WHITE SALMON GIRL KILLED IN ACCIDENT

Neva Vaughn, 14 years old, was killed in an automobile wreck at Husum Wednesday evening of last week when the car went through the railing of the bridge over the White Salmon river, and Ione Anderson suffered a fractured skull. There were seven people in the car, but the others were not hurt.

Miss Anderson is the daughter of W. P. Anderson, and is well known in this section. The Vaughns are new comers, living on the ranch of Mrs. Evelyn Nelson near Husum.

The young people were going across the bridge about 7:30 in the evening to get another girl to complete the crowd to attend a movie show in White Salmon, according to Mrs. H. W. Gurnsey, who saw the accident.

No one knows just how the accident happened and what caused the car to swerve through the railing. A young fellow by the name of Tom Hoffman, of Gilmer, was driving very slowly. In fact the car was in intermediate gear.

Other young people in the party were Miss Georgia Snively and her brother, Daniel, Mrs. J. F. Thomson in the front seat with the driver, in the back seat were Scott Teal, Mr. Chesley, Ione Anderson and Neva Vaughn. Miss Vaughn is survived by her father, mother and a sister.

American Legion Auxiliary Notes
Do you realize that you have not paid your 1926 dues yet? We are trying hard to get our membership "over the top" by June 1, but the sooner we can do it the better.

You women certainly had a nice walk this afternoon; what are you carrying those golf clubs for? Such was a remark Jack Routledge made to a couple of his ladies' team members the other day.

Remember that May 6th is our cooky day. This means that the cookies must be at the hospital in Portland that day, and must therefore leave here Wednesday afternoon, the 5th.

DIVOT DIGS

Bill Nichols is still wondering why the ten-foot putt didn't drop; that would have given him a 38. Bill admits that the 39 is pretty good, but of course you can't satisfy a golfer.

Truman Butler is now ready for Walter Hixon. The reason, he trimmed Larry Childs and Hubert Davenport, both in the same day. After such a victory the banker golfer will rest on his laurels till another day.

The members don't know whether to be angry at the committee or U. C. Anderson for his remarkable 63 net score as medalist in the spring handicap qualifying round. Guess we'll have to blame U. C., for his 78 was also low gross score. "Look out, you club chasers."

Larry Boyd has decided to go east and see if the Mayo Brothers can get out the hook in his mangle shot. Larry admits that if it weren't for that hook he would be tough to beat.

Doc Hamilton will have no more allits this season. He had his teeth fixed the other day, with the result that his neuritis is gone. Doc says he can hit 'em any place he wants 'em now. Must be a few others with neuritis from the looks of the scores this spring.

Russell Treadway, who has been visiting Albert Case the past week, broke a course record when he holed his second shot on the fifth hole, giving him an eagle two. As far as we know this is the only one on record.

Truman Butler claims he is entitled to a hole in one. His tee shot on number two pitched into the cup, but it bounced right out again. There is nothing sure, Truman knows it can be done now.

Art Kolstad rivals the Prince of Wales when it comes to introducing styles. He trotted out the other day with a creation known as plus five knickers. They might be called the balloon style. Art says, "It won't be long now, till all the boys are wearing them."

During or after these light showers is a good time to burn up those rubbish and brush piles. After May 15 permits will be required for anyone to set on fire, or cause to be set on fire, any forest land, grass, grain or stubble, either on his own land or the property of another, inside of or adjacent to any forest land.
