Interment followed at Edgewater cemetery.

### Nickelsen at Poultry Meeting

C. D. Nickelsen spent last Friday in Portland, meeting with the executive committee of the State Poultry Association, of which Mr. Nickelsen is a member, for the purpose of selecting a state poultry pathologist. Several applicants from middle west states made application for the position. When it was disclosed that Dr. W. T. Johnson, who has been in charge of the poultry disease work in the state of Washington, was available, the committee was unanimous in the selection of Dr. Johnson, of Puyallup, Wash.

It was recommended that a poultry disease clinic be held once each year in four different sections of the state, where the local poultrymen could gather with their poultry disease problems, and where Dr. Johnson could make practical demonstrations with affected poultry.

### Carnine Reports from Wenatchee

Writing from Wenatchee, where he is now general sales manager of the Wenatchee District Co-operative Association, Sidney B. Carnine, who was reared here, has this to say about the Wenatchee apple crop for 1925: "Doubtless you have read early reports stating that the Wenatchee-Okanogan district expects a bumper crop. The bloom three weeks ago indicated a large crop, but since that time the drop has been quite heavy in certain sections of this valley. We are of the opinion that due to the light setting, the crop this season will be somewhat larger than last year but not as large as 1923.

"The trees have made a vigorous growth since the freeze of a year ago, and are in a healthy condition, good foliage and color."

### Frontiers Scientists Coming

Leroy Childs, president of the Pacific Coast group of the American Association of Economic Entomologists, is making preparations for entertaining delegates to a convention of the American Association for the Advancement of Science to be held at Reed College in Portland June 17 to 20. The last day of the convention the visitors will start on a motor jaunt around the Mount Hood Loop highway. They will spend Saturday evening, June 20, on the high base of the mountain at some point in the national forest. Some of the visitors plan on ascending the peak.

### Baptist Ladies Entertained

The Baptist Missionary ladies were pleasantly entertained last Thursday afternoon by Mrs. C. E. Delphine, on the Heights. The Scripture lesson was read by Mrs. Chaffee, followed with prayer by Mrs. Marshall Hill and a reading, "Little Journeys Around the World," by Mrs. J. W. Armstrong. Mrs. Ted Hackett gave an interesting account of Chinese celebrations and customs. Mrs. A. D. Tomlinson sang, accompanied by Mrs. L. A. Olmsted. Refreshments were served.

### Mrs. N. W. Bone Honored

Mrs. C. B. Bone entertained Tuesday at a bridge luncheon in honor of Mrs. N. W. Bone, recent bride. Nine tables were set. The rooms of the Bone home and the tables were decorated with various species of beautiful spring wild flowers.

Mr. and Mrs. Bone, the latter formerly Miss Madeline Foster, of San Diego, Calif. They are making their home on a Willow Flat orchard place.

### New Cafe to Open

O. Bunnell, who has been engaged in the lodging house and restaurant business for many years, will open a new cafe, to be known as "Charlie's Cafe," this week. He has leased the former Hood River market building.

"I am going to establish a real eating place," says Mr. Bunnell. "I aim to give the people of this community the best possible food for the most reasonable prices."

### Cherries Rip, Berry Cans Move

The earlier varieties of cherries are maturing here two weeks earlier than normal years, and Monday J. C. Johnson marketed the first fruit of the species, which retailed for 15 cents per pound. Royce Anne cherries are coloring, and the harvest of this fruit will be on early in June. Carlot shipment of strawberries was begun Tuesday.

Mr. Johnson marketed his cherries at the Frazer grocery.

### COOLIDGE NATIONAL CHAIRMAN OF FUND

PRESIDENT CALVIN COOLIDGE

Chairman of the National Honorary Committee of the \$5,000,000 American Legion Endowment Fund for disabled men and the orphans of war veterans. Associated with President Coolidge as sponsors of the Endowment Fund are the highest leaders of the nation in industry, labor, the professions, arts and sciences, including Hon. John W. Davis, candidate for president on the Democratic ticket last year; the cabinet members, senators, heads of the army, navy and marine corps, Cardinal O'Connell, Bishop Charles H. Brent, Julius M. Barnes, John Barton Payne, chairman of the Red Cross, and fifty others.

