

## DO YOU KNOW?

**KOBERG'S BEACH** has had a total attendance on Tuesdays and Fridays of more than 2800 school children to date. No charge whatever is made.

**KOBERG'S BEACH** with the co-operation of Hood River's Recreational Director and the local chapter of the Red Cross has furnished facilities so that 125 boys and girls have learned to swim and dive this season. Many grown-ups have learned too.

**KOBERG'S BEACH** is making it possible to send out into this community every year young men and women who not only know how to swim, but also to save others from drowning if the occasion arises—real community assets!

**KOBERG'S BEACH** is the only place in Hood River where every possible precaution as to safety and proper supervision has been taken to make swimming safe and enjoyable for all.

**KOBERG'S BEACH** has taken fear and worry out of many parents' minds. Practically no children or grown-ups go swimming in the slough now. There have been no deaths from drowning for two years.
