

A tire made for the West. in the West

IN A FEW MATTERS we Westerners gladly hand the reins to our Eastern friends.

Which is a very, accounts for the success of C.T.C. tires. They are built in the West to meet Western conditions.

Motorists in the nine western states know what a tire should do. Their purchases show that C.T.C. does it!

Quality will never be sacrificed to meet a price!

EVERYONE BUSY ENTERTAINING ELKS

As early as Monday morning it had become apparent that the Elks' convention in Portland was making a drain on the population of this city.

"Gone to Portland for the week," was the announcement of associates. "They're making the week one of vacation."

And tomorrow Hood River will be a quiet town, a Sunday or holiday, for action was taken Monday morning to close places of business, in order that all of the clerks and others who wished might get away for the big Elks' parade.

Hood River Lodge No. 1507, the baby lodge of the convention, is planning to make an infantile splash that will cause the adult lodges to sit up and take notice.