### DONATIONS TO AID SICK AND ORPHANS ARE EXPECTED HERE

Every Community Contributing To National American Legion Endowment Fund

This community is expected to give its share to the national American Legion Endowment Fund, as other communities throughout the United States are doing. The income from this Endowment Fund is to be used to assist and cure disabled former service men and to provide homes for the orphans and dependent children of war veterans, and the Fund, itself, is to be perpetual. A trust agreement provides that when death has wiped out the membership of the present American Legion, the income from the Endowment Fund shall be used for purposes most nearly identical to those for which it is needed today. The person then president of the United States will name a board to determine the use of the income.

Every person, regardless of creed, is concerned in the welfare of those who gave their all in the world war. Especially is the Legion concerned with those thousands of war veterans who are sick and helpless, but who, because justice can never be made automatic, are unable to obtain government aid.

### Thousands of Sick Aided

Those who are familiar at all with The American Legion work, know what this great organization has done to aid the disabled. Cooperating with government agencies, officials of the Legion have made possible the hospitalization of thousands of sick and wounded boys who, had it not been for a helping hand, would have been lost to society long ago.

Other thousands need that same help today. Many of them cannot be given aid by the government under existing laws, and while officials of the Legion literally have written most of the laws to take care of the disabled, it is impossible to make legislation serve all.

Many illustrations could be given. Thousands of men have married since the war ended, when they seemingly were sound physically, but in reality were in a weakened condition from gas and exposure. They fell into the clutches of tuberculosis and other diseases, and in a few years have passed away, leaving their widows and children at the mercy of strangers.

### Good Home for Every Child

The Legion is determined that every child of a war veteran shall have as good a home, and a real mother's love, as that child would have had if his father had not died for his country.

The United States Veterans' Bureau estimates there are 5,000 orphans of veterans in the United States today who need some degree of care. The Legion is maintaining one children's billet, now filled to capacity, where such dependent children are being good homes. Other billets are being established and will be in operation as soon as possible. In addition to this, the Legion cooperates with other child welfare organizations, realizing that every sincere effort to aid children is of value, and that the field for this endeavor is unlimited.

While under the care of the Legion the children attend public school, and live in cottages on the family group plan.

### MCISAAC'S STORE BURGLARIZED AGAIN

The safe in the store of E. J. McIsaac at Parkdale was broken open with nitroglycerine charges last Tuesday night. Only one resident admitted knowing the burglar. The burglar entered the store through the big door behind the explosion. The burglar removed several hundred dollars and a quantity of change, belonging to the Parkdale postoffice. The loss was not definitely ascertained, as a check of cash and stamps had not been made yesterday. The safe was entirely demolished, a part of it being blown through a window, through which it was presumed the burglar entered by means of a Jimmy. The thieves were presumed to have left in an automobile. Sheriff Edick was on the ground yesterday early but had no clue on which to work.

The safe of the store was blown about a year ago.

### Save on Your Gas and See the Scenery!

By WILLIAM E. KNOX  
President American Bankers Association.

A long, long time ago, a very great teacher said, "Man shall not live by bread alone." That is true. A man who lives by bread alone and simply feeds his body will be nothing more than an animal. There is more than bread that goes to the making of a life. There are the things of the mind and the spirit, and we are all of us making a great mistake if we measure success in this world by material things. Material things are all right and ought to be emphasized to some extent, but they should not occupy more than their proper place in the scheme of things. Over and above and beyond them are the things of the intellect, and over and above those are the things of the spirit, the finer things of life. It is reaching out for material prosperity, we forget these things, we may get the material prosperity, but we will not get true joy and true happiness out of life. I want to commend to every one that, in addition to striving for the good things of this life which are good in their way, to remember the other things also.

I promise you if you do that, it will not make any difference whether you get great rewards or not. It will not make any difference whether you arrive at high position or not. You will have instead a great inward satisfaction, and you will feel that you have lived a pretty good life and had a good time while you were doing it.

Have your good times as you go along. Don't be like the automobile-billet that goes whizzing over the country at sixty miles an hour and arrives at their destination at the end of the day's run not having seen the beauties of the country they went through; having seen nothing of the birds or the flowers, and the hills, but having just totaled up so many miles on such an expenditure of gas. Save on your gas and enjoy the scenery as you go along through life. Just put that into operation—save on your gas and see more of the scenery!
