Mr. and Mrs. P. B. Laraway have been entertaining Mr. and Mrs. Clarence McGilvray, of Portland; Miss Jeanette McGilvray, of Chicago, and Mrs. Bessie Griffith and daughter, Ethel, of Baraboo, Wis. Mr. and Mrs. Laraway and Mr. and Mrs. Turney accompanied their guests around the Loop Tuesday.
The Spaulver class gave a party for Mr. and Mrs. Ace Williams at Mr. and Mrs. E. E. Lage's last week. Mr. and Mrs. Williams are living in Hood River.
Mr. and Mrs. Clifford Ross returned to Yakima last Wednesday.
Mrs. E. E. House and daughter are spending a month at Seaside.
O. P. Yoder and Vernon Weber

made the trip around the Loop last Thursday and attended the Elks parade.
E. E. Lage returned to Battleground, Wash., last Friday for the week end and was accompanied home by his niece, Catherine and Augustine Riddell.
Mrs. F. C. Liebold and two children, of Portland, are visiting her sister, Mrs. A. J. Miller.
Sunday school at 10 o'clock, worship at 11 o'clock. Subject of sermon, "What the Reason of the Revival of the Battle between Science and Religion?" Miss Warren will sing at this service. Epworth League at 7 o'clock P. M. All are cordially invited to these services.

News of the Golfers

The Hood River Golf and Country club's regular tournament did gratifyingly well in their play at the Tualatin Country club, where the matches were held. Mrs. C. W. Hamilton went through to the semi-finals in the women's championship, and her qualifying score of 95 was sixth in the list. She made the best individual showing of the local people. In the men's section, N. P. Mearns qualified in the championship flight with a score of 87-80, total 167. Dr. Hamilton with 183 qualified in the second flight, and E. E. House with 187, in the third flight. Mearns was finally eliminated in the match play by the new state champion, Frank Dolp. Dr. Hamilton went through to the semi-finals in his flight, and E. E. House won the third flight, bringing home a neat cup for his efforts. In the 5 section of the men's championship, A. W. Stone and Elwin House were entered. The young man went through to the finals in his flight, and Mr. Stone won the senior championship for men 55 years of age or over, with a gross score of 190 and a net of 146, ten better than his nearest opponent.
Play in the local club championship progressed to the semi-finals, in which N. P. Mearns defeated E. E. House this week, and Bill Booker will meet the winner of the Dr. Jenkins, Dr. Hamilton match.
A special team match has been arranged with the local golf club for the coming Sunday. Ten men, four women and the professional are coming down. Captain E. E. House will select his ten-man team this week for this event.

Cold Storage Plant Rushed
Crews of the Andrews Construction Co., of Portland, are rushing to completion the new cold storage warehouse of the Apple Growers Association at Odell. Work was completed this week on the columns which support the roof. The roof will be poured next week. Insulating cork in cribs is on the ground. Plans call for the completion of the new plant, declared one of the best refrigerated plants west of the Mississippi river, by September 1, when it will be utilized in packing winter pears.
The new plant will cost in excess of \$100,000.

Mrs. G. R. Johnson's Father Dead
Mrs. G. R. Johnson has received news of the death of her father, M. W. Rodman, at his home, near Kansas City, Mo. Mr. Rodman, who had reached the age of 92½ years, was a cousin of Admiral Rodman. He was the youngest and last surviving member of a family of 12 children. Mr. Rodman was a member of the old Virginia and Kentucky family of Rodmans. He was born in the old stockade fort at Louisville.
If Mr. Rodman had lived 10 more days, he and his surviving wife would have celebrated their 64th wedding anniversary.

Final Baseball Sunday
The Hood River baseball team will go to Mt. Hood Sunday to play the Mt. Hood team on the Devils diamond. A large delegation of Hood River fans will accompany the local team.
The Mt. Hood team is planning a victory. The Upper Valleyites have won nine games this season and have lost but four.

Gross Buys Pectin Supply
H. Gross last week purchased from the Hood River Vinegar Co. 63 cases of fruit pectin. While Mr. Gross has already sold a large quantity of the bargain jelly-making material to wholesalers, he is offering the rest to the local trade at reduced prices.

