H. L. Howe,
City Recorder.

THE NORMAL SCHOOL

(From Apple City Progress)
After all of the facts are known, it appears that Hood River still has a chance of being selected as a location for the Eastern Oregon Normal school, and in hopes of having the school located here, the city council has decided to donate to the state, a site of 20 acres adjacent to the city auto park. Mr. Hollensted, of Portland; piano solo by Miss Broughney, also of Portland. A play was given by the High School club. Gay-folk dances added to the evening's enjoyment. Miss McClure, Mrs. Hollensted and Mrs. Mobley, teachers of Mosier school, assisted the girls in putting on the program.

The Y. W. C. A. girls gave a splendid entertainment at the high school auditorium Friday evening. Opening of the program was songs by the Junior club, followed by instrumental piece, Miss Marcella Race, piano; Mrs. Donald Lyons; violin, Miss Broughney, bells. Vocal numbers were given by Mr. Hollensted, of Portland; piano solo by Miss Broughney, also of Portland. A play was given by the High School club. Gay-folk dances added to the evening's enjoyment. Miss McClure, Mrs. Hollensted and Mrs. Mobley, teachers of Mosier school, assisted the girls in putting on the program.
Your Chamber of Commerce directorate and your city council are bending every effort to secure favorable action on the part of the board of regents, and, as a business man you may be able to assist in bringing about the selection of Hood River as a site for the school. If you have any acquaintances of the board of regents, or any influence with the "powers that be" this is a good time to use it. The location of a large state institution will be a great boon to Hood River, and is something well worth working for.

HOOD RIVER ASKS FOR NORMAL SCHOOL

Following a joint meeting of the city council and the board of directors of the local chamber of commerce last Wednesday afternoon, a prospectus, setting forth the advantages of Hood River as a site for the new Eastern Oregon Normal school, was made up and sent to the board of regents. The prospectus itself was typed on an exceptionally fine grade of paper, with a printed cover and title page. It was illustrated with several photographs taken in the city auto park last Thursday morning by Fred Donnerberg, local photographer. It was bound in book form and signed by the city council and chamber directorate. In the prospectus the principal arguments for the location of the proposed school here were outlined, and an invitation was given the board of regents to visit Hood River and look over the site made available by the city council. According to word received by Superintendent Cannon from the state superintendent, the committee of the board of regents will be in this city December 6 to investigate the claims of this city.

Thanksgiving
This is the home day, the day when all of us like to gather with our relatives and friends and enjoy the Thanksgiving dinner.
We are thankful today—thankful for the measure of prosperity bestowed on us by Providence along with the joys of a healthful climate. Hood River, indeed, is a good place in which to live.
May today be one of real happiness for you all.
