Those who were residents of Odell a dozen years ago note with pride and friendly interest the announcement in Portland dailies of the new factory building now nearing completion. author, Bruce Dennis. Governor Pierce presented an elaborate array of figures to show that he had actually brought about a reduction of taxes levied for state purposes during his administration. He claims that the total decrease of state taxes in Hood River county under his administration has reached \$72,572.17.

Governor Pierce declared that those who have stated that he tore tax receipts in two during his campaign in 1922 and declared that he would reduce taxes in that manner were guilty of lying. He declared that he meant them and now that his work would be toward bringing about a reduction of state taxes on property.

The governor reiterated his faith in an income tax as a measure that will bring relief to property. He denounced the Dennis' resolution as inimical to the best interests of the state.

"I want rich men to come here to make their homes just as much as anyone," said Governor Pierce, "but I want them to bear their share of the burdens. If they can't do that, then let them stay away."

Governor Pierce cited his policy of working convicts at the state penitentiary as one of the benefits of his administration. He declared that all of the convicts are now working at the flax plant, the value of which is around \$400,000. He said that a revolving fund of about \$100,000 will be available when this year's products are sold. Governor Pierce expressed belief that the penitentiary can be made self-supporting.

He referred to the speech made here last week by State Treasurer Thomas B. Kay on matters of administering the irrigation problem of the state. The governor said he and Mr. Kay were pretty much of the same mind on the matter.

J. H. Young presided at the meeting Tuesday. Guests present were: A. W. Stone, C. G. Cornelius, Rev. H. Young and Gus V. Martin, manager of the Whitney Oil Co., of Los Angeles.

VAUDEVILLE TO BE GIVEN A TRIAL

To meet the often expressed demand for vaudeville shows of a high character, Manager Kolstad, of the Rialto theatre, announced Tuesday that this class of entertainment will be given a trial here. He has found that Thursday is an open date for Bert Levy's road show, and the first presentation of these vaudeville artists will be made tonight. The pictures will be presented just as at the Pantages in Portland, starting with a picture show. Two programs will be given each evening.

The program for tonight will include: Arthur & Perkins, in "The Downfall of China"; Tom and Jerry in stunts; Lynn and Una Wesley, singing and dancing; "Home from School" will be a special number which will have special scenery and lighting effects. Marie Martell will be presented in three big feature acts. She will carry

special scenery and unique lighting effects. The circuit shows now play at La Grande, Salem and Portland. They will be continued here as long as the demand justifies them.
