

# The Hood River Glacier.

VOL. XXXVII

HOOD RIVER, OREGON, THURSDAY, MAY 6, 1926

To Our Mother  
With Their Love

In the strength of Mother's love and faith is the inspiration to strive for new successes. On Mother's Day, then, let the world pay tribute to Mother—forever great in her love, her sacrifices, her hopes for her children.

## FIRST NATIONAL BANK

### The Good and Faithful Servant

Is the one who actually performs a service commensurate with his wage. Are you paying someone a commission to consign your export fruit to some English Company to sell, or are you taking advantage of the presence of such a Company in this District and consigning direct?

### Lancaster Lodge Burns

Lancaster lodge, on the Columbia River highway near Bonville, burned Saturday, the loss estimated at \$7,000, according to a telephone message received here Saturday night from E. W. Wheeler, district forest ranger at the Horns creek station. The forest at the lodge lost all household goods.

W. E. C. Members Sgt. Mrs. Moser Mrs. Iva Scobee, president of the department of Oregon, Women's Relief Corps, and Mrs. Jennie C. Bentley, secretary, were members of a state delegation of the women's organization who last week met the national president, Mrs. Katharine McFadden, of Indianapolis. The local officers accompanied Mrs. Moser on a trip over the Columbia River highway and attended a reception and dinner given in Portland in honor of the national president.

See "Snowball's" \$2500 family at the Book and Art store window Saturday.

### BOND ISSUE IS VOTED

#### NEW HIGH SCHOOL PLANT FAVORED

Resolution Adopted by 411, Largest Vote Ever Out at a School Election—New Building Seen

Hood River will have a new \$100,000 high school plant before next year, Election of the city school district, No. 3, at an election held last Saturday at Park street school, when the poll was the heaviest ever on record at a school election, made possible the new school by voting 283 for a bond issue of \$90,000 to 128 against the issue.

The school board and Supt. Cannon stated that action of the electors will result in immediate action toward sale of the bonds, and plans for the new school house will be adopted at once. The new plant will occupy a site of nine acres, already purchased and paid for, on Paradise farm at the west edge of town. The existing new building will be in sight of the Columbia River highway. It will be equipped with an auditorium that will have 1200 seats, and a gymnasium will accommodate crowds of 1,000 at basketball games.

An athletic ground, which it is said will be the best in the mid-Columbia, will be constructed on the plot.

The school authorities have furnished the following statement relative to plans for the new school:

After an intensive week of advertising the high school bond election, there was a very representative vote cast at the special election last Saturday at the Park street school, and the issue was carried by a large majority. There were 411 votes cast of which number 283 were for the bonds and 128 against. This large majority settles only necessary out his opponent, by the margin of one up. T. Bennett, White Salmon, took Boyd into camp in the second round by the margin of 3 and 1. Although Harold Davis had a good handicap he played nice golf to win from Dr. Heston. As a result of the defeat of C. G. Anderson by John Annala.

The pairings for the semi-finals are as follows: J. Annala vs. E. Fruns and Dr. Jenkins vs. winner of Murphy Bennett. Second fight: H. Davis vs. C. T. Dewey, and B. Heaman vs. winner of Mortimer-Banta. Third fight: E. R. Moller vs. winner of Havin-Simpson.

Pairings for the first round of competition between eight follows: E. Pooley vs. W. L. Marshall, E. Weber vs. A. Sallenbach, G. A. Bond vs. T. Butler, E. Hones vs. D. Hester, B. Lee vs. L. Childs vs. F. Johnson, E. Lee vs. H. DeWitt, C. E. Dew vs. C. Heston, E. Cobb vs. T. Smith. Third fight: H. Davenport vs. E. D. Smith.

All the above matches will be played before Sunday night.

been outstanding as a canning sort. One of the great needs of the Hood River valley is greater diversity in agriculture. The Chart feeding has been dependable but we are in need of sorts of greater quality and of greater bearing capacity.

The variation recently introduced are as follows: 157, Dunlap x Klondike; 6, Howard x Klondike; 5, Burdick x Arona; 48, Burdick x Howard; 17, 55, Hester; 80, 128, Dunlap x Klondike; 105, Howard x Klondike; 123, Dunlap x Klondike; 124, Howard x Klondike; 173, Burdick x Howard; 17, 218, Dunlap x Klondike; 221, Howard x Klondike; 222, Howard x Klondike; 147a, Howard x Klondike; 228, Howard x Klondike; 244, Dulpis x Bell; 250, Howard x Klondike; 251, Howard x Klondike; 252, Howard x Klondike; 253, Howard x Klondike; 126, Howard x Klondike; 128, Howard x Klondike; 224, Howard x Klondike; 27, Hester x Chesapeake; 42, Hester x Anneticus.

