Palmiter is a member of Alpha Gamma Rho, national social fraternity, and of Alpha Zeta, national honorary fraternity for students taking agriculture. He is active in campus activities. Oretta Taylor, of Hood River, sophomore in vocational education at O. A. C., has been appointed to the student honor council, according to announcement made by R. Bert Fehren, president of associated students. The honor council is composed of students who are vested with complete executive and judicial powers for the administration of the honor system—a system established at O. A. C. to maintain a high standard of honor among students of the college. Miss Grace O. Furrow last Friday evening presented her piano pupils in a recital at Library hall. The following pupils participated: Robert Samuel, Lela and Mary Merritt, Virginia Laurence, Melvin Lingren, Elwood Samuel, June Wheeler, Alberta Frohn, Chilquita Winkler, Evelyn Baker, Louise Baldwin, Peggy Baldwin, Maxine Williams, Edna Smith, and Mary Lett. It will be held May 1-3. It will begin on Sunday with a special service both morning and evening, then Monday, Tuesday, and Wednesday will be fully occupied, closing with a great entertainment by local talent Wednesday evening. There will be special reasons for the interest of the whole community to be enlisted, and will be the greatest effort of its kind the local church has ever attempted. You will be interested in watching for further announcements. Backed by the local Ministerial association, there is being planned a city-wide Vacation Bible school for the coming season. It will be a united effort rather than a union effort of churches holding their own, or where convenient uniting with a near-by church, and the probabilities are that practically all of the churches will cooperate. Plans are being perfected, and competent teachers are already volunteering their services for that work, and the prospects are good for splendid accomplishments along that line for the coming summer.

Man Killed by Freight Train An unidentified man, about 35, was ground to pieces beneath an eastbound freight train Saturday night, when apparently he severed the air brakes, causing the train to be cut in two near Sonny, six miles west of here. The body, cut in three pieces, was brought here and turned over to Coroner J. W. Sifton. It was held at the Anderson mortuary. The victim was stealing a ride on the bumpers. The man had black hair, and a portion of his right foot had been cut off in some former accident. Coroner Sifton does not plan on holding an inquest. No relatives of the unidentified victim of the accident were located, and his body was buried in the county plot at Idlewild cemetery yesterday.

BOY SCOUTS WILL PRESENT SPECIALTY

Troop 2 of the Boy Scouts commanded by Geo. Y. Morrison will present Fred Thompson and his horse, Silver King, in a special Boy Scout picture entitled, "A Regular Scout," at the Rialto Wednesday and Thursday, March 23 and 24. This is a typical Fred Thompson western picture but in addition to this there appears a troop of Boy Scouts who help the picture to its ultimate happy ending after some of the most thrilling scenes ever enacted before a camera. The picture is produced with the full consent of the National Council of Scouts and Troop 2 is to be commended for their foresight in arranging an early showing. Troop 2 under Mr. Morrison has already a dandy home of its own near the city auto park and the monies raised by the sale of these tickets will help them defray numerous expenses incidental to the operation of their quarters. The picture is one that old and young alike will enjoy and will doubt the best possible type of entertainment to be shown under the auspices of the Scouts. Tickets will be on sale at regular prices in the next day or so and all are urged to help the boys along as every ticket purchased from the Scouts will help swell their treasury to the extent of the percentage in which they share on the showing of the picture. Special advertising features will be noted in the wig wag flags gotten out by the National Council and the boys in their ticket selling campaign will be on the street in full uniform working wig wag signals from one to another. Arrangements if completed with the schools, will enable all school children to see the picture at a special matinee for school children. Don't forget the dates, Wednesday and Thursday, March 23 and 24.

