A WATER SYSTEM

Hood River's greatest need at the present time is a water system with a supply adequate to meet the needs of the town...

We have reached the point where some definite action should be taken toward bringing about a better water system...

Already when prospective residents visit a town one of the first questions is: "How about your water supply?"

Indeed, this question of a better water system for Hood River is one of the most vital now confronting this city...

And we suggest that the city council appoint a commission of practical and representative business men...

The city of Hood River, we feel pretty sure, will never get its full \$1,500...

The municipal auto park in Hood River is a prize white elephant...

Apple harvest is just around the corner. Have you made your preparations for pickers and packers?

Reports of unusually heavy sales of early varieties of apples in all districts of the northwest...

Jonathans, 'Delicious and Winesaps are being sold on the opening market this year considerably under last year's opening quotations...

There is every indication that the apple market has opened at figures that will insure a steady movement of sales from harvest until the clean-up...

Throughout the northwest there seems to be a tendency among apple shippers to cooperate more closely in stabilizing prices...

ON STEALING WATERMELONS

When a party of boys gets caught raiding a watermelon patch most men have a feeling of sympathy for the culprits...

Long established custom seems to have made raiding melon patches a prerogative of youth...

The patience of men who raise melons for a living wears out after a few raids...

In view of custom your conscience, perhaps, doesn't hurt much...

Just ponder a bit, and we believe you'll begin to feel slight conscientious twinges...

What an inducement to the prospective settler to know that he may have an abundance of pure water...

Report of the income of the municipal automobile park for the month of July indicates that Manager C. O. Huelat will be reimbursed for the season to the extent of \$1,500...

The city of Hood River, we feel pretty sure, will never get its full \$1,500...
