

FINAL BASEBALL GAME NEXT SUNDAY

The Hood River baseball team will conclude participation in the season's schedule of the old Columbia league with a game at White Salmon Sunday.

Hood River defeated Goldendale in an 11-inning game 7 to 6 here Sunday. Although only a small crowd was out, it was declared one of the best games here this season.

TROUT LAKE VALLEY LURE OF TOURISTS

For more than 25 years the Trout Lake valley has been the favorite summer resort of scores of Portland and The Dalles folk. In earlier times they traveled leisurely to favorite camping spots in the shadow of Mount Adams by horse-drawn wagons.

While other scenic northwestern regions have been a lure to thousands they have not gained the same hold on people as the Trout Lake section.

Residents of Trout Lake have done much in making ready for the comfort of motorists. They have everything from a well equipped automobile camp to a summer hotel.

Mr. Guler, a pioneer in the development of dairying in the Trout Lake valley, who now ranches milk about 500 fine cows, shipping their cream to Portland, White Salmon and Hood River, has turned a wooded acreage, lying beside the cascading outlet of the lake, into an automobile park.

Mr. Guler, a pioneer in the development of dairying in the Trout Lake valley, who now ranches milk about 500 fine cows, shipping their cream to Portland, White Salmon and Hood River, has turned a wooded acreage, lying beside the cascading outlet of the lake, into an automobile park.

Believe me this was made in early days when the lava was out. Geese lake is a Suberian's paradise. It is planted with eastern blueberry bushes. In 1923, when the great Japanese earthquake of two years ago, crevices appeared in the lava bottom of Geese lake and forest rangers had to rush out with bags of earth to stop the outflow of water.

One can spend days and weeks in the Trout Lake country, fishing or mountaineering, and after he has left there is ever a tug, when summer months come, to return again.

The local creamery sells much ice cream at Trout Lake. J. C. Johnson, who operates the Tourists Club there, handles the local product, which is sold in ever increasing quantities, as the number of tourists there increases.

C. E. GRAVES FAMILY HERE FOR VACATION

C. E. Graves, founder of the Willamette Club, which did much several years ago toward the exploitation of the Mount Hood district, especially Eden park, flowered meadow area below Barrett Spur, and family arrived Tuesday from Arcata, Calif.

Mr. Graves is a native of California and has been in the north, coming up the Redwood highway.

While his family remains here on their West Side orchard, Mr. Graves will continue to Seattle to attend the annual convention of the American Library Association.

COUNTY HEALTH NOTES

There have been several baby clinics in the rural districts this past month. June 17 a clinic was held at Cascade Locks. It was a great success and the largest one ever held there.

Another clinic was held at Pine Grove June 20 at the school house. Dr. H. L. Dumble gave kindly of his time in the morning.

June 26 there was a clinic for babies at Odell. Another hot day, too. But there were 24 babies out to get weighed and examined to find out what defects in health they were not many defects found but the parents were very grateful for the information received from Dr. Trane in the morning.

The regular monthly clinic will be held at the court house July 17, in the morning from 10 to 12:30 o'clock. Please remember the change of time. We find that this is much more satisfactory to the doctor who so kindly gives of his time.

There are first aid classes being held at Odell high school Tuesday and Thursday evenings at 8:30. This is strictly first aid dealing with bandaging and the care to be given in case of accident and in emergency cases at camp or school.

There is also a similar class in Pine Grove Wednesday and Friday mornings at 8:30. We have the classes so early so that the girls will not have to be out in the extreme heat of the day.

There are first aid classes being held at Odell high school Tuesday and Thursday evenings at 8:30. This is strictly first aid dealing with bandaging and the care to be given in case of accident and in emergency cases at camp or school.
