

# Buy Tubes as Carefully as you buy Tires

THERE are two ways a car owner can buy tubes. He can go out looking for price—and get it. Or he can buy tubes that will give his car a chance to deliver the mileage that is built into them. U. S. Royal and Grey Tubes are

built to give mileage and get mileage. They resist heat, hold their shape and retain their elasticity. To get all the mileage out of a new casing or to make an old casing last—put a U. S. Royal or Grey Tube inside it.

## Keep cool and happy!

WHEN days are hot and torrid there's no need to swelter and fret and fume. Put a "fanful" of breezes at your beck and call, to bring a spring wind into the house whenever you wish it.

**A whirlwind for \$7.90**

Sturdy little breeze maker— and a Westinghouse! Turn it forward or backward; shake it on the wall if you wish. It's made of heavy gauge steel and machined cast iron.

**Here's one that turns \$15.50**

Be cool when everyone else is sweltering. Make a fan your partner in work and play. If you like one that turns automatically from side to side, here's a dandy. Come and see it.

You may have two months' pay for any fan you choose here.

**G. E. Whiz for \$10.50**

Where there's a Whiz there's a wind. Here's a fan with a switch in the beam. Just imagine the joy of a fan-cooled breakfast, a cool day of work. The Whiz is a General Electric fan.