### SEMI-FINAL GOLF MATCHES UNDER WAY

The semi-final matches in the spring handicap will be played this week. Some very close matches and good golf have marked the playing of the first and second rounds. Lee Bennett played 18 holes to a tie and had to settle it over another 18 holes. Murphy has to start his opponent nine up on the 18.

Larry Boyd and Ray Lee had a great struggle for 25 holes and Boyd only needed one stroke to win. White Salmon, took Boyd into camp in the second round by the margin of 3 and 1. Although Harold Davis had a good handicap he played nice golf to win from Dr. Heston. As a result of the defeat of C. G. Anderson by John Annala.

The pairings for the semi-finals are as follows: J. Annala vs. E. Fruns and Dr. Jenkins vs. winner of Murphy Bennett. Second fight: H. Davis vs. C. T. Dewey, and B. Heaman vs. winner of Mortimer-Banta. Third fight: E. R. Moller vs. winner of Havin-Simpson.

Pairings for the first round of competition between eight follows: E. Pooley vs. W. L. Marshall, E. Weber vs. A. Sallenbach, G. A. Bond vs. T. Butler, E. Hones vs. D. Hester, B. Lee vs. L. Childs vs. F. Johnson, E. Lee vs. H. DeWitt, C. E. Dew vs. C. Heston, E. Cobb vs. T. Smith. Third fight: H. Davenport vs. E. D. Smith.

All the above matches will be played before Sunday night.

### KELLY BROS. RECEIVE SUPPLY OF VOLCK

Kelly Bros. have received from the California Spray Chemical Co. a supply of "Volck," a new white oil spray, which is declared to be effective in combating codling moth. The new oil spray, when tried, even when applied in mid-summer, causes no damage to fruit or foliage and gives protection against worms. It is declared.

Irving C. Deke, who was recently here, said that a number of local orchardists will try the new oil spray this season. In addition to controlling codling moth the new spray is effective against other orchard pests and diseases.

Mr. Deke was in the city again the latter part of last week. He had been at Medford, where "Volck" will be tried out by many orchardists this year. He placed the product in the Lebanon orchard of H. F. Davidsen. Numerous local growers will try the new oil spray in the control of codling moth. It will eliminate worries over arsenical spray residues, it is said.

### FIVE CENT CHERRY TARIFF MAINTAINED

The Apple Growers Association has received word from Washington that a tariff rate of five cents per pound on imported "brined" cherries, used in making maraschino stocks, will be maintained. The tariff committee a year ago had ruled for a reduction to two cents per pound. Application of the decreased rate, however, was withheld on pleas from Oregon and California cherry growers, who stated that their Royal Ann industry would be seriously affected.

Receipt of the news of the final ruling, which will maintain the old five-cent-per-pound rate, brought jubilation to cherry shippers of Wasco and Hood River counties. A large portion of the Royal Ann tonnage of both districts is utilized annually in maraschino processing. Italian cherries, in case the low tariff rate had been secured, would have deluged the markets of this country, it was declared.

### CENTRAL VALE CLUB TO PRESENT SINGER

Lovers of good music are looking forward to tomorrow evening, when O. Lawrence Woodin, baritone, pianist and composer, will be presented in a costume concert under the auspices of the Mothers and Daughters club of Central Vale. Mr. Woodin will include in his program the following selections: "Dorothy Song" from Carmen, "Trologue" from Paganini, "Song of India" by Sadha, "Chinese Boat Song." Mr. Woodin's own composition, "Song of the Volga Boatman," a group of popular songs and a group of his songs for children. Robert Flack, a well known Portland pianist, will accompany Mr. Woodin. It is not often one is enabled to enjoy a fine concert given by such a talented musician at such moderate prices, so remember the date, Friday evening, May 7; time, 8 o'clock; place, Odell Grange hall.

