EXPORT SHIPMENT OF APPLES HEAVY

A letter received from Maynard & Child, represented here by O. B. Nye, indicate that export shipments of apples to Europe have been very heavy this season. The letter says: "Shipments of apples to Europe up to Monday of last week expressed in terms of barrels, exceeded the shipments of last year by nearly 40 per cent. The increase is traceable entirely to barrels, they having been 80 per cent greater than last year, while shipments of boxes have been 20 per cent less. This increase in itself forecasted a decline in prices in foreign markets but probably a greater cause contributing to the present low values has been the poor condition of the fruit on arrival.

"The report of faulty condition is general and undoubtedly the collapse of the fruit was due to the high temperature prevailing during the picking and packing period. The damaging influence of the heat apparently was not generally or fully realized. It is not a comforting statement but rather a fact that had the excess of exports been thrown on local markets results most likely would have been more unsatisfactory than the general average of foreign returns.

The tendency will now be to restrict exports and if this is carried to any appreciable extent we may feel sure there will be a quick reaction.

WRESTLING MATCHES CREATE ENTHUSIASM

New wrestling fans were made here last Thursday night when Fred Mortensen, Hood River carpenter, native of Denmark and holder of the light heavyweight championship for that country, defeated Cyclone Smith, of Lewiston, Ida., the best two out of three falls. The speed and action of the two men brought the enthusiastic fans, who crowded the Rialto theatre, to their feet repeatedly.

It required Mortensen 38 minutes to bring Smith to his back in the first fall. Mortensen bested his opponent with an arm scissors and a double wristlock. Smith took the second fall in 13 minutes, aided by one of Billy Edwards' famous headlocks.

Mortensen took the third fall in nine minutes, again luring Smith into an arm scissors and double wristlock hold. Plans call for a third of a series of wrestling matches here in two weeks. It is anticipated that Mortensen will meet Ted Thye here then.

Last Thursday night Sailor Jack Woods, of Houston, Tex., defeated Bill Thornton, Canadian light heavyweight champion, in two falls.

Mortensen this week will appear in bouts at Longview, Wash.

Fans were disappointed last week in the Woods-Thornton bout. Woods was one of the best wrestlers in America. A Hood River fan, however, was heard to say: "If Woods is one of the best, then our Mortensen must be a superman at wrestling. He certainly showed up better than any of the visitors."

Commenting on his scrap with Smith, Mortensen said: "He is certainly a tough nut. I believe he is the strongest man I have ever gone up against."

NICKELSEN, SENTER TAKE FIRST AWARDS

C. D. Nickelsen and Bert Senter came home with high honors on their exhibits of poultry at the state fair last week. Mr. Nickelsen, whose poultry estate of the West Side is becoming known throughout the northwest, won blue ribbons on his cockered and pullet, the only two birds he displayed at Salem. Mr. Senter won a number of first awards. He captured the championship award on his display of White Rock chickens.

Hood River county is forging to the front in the production of high class poultry. During the past week H. E. Cooby, extension specialist in poultry at U. A. C., here looking over the books of members of the Hood River county poultry association, paid the highest of tributes to the local orchardists who have made poultry raising a profitable side line.

CHRISTIAN CHURCH SERVICE INSPIRING

The rally day services of the Christian church Sunday morning were inspiring. A goal of 300 members in Sunday school and Bible classes had been set, and the officers of the church were pleased to see the mark exceeded. The prayer team aided in making the meeting interesting and inspiring. While the band, which played from the grounds of the Park street school, rendered "Onward Christian Soldiers," Mrs. W. O. Livingstone interpreted the text using in beautiful pantomime. An inspirational address was delivered by Mrs. Elizabeth Kellems, of Eugene. The church October 20 will observe its 20th birthday anniversary with an appropriate evening service.

TRUCK OPERATORS HAVE FILED SUIT

Ontario Government to Aid Apple Sales
Advice has been received that the Ontario provincial government has arranged to assist in the marketing of this season's apple crop, and that advertising will be employed to help the fruit find a market. It is also stated that the government will purchase 25,000 barrels of apples for shipment to England, the consignment being used to open up new markets and to stimulate a demand for Ontario varieties. The details of the different schemes under consideration by the eastern government were not received but it is believed energetic committees are behind all plans.

Already bulk cars of Ontario apples are being seen on the prairies. There is nothing new in this movement as every year see a certain number of cars in the smaller towns. The purchaser usually travels with the car and sells the apples in bulk from the car door, using the local papers to advertise the fact that "bulk Ontario apples are on the track—bring your own sacks."

Such cars always upset the apple market for a few days on the better graded stuff.

Portlanders Licensed to Wed
A marriage license was issued Saturday night just as Clerk Shoemaker was leaving his office to Ralph Russell, 21, and Linnie Horner, 18, both of Portland. As the couple left the court house they stated that they hoped to find a minister and have their wedding Saturday night.