4-H CLUBS SHOW STEADY INCREASE

The Steady Stitches Sewing club was organized Saturday, February 19, and is meeting every Saturday for sewing instruction under the leadership of Mrs. J. W. Crites. This club is composed of eight girls of the seventh grade age and is a unit of the nationwide organization known as Boys' and Girls' 4-H Club Work. This club work constitutes a part of the national agricultural extension system, by means of which instruction in agriculture and home economics is given to rural boys and girls by the United States Department of Agriculture, with the cooperation of state agricultural colleges and local agencies. The work is carried on with boys and girls 10 to 20 years of age, in groups of 5 to 15 members. They are organized as clubs with a president, secretary and other officers and an adult leader or instructor. The 4-H Club Work has enrolled in more than 505,000 boys and girls in the United States, who are organized into about 41,000 clubs. Although the Steady Stitches is the first of these clubs to be organized in the town of Hood River, club work has been carried on successfully in Hood River valley for several years. At the time of the beginning of the first town club, there were 25 clubs at work throughout the county, the work covering a wide range of activity, from pig raising and gardening, to sewing, cooking and canning. There are now three cooking clubs and one sewing club at work among our town boys and girls, with another sewing club forming. The membership of the Steady Stitches comprises Ruth Crites, president; Valma Hicks, vice-president; Edith Hathorn, secretary; Madeline Gaddie, Jessica Davenport, Helen Day, Marie Patton, Olive Cooper, and Mrs. J. W. Crites, leader.

PINE GROVE FORUM HEARS STORY OF POWER PROGRESS

S. E. Skelley, of the staff of the Pacific Power & Light Co., Tuesday delivered an interesting illustrated lecture to the luncheon forum of the chamber of commerce. He showed stereoscopic views of scenic mountain districts of the Pacific northwest, where his company has hydro-electric plants. The Pacific Power & Light Co., the system of which is now tied in and furnishing service to all of eastern Oregon and Washington, spends an average of about \$1,000,000 annually. The valuation of its properties has climbed in the past decade from \$11,000,000 to \$22,000,000. Mr. Skelley said the Hood River valley is now the most highly electrified rural community in the northwest. The electric company's road show was given yesterday afternoon and evening at the theatre. Alva L. Day handled the stereoscopic machine. Visitors at the luncheon Tuesday were: Earl Clark, new Tum-A-Lum Lumber Co. manager; E. C. Sprague and F. E. Butters, San Francisco electrical men, and Charles Kingman and Russell Dalgleish, of the White Salmon plant of the power company, and G. L. Aggers, of White Salmon. Secretary Shoemaker announced that S. E. Bartness had turned in 17 new names for membership. R. E. Scott reported that the membership committee had withheld until some later date the proposal to change the meetings from Tuesday to Saturday.

MR. AND MRS. JEWETT HOLD CELEBRATION

Mr. and Mrs. A. H. Jewett, of White Salmon, Wash., celebrated the 57th anniversary of their wedding Sunday at the home of Mr. and Mrs. C. E. McIntosh in the Parkdale district. They were guests of Mr. and Mrs. McIntosh and Mr. and Mrs. H. L. Sommer. Mrs. Jewett is known throughout the mid-Columbia for her lifelong interest in civic work and women's clubs. Mr. and Mrs. Dunn and Mr. and Mrs. Charles Mansfield, of White Salmon, attended the celebration.

CHEVROLET PRODUCTION AT RECORD

Because of an unprecedented demand for the new models announced at the beginning of the year, the Chevrolet Motor company during February again topped all previous monthly production records for automobiles with an output of 85,821 cars. Word to this effect has just reached the Bartol Motor Co., the local dealer, from the factory. "February production this year showed an increase of 34,518 cars, or more than 67 per cent over the total of 51,303 Chevrolets built in the same month last year," said Tom Scott. "Despite the greatly enlarged facilities provided under the \$10,000,000 expansion program completed December 1, 1926, the factory has been forced to expand its operations by working overtime, day and night, to meet the nationwide demand, which marks the rise of the company to its position as the largest manufacturer of gear-shift cars in the world. "Factory executives ascribe only one reason for the phenomenal growth in popularity of the Chevrolet car—it has met the public desire for an automobile of exceptional quality and performance at a reasonable price. This is what is causing the company continually to extend its production, a record seemingly being made one month only to fall before that of the following month."

W. H. MCGUIRE HAS STARTED NEW DAIRY

W. H. McGuire, who has been maintaining one of the valley's prize dairies in the Upper Valley, has moved to the Witham place on the West Side, where he has started the Pinehurst Dairy. Mr. McGuire, who is now in Sifton, is the proprietor of the Anderson Jersey cows, has one of the most notable of mid-Columbia dairy herds. His cows have been tuberculin tested each year for the past four years, and are now accredited for certified milk. Mr. McGuire is one of the most enthusiastic of Hood River dairymen. His goal, he says, is to make Pinehurst one of the best known dairies, with a reputation for quality milk, in Oregon.
