TOM SCOTT SAYS:

—that if every one could just know how good this new improved 1927 Chevrolet really is, there would be mighty little chance for any other car dealer to make a sale.

—why this new Chevrolet is so smooth in clutch action, so certain of stopping, with the new large brake, so snappy on the hills, so quick on the get-away, that the ol' man is trying to sell the Stephens so that he can drive one of the Chevrolets himself—and won't be glad to see the Stephens go!

—you can't blame him much, because this new Chevrolet is complete, with automatic wind shield swipe, rear view mirror, speedometer, oil pressure gauge, stop light, cowl parking lights, dash lights (no foggling in the dark looking for the key hole)—sun visor, 'n' everything.

—that part of our new shop tools have arrived and are in use. The new KWIK-WAY valve refacer makes any and all valve grinds better, with an accuracy within one-fourth of one-thousandth of an inch. COME IN AND SEE HOW IT WORKS.

—we are still offering brand new FORD cars and TRUCKS at a discount.

—we are maintaining FORD service at the Ford schedule repair rates, using only GENUINE FORD PARTS.