### COUNCIL GETS A MONSTRANCE

Property owners along Galt street, west of Ninth, which is included in a paving program by the city council, Monday night presented the city fathers with a petition, asking that asphalt paving be provided for the improvement. The petition was signed by practically all of the owners. Property owners along State street, west of Ninth, which the council planned to improve by asphalt paving and 18-foot width, asked the council to use asphalt paving and improve the street from curb to curb.

An ordinance, providing for the improvement, was not ready for final action, the petition was filed for further consideration.

A remonstrance, signed by about 400 property owners with \$250 of the \$400 franchise to be improved, asked that the council cancel its plans for the paving of Columbia street. Various householders were present to add their verbal protests to the remonstrance. They held that the paving is not necessary, as the street is well used through traffic. Others, however, declared that the improvement would pay for itself in keeping down dust in winter. O. G. Heston said he would like to see the work but would prefer to see the work left to the city if his remonstrance resulted in a majority of his neighbors. Mr. Heston said he believed in majority rule.

The Hood River Oratory League, represented by J. H. Mohr, E. F. Butler and Manager Black, remonstrated against paving at the present time. Mr. Butler and Mr. Black expressed the hope that concrete would be used, if the street is paved.

Dr. Guttery appealed to the council to drop some ordinance that will require heavy trucks to use Galt street. The piling of loaded trucks in the night, Dr. Guttery said, is the source of serious annoyance to patients at the hospital. Recorder Howe recalled some personal experience that the trucks are a grave worry to them at the hospital. The matter was referred to a committee for consideration.

The fire and water committee recommended that a water extension be given for the new Boy Scout hall at the city automobile camp. The city council is petitioning of residents who want asphalt paving of Columbia street. It was recommended that the paving of such lights be postponed until the new high school is built.

The street committee recommended that the paving of Columbia street be postponed until next year. The recommendation was at first accepted, but later it was decided to give the matter further consideration.

The matter of the automobile park received attention. Councilman Young suggested that the park be made a free institution. It was suggested that City Attorney Buntz and a committee consider an ordinance which will prevent the soliciting of motor tourists at the west edge of town. Complaint has been made that visitors are solicited to stop at a privately owned auto camp. It was recommended that the paving of such lights be postponed until the new high school is built.

Recorder Howe reported that it would be necessary to refund six months' water rent to Dr. L. L. Murphy. Thinking his new house on Sherman avenue was supplied from the city system, Dr. Murphy signed up for and paid for water. He later discovered that he was on the Collector's water system.

City Manager Clark reported that the short stretch of paving at the foot of State street was completed Monday. This is asphalt paving.

Recorder Howe reported that it would be necessary to refund six months' water rent to Dr. L. L. Murphy. Thinking his new house on Sherman avenue was supplied from the city system, Dr. Murphy signed up for and paid for water. He later discovered that he was on the Collector's water system.

### SIGURD NILSEN WILL SING TONIGHT

SIGURD NILSEN, 1st F. Fred from Trondheim, in the east and middle west, Sigurd Nilsen, internationally known basso singer, will be given an ovation by homefolks at the Rialto theatre this evening when he will be presented by the American Legion in a concert. Mr. Nilsen was reared in the Belmont district here, his father, Peter Nilsen, now located at Silverton, having been superintendent of the box plant of the Stanley Smith Lumber Co. A young youth at the Frankton school, Sigurd sang in the choir at the Belmont Methodist church, which has since been razed. His voice attracted his neighbors, and since that date they have been boosting for the now world-famed singer.

In the audience tonight will be scores of the old neighbors of young Nilsen. A large delegation will also come from Des, where his brother, Nels E. Nilsen, was formerly assistant manager of the Oregon Lumber Co.

In late May the young basso will leave for a tour in Europe. His schedule calls for concerts before the crowned heads of Europe.

### FIRST PARTY MAKES SUMMIT OF HOOD

A party of 25 members of the "Shooter Scouts," a hiking organization of The Dalles high school, reached the summit of Mount Hood Saturday afternoon. It was the first large party to ascend the peak this year, and it is a record for so large a number reaching the summit so early in the season. Clark T. Schenck, Boy Scout supervisor of Hood River and Washouak, was guide. Eight of the climbers were girls. Mr. Schenck said that conditions were excellent. The climbers chose a route not used usually.

The Dalles party returned to Clatsop Kirby Friday afternoon. They started their climb Saturday morning at 6 o'clock, reaching the summit at 2 p.m.
