

SCHOOL NEWS
(Marguerite Harms)

The senior class gave their party last Friday night in the high school auditorium to which all of the high school pupils and parents were invited. The decorations were exceedingly good and were, of course, suited to Halloween. The party stunts were put on in the basement, through which the guests were led by spooks over an uneven path. The spooks were conveniently provided with flashlights to prevent the intensity and also to prevent accidents. In the auditorium special numbers were put on by different groups of students. The auto stunt probably created the most fun, although the alphabet class was a close second. Doughnuts and sweet cider

were served for refreshments. A part of the evening was spent in dancing, the music being furnished by high school pupils.
The junior high school masquerade party was held Friday night, under the supervision of the faculty, from 7:30 to 10 o'clock in the different class rooms and auditorium. The decorations showed both hard work and artistic arrangement. The usual Halloween games and a number of stunts were "pulled off." Several parents were guests of the pupils. Refreshments were served.
Friday afternoon Hood River won the game from White Salmon with the largest score they have made in football this year, 39-0. The game was started with most of Hood River's

second team playing. The first team men were put in until all the first team was playing. The second team played well but it was after the first team men were put in that the score was made.
Miss Ethel Swartz, of the home economics department, attended the O. A. C. homecoming last week and Mrs. Janet Jackson was substitute for Miss Swartz Friday.
Miss Winona Lewis was absent from school several days last week on account of the mumps. F. R. Spaulding was substitute.
The big football game of the season will be played Friday afternoon when Hood River high school will meet The Dalles high school in our neighboring city. Because of the large number of pupils who are planning to see the game the school board has granted permission for the high school to close Friday afternoon. It is expected that several hundred high school students will attend. No permission is granted them to be absent in the forenoon or for any grade school pupils to be absent at all. Our boys are all "pepped up" for this big game and they expect to outplay The Dalles and "bring home the bacon."
The last football game that is now scheduled is to be played Armistice day, next Wednesday afternoon, on Gibson field. The high school is co-operating with the American Legion and the largest crowd of the year will doubtless be present to see the game between Camas, Wash., and Hood River. Besides the band and the drum corps furnishing music and inspiration there will be a flag raising ceremony just before the game.
The Oregon Association of Hygiene Lecture bureau will furnish two speakers at the high school next Monday and Tuesday. H. M. Grant will deliver two lectures each day to the boys and Mrs. Alta L. Stevens will talk at the same time to the girls. They want to have a public meeting for adults in the high school Monday night. Mr. Grant will speak to the men and Mrs. Stevens to the women. Definite announcement of this will be made through the high school Monday.
There will be no school Wednesday, November 11; Armistice Day being a school holiday.
Under the direction of Miss Richards, class advisor, the junior class is preparing a play for production Friday night, November 13, at the high school auditorium, for the purpose of adding to their junior banquet fund. Miss Richards is being assisted by Miss Esther Hettlinger and Mrs. Belle Henney.
Most of the Halloween pranks about the school premises were harmless. The see-saws at the Park Street school were put out in the street and might have caused damage by being run into. Some posts were pulled up at the junior high school. Some damage, however, was done at the Coe school when a vine frame was pulled, breaking off the vine, and placed in the doorway. Here also, someone cut the awnings and carried away the ropes.
Authorized by the board of directors Supt. Cannon is making a new shower and dressing room for the football boys in the basement under the manual training department. This can be entered from the ground and is much more convenient and roomy than the small dressing room of the auditorium.
Miss Beas Chappell, state supervisor of home economics, was in Hood River last week for the purpose of forming an adult class in clothes making and millinery for eight or ten weeks. She plans to have three classes a week to be held in the high school building, one class in the morning, one in the afternoon, and one in the evening, so as to accommodate the largest number of patrons. This is an opportunity many will use. Miss Chappell intends to send Mrs. Viola Swartz, mother of our home economics teacher, for this work. All people interested should meet Miss Chappell in the music room of the high school at 2:30 p. m. Thursday, November 12.
