Sunshine as brilliant and warm as mid-summer turned the mid-Columbia into vacation land Sunday, and all valley highways were visited by streams of automobiles here from Portland over the Columbia River highway. The temperature reached 84, the hottest of the year. Many motor visitors penetrated the Mount Hood national forest until blocked by snowbanks a few miles north of Hood River meadows. Estimates placed the day's visitors at more than 15,000, considerably in excess of the crowds that came here last week to see the apple blooms.

UPPER VALLEY PREPARES FOR FESTIVAL
Folk of the Upper Valley are actively engaged in preparations for the third annual strawberry festival, which will be held some time in June. Because of the advanced season and the early maturity of berries, the festival this season will be earlier than in former years.
Invitations will be issued to Portland folk and residents of mid-Columbia cities to attend the festival, which will include an open air program and pageantry. Strawberries will be available for all who attend the carnival.
In anticipation of a much larger crowd than had been anticipated, F. L. Keating, general chairman of committees preparing for the festa, yesterday announced that the following names had been added to the refreshment committee: Mrs. Hettlinger, Mrs. Doggett, Mrs. Culbertson, Mrs. Post, Mrs. D. Cooper, Mrs. George Cooper, Mrs. Locke, Mrs. Green, Miss Gladys Aubert, Mrs. Handlen, Mrs. Mann, Mrs. A. Thompson, Mrs. Hatfield and Mrs. Newman.
GALLIGAN PICKS THE FIRST STRAWBERRIES
W. H. Galligan, who for years has picked the first strawberries in the mid-Columbia, last week exhibited ripe Clark Seedlings. He expects a crate of fruit this week, thus setting a record early date for harvest of strawberries in this section.
General prospects for an early harvest of high quality berries were never better.

12 Reasons why you should Vote YES for the High School Bonds
PARK ST. SCHOOL, 2 TO 7 O'CLOCK SATURDAY AFTERNOON, MAY 1, 1926
1. Because the present High School is too small. It was built for 300; there are now over 400 enrolled.
2. Because the High School is growing and constantly needs more room.
3. Because new Science Laboratories are necessary.
4. Because an adequate Commercial Department is needed.
5. Because a large and comfortable Auditorium is essential to the High School and to the community. The old Auditorium, when crowded, is a fire hazard.
6. Because physical education and recreation are a part of modern life.
7. Because a Standard Senior High School must be maintained.
8. Because the old High School Building will then make a Standard Junior High School.
9. Because we will receive \$12,000 per year from outside tuition.
10. Because the new site is already paid for and there is nearly enough cash on hand to pay for half the new building. (Cost \$169,000; Cash on hand, \$80,000; vote only \$89,000 in bonds.)
11. Because the boys and girls of this age must have their chance.
12. Because you believe that a square deal for children is an investment in good citizenship.
