### WHITE SALMON

Government weather record at noon Saturday: Maximum temperature 40; minimum 30; cloudy; calm; precipitation, trace; heaviest precipitation of the week occurred Wednesday, when 3/4 of an inch was recorded. No snow has fallen here or in the Burdoin district, but Snowden reports a trace of the beautiful Friday morning. The Trout Lake district was treated to an inch or two during the middle of the week. Mount Adams shows up with a glorious mantle of new snow and lots of it. Sunday morning, 10 a. m.: Maximum 38; minimum 33. Heavy continuous rain since 5 a. m.; calm.

Bingen has apparently won out in the matter of obtaining the mail stage terminal of the Trout Lake-Guler and Glenwood routes, as the postoffice department has called for bids. The Wyers Stage Co. has operated these stages for many years, and has rendered excellent service, in spite of the various handicaps which occur during the winter months.

A turkey shoot will be staged at the Tourist club, Guler, Sunday. Some nice fat gobblers out there.

Evan W. Estep, Indian agent in the Tappanish district, was here last week meeting with directors of the White Salmon Irrigation district, whose ditch traverses Indian land.

T. Wyers, Jr., purchased a fine yearling Rhoan Durham bull last week at the Portland Livestock show.

Herbert Williams brought home a small herd of prize registered Guernsey cows and heifers, which he placed on his ranch, Twawentha, North White Salmon district.

Miss Nancy Bates, Burdoin Heights, went to Portland Friday, and will return Tuesday with her brother, R. J. Bates, who will spend a few days at the Bates ranch.

Armistice Day was quietly celebrated here. The Legion boys gave a big dance at their hall that night.

Samuel Dallas has leased the store room formerly occupied by Mr. Byrket and has moved his tire shop to the new location.

December 8 has been chosen for the historical exhibition to be put on here. Historical relics of interest will be gathered for the event. The movement is sponsored by the Woman's club.

Uncle Wee Wee has tendered some of his "hysterical" relics, as he terms them, principally Filipino bolo knives (blood stained), picked up on the battle field during the Spanish-American war. Rejected; too gruesome!

After all that has been said and printed about the disreputable and tired old Buck Creek bridge which spans the White Salmon river at the camp ground on Northwestern lake, the county commissioners have ordered a public hearing in Goldendale December 7 to thresh out the affair. The "Be It Resolved" stuff as advertised (200 words), together with clerk, hire, gas, wind, etc., would go a long way toward repairing the structure before someone is injured or killed.

Floyd G. Martin, Robert Overbaugh, Obed Olson, C. Dewalt, Harold Hood and Henry Robertson are among those who have begged the limit on deer this season. Robertson spotted his first deer recently, but the gun! That was resting in the cozy corner at home. Curse!

Mrs. Clark, mother of Mrs. C. J. Harrison, who has been here during the past year, left Thursday for her home in Los Angeles. She was accompanied as far as Portland by Mr. and Mrs. Harrison. Mrs. Clark came here for the benefit of her health and was greatly benefited.

The Woman's club gave an enjoyable party at the home of Mrs. Ida Larson Thursday afternoon. Funds are being raised for the erection of a fine club house on East Jewett avenue.

Percy Hathaway, of the Carson district, visited Burdoin friends Sunday.

Mrs. A. J. Hessler, of Chicago, was a recent visitor at the home of A. R. Hayes.

The next meeting of the Woman's club will be held November 19. Mrs. B. B. Buchanan, executive secretary of Tuberculosis League of Seattle, and Miss Charlotte Thompson, Washington state nurse, are scheduled for addresses. Mrs. Mabel Beckers is to be hostess, and the social committee consists of Mrs. A. T. Reed, Mrs. C. Warnke and Mrs. Fred L. Thomas. It is to be an open meeting and will be of great interest to all ladies attending.

Crow Bros. inaugurated a big sale November 13. Judging from the throngs of people in town Saturday, the sale has thus far been a drawing card.

Cecil Miller, of the Mountain Brook district, reports a three-year-old New-fawn apple tree in bloom, and Uncle Wee Wee's "lawn" is having a coming out party—nice green grass that reminds one that the old Japanese weather prognosticator, I. Kidja, who predicted a hard winter, is off his base.

Mrs. C. S. Card is reported as improving in health. She has been quite ill.

The Mountain Brook Commercial club held an important meeting at their club house Saturday.

Miss Betty Pearce, of the Mountain Brook district, has about recovered from a serious illness and is able to be out for a short time each day.

The announcement of the marriage of Arthur Zimmerman to Miss Beale Dilley December 9 has been made.

Mrs. Elizabeth Hacker, who has been a guest of her niece, Mrs. C. A. Pearce, of Mountain Brook, for the past 90 days, has gone to California to spend the winter.

The Mountain Brook Ladies' Aid society will meet at the club house Wednesday.

The Mountain View grange met at Odd Fellows hall Wednesday night.

Frank L. Buck, wife and daughter, of Portland, were guests at the G. L. Needham home, Locke Hill district, last Sunday. Mr. Buck is deputy clerk of the U. S. District Court of Oregon, and was a former property owner on Burdoin mountain. Wonder if this gentleman travels on railroad passes? Fill in the rest yourself and watch for a story in Merry Moraine column in a couple of weeks about "passing the buck."

Cutler Eyes, to Build  
A vacant block 200 by 200 feet bounded by Ross, Wheeler, Clackamas and Halkey streets, Portland, has been sold by the Reed Institute to the Cutler Manufacturing company. The purchasing company, now located at 363 East Tenth street, is planning on the erection of a plant covering the entire block in the near future. It was declared. The expansion will mean the addition of a considerable number of employees. The company manufactures machinery used in orchards and farming establishments. It originated in Hood River.

Lyle Crop Shipped  
The Lyle, Wash. apple crop has moved to market. H. W. Daggatt, of the firm of Daggatt & Havener, who will handle the bulk of Lyle shipments, reported last week while here that only 15 cars remained unshipped. The district's total production for the season reached about 90 cars.

## For Some—a "radio" For Others— Zenith!

SOME prefer the blare of a circus band—or the friendly jangle of a hurdy-gurdy. To them it is the only music.

Those who delight in blare and jangle do not need a Zenith—but they will find that even such music rings truer to their ears brought in by Zenith Radio.

Others go breathless at the golden notes of a lyric soprano—or the raptuous harmonies of a great symphony.

Such people—born with a love for music—should never content themselves with any radio instrument less fine than Zenith.

Zenith's appeal to the eye is instant—and enduring. Its clear, sweet tone is a revelation.

To see and hear one of the new Super-Zeniths for the first time is a memorable experience. Yet that experience is yours for the asking—in your own home if you so desire.

Simply telephone us.

Again Commander Donald B. MacMillan chose Zenith for his Arctic Expedition. When human lives may depend upon the reliability of radio performance, only one reason can explain his choice: Zenith has proved to be the best obtainable at any price.

LEAKING Roof is a disgusting thing to put up with. If it is on your barn or garage, it may spoil your hay or impair the efficiency of your stock or your machinery. If it is on your home, it means not only discomfort for your family, but possibly serious illness as well. It simply isn't worth it when the remedy is so easy.

We carry in stock materials for repairing every type of roof. If you are doubtful about what to use, tell us about your roof and we will help you select the proper materials and tell you how to use them.