VARIEGATED CUT WORMS PLAY HAVOC

(W. J. Kocian, Fruit Inspector)
The variegated cut worm, which are breaking out in epidemic form in the western part of Oregon, have been found in numerous places in Hood River county. While no extensive damage has been done in the valley, as in other areas, they are a nuisance which it will be well not to overlook.
These worms may be found on clovers and weeds in the orchards. In many places they have stripped the foliage from these plants in well defined areas of 100 to 200 feet square. They are also found feeding in vegetable gardens and in this case are doing considerable damage. They are not known to feed extensively on trees but may eat the foliage and green apples where the limbs are close to the ground and intermingle with the cover crops upon which the worms are feeding.
The variegated cut worm is not anything new in the valley or state. Periodical outbreaks have occurred at different years since 1900. There are many natural enemies which prey upon this worm and they tend to get the upper hand. The worms seldom make an appearance in large numbers in successive years. However, it does prove serious in the year which it occurs because of its voracious feeding habit. This insect is fairly easy to control by the use of a poisoned bait. For gardens the following is suggested: Coarse bran, 15 pounds; Paris green, 10 ounces; arroy, 1 pint; salt, 5 ounces; water to make a coarse, crumbly mash.
Care should be used in mixing this mash so that it is not allowed to become wet and sloppy. It is also found that the regular codling moth spray is used extensively in Portland will control this cut worm. In using this bait it should be dampened. For Hood River conditions the first formula is suggested as it is less expensive and perhaps easier to obtain.
Where the pest is found feeding in the orchards it may be killed by spraying the cover crop foliage with lead arsenate. This can be applied with the regular codling moth spray that is being put on at the present time.

NEXT BOXING BOUT WEDNESDAY, AUG. 5

The second of a series of boxing bouts being staged here at the Rialto theatre under auspices of the city boxing commission and Val Bearson, matchmaker, of Dee, will be held Wednesday evening, August 5, with Art Bibby, of Grand Valley, and Jim Mosier, of The Dalles, featured in the main 10-round event. Both fighters are well known in eastern Oregon. Bibby, who weighs 168 pounds, is the eastern Oregon light heavy weight champion.
The other fighters will be: Steven Handrum, of The Dalles, and Young Rogers, of Dee, in a 6-round bout, and Nat Ray, of The Dalles, versus Elmo Annala, of Oak Grove, in four rounds.

WINTER FRUIT HAS STARTED TO MOVE

Paul McKecher, manager of the local branch of Sigbee & Day, Tuesday announced the season's first local sale of winter varieties of apples, including three cars of Orleys. The sales prices were: \$1.90 for extra fancy, \$1.65 for fancy and \$1.40 for C-grade. The fruit must size 150s and larger.
Mr. McKecher received an order for 15,000 boxes of fancy export sizes, which he will be unable to fill because of lack of this stock contracted at present by his firm. The early inquiry on this class of fruit, he declared, indicates an active export market.

CORRECTION AS TO MOSIER FRUIT DEAL

In last week's issue of the Glacier it was stated that the American Fruit Growers, Inc. had purchased the entire tonnage of the Mosier Fruit Growers Association. This was an error. The American Fruit Growers did not purchase the Mosier tonnage.

FINS, FURS AND FEATHERS

F. L. Wright Monday broke a record of several years when he landed from a salmon net a sturgeon that weighed, when dressed, 202 pounds, and seven inches. It was exhibited in the show window of the Davern's department store with a 40-pound chinook salmon and scores of bluebacks. A large run of bluebacks is on here now, and fishermen are catching them by the hundreds. Scores of housewives, buying the favorite fish at 15 cents per pound, are canning it.
Hundreds of motor tourists were attracted to the market window to view the big fish.

Rural Children May Learn to Swim
The attention of rural families is called to the fact that the facilities at the Koberg Beach Red Cross swimming school are just as available for their children as for those of the city.
Tuesday mornings and Friday afternoons boys only will be instructed in swimming, diving and the Australian crawl. Tuesday afternoons and Friday mornings, girls will have the exclusive use of the school, which is in charge of Ted Cunningham, of Portland, an accredited Red Cross instructor.

Miss Juliet Whiteaker, Victor Foltus and many mothers of the girls are always present during the school hours.
Bay Sacrament to Diptheria
Funeral services were held at Lent's Tuesday for Dan Noble, nine-year-old son of Mrs. William Fales, who died the day before from diptheria. An older brother, Richard Noble, survives. The promising boy was the son of the late Earl M. Noble and a nephew of Mrs. M. E. Ienbergh.

Card of Thanks
To all kind neighbors of the Dee district we wish to express our most heartfelt thanks for their generous response to our call for help during the confinement of our home on Dee Flat. George Whitcher and Family.

Adds Power and Speed of Two Motors to Fords

3 Speeds Forward 1 Reverse

THE JUMBO Car Transmission runs more smoothly, has pulling capacity of the Ford one-car transmission, is a two-ton bearing mechanism, provides 50% greater speed than regular Ford high. The only transmission that enables you to drive down hills with a steady gear—getting a speed for every load and road condition. Gives Ford extra speed at times, and extra torque, the more exact advantage.

The Ford Passeng. Car equipped with the JUMBO 3 speeds forward, 1 reverse, exclusive type transmission will easily outperform any light car on the road. The heavy type—commercial, including power, differential with an ease and smoothness that is difficult. A demonstration will convince the most skeptical.

Drive in any class and be so heard in the class. The JUMBO Transmission is now Ford car or truck. We carry the complete Jumbo line of transmissions ranging in price from \$67.50 to \$119.00.
