—the colorful journey east through the southland

Sunny days. Languorous breezes. Great cities—San Francisco, Los Angeles, El Paso, New Orleans. Side-trips over fantastic Apache Trail of Arizona; and into age-old Mexico. Festooned live-oaks beside Louisiana bayous.

A wondrous journey, easily arranged. Stopover privileges enroute. The luxurious travel accommodations of famous transcontinental trains.

Ask for an itinerary to fit your plans. Four trains daily from Portland southbound over the Shasta route. From California the noted "Sunset Limited" to New Orleans.

No finer trip east than this. Plan it now. Write to

Why Do Thin Folks Ignore These Facts?

Regardless of Age, Sex or Family History—abnormal weight is dangerous!

Excessive Thinness means Low Vitality, Weakness and Inability to fight off sickness and disease. That's why Big Life Insurance Companies refuse to sell insurance to folks who are "too thin."

In the opinion of the writer, if you are five or more pounds underweight, you should start the use of McCoy's Tablets at once! A wonderful tonic—containing the world known flesh building value, the physical power and strength of pure Cod Liver Oil—with-out the terrible odor and taste. Kresse Drug Co. and all good druggists furnish McCoy's Tablets (60 tablets 60c) on a strict guarantee of full satisfaction or money back!

Mrs. W. W. Rodwell, who is just back from a visit in New York City with her son-in-law and daughter, Mr. and Mrs. G. E. Savage, says the consumer is paying the same high price for apples from the personal growers as though growers are not getting cost of production. She says Hood River Delicious apples are selling in the Pennsylvania station in New York City, 88c to the box, for two for 25 cents. Smaller apples were bring 10 cents each.

Mr. Savage is with a New York City advertising concern. Both he and his wife were art students in Portland.

C. L. Hallberg averages 33 miles to the gallon with the new and greater GENERAL GASOLINE

Three weeks ago I took a trip to Yakima River country and back to Seattle covering 1200 miles, in my Ford Coupe. I averaged 33 miles to the gallon, on the new and greater General Gasoline. I also included 4 days running around in Spokane and equipment and my finding perfect satisfaction in all seasons of the year.

Yours very truly,
C. L. Hallberg.

This greater gasoline is the result of years of effort to produce a highly volatile gasoline that is perfectly balanced. You'll get a noticeable increase in gas-miles—a noticeable increase in power—quicker start the year 'round—no sulphur—no acids—less carbon.

The new and greater General Gasoline is worth a premium. It costs no more than others. Look for the Green and White Sign at Independent Dealers.

Drain your crank-case and fill up with Parabase motor oil. Parabase for Ford. It's the end of the run that counts.

Watch Elimination!

Good Health Depends Upon Good Elimination.

RETENTION of bodily waste in the blood is called a "toxic condition." This often gives rise to a dull, languid feeling and, sometimes, toxic backaches and headaches. That the kidneys are not functioning properly is often shown by burning or scanty passage of secretions. Thousands have learned to assist their kidneys by drinking plenty of pure water and the occasional use of a stimulant diuretic. 50,000 users give Doan's signed endorsement. Ask your neighbor!
