GRADING RULES ARE EASY TO INTERPRET

Changes in the Oregon apple and pear grading rules for 1927 will be chiefly a better wording of specifications, according to a large local delegation, representing the Apple Growers Association, the Hood River Traffic Association and growing interests, who attended a conference of the Oregon State Horticultural Commission in Portland Monday.

"Formerly," said R. J. McIsaac, president of the Apple Growers Association, one of the delegates to the meeting, "we always experienced delays in getting settled down to definite interpretations of the rules each fall because of indefiniteness. Now the rules are easy to determine. Interpretation will be easier, and naturally inspectors will be able to enforce the rules more easily."

LEGION TO SPONSOR A CARNIVAL HERE

The American Legion Post has been awarded a concession to hold a carnival April 16 to 23. The ex-service men's organization has arranged with the C. F. Zeiger United Shows to set up their equipment on Twelfth street, the Heights, and the big time will begin Saturday.

The carnival this year, according to Mr. Zeiger, will be better than ever. People who will operate concessions and new forms of entertainment are already arriving in Hood River from various points.

"We will have numerous attractions this season," said Mr. Zeiger, "that are entirely new. They will receive their premier showings here. Shows have been at work all winter getting the old equipment in the best of shape. Everything Saturday will be quick and snappy. As you will remember, our shows wintered here this year. The Zeiger United Shows are Hood River's own attraction."

Easter Services, Christian Bible School
Plans for Easter are complete and comprise a unified service in the morning from 9:45 to 12. Cutting's orchestra will supply the instrumental music for this service. The program by the school will be given at 8 p. m. The regular collection in the evening will be given for the relief of aged ministers and missionaries of the church.

Morning program, beginning at 9:45: Orchestra prelude; Song No. 120, "Christ Arose"; Song No. 257, "Christ the Lord is Risen"; prayer, W. A. Wood; birthday offering and announcements; march by orchestra; 30-minute class period; march and assembly of whole school; Song No. 241, "At the Cross"; song by Primary Department; Easter Giltman, Betty Simpson; "Easter Greeting Song," Primary greetings; "Come Unto Me," Elved Steele, Joe Wendling, Lou Frank Wilson; "A Little Lily," recitation, Maxine Simpson;

munion hymn, Communion, offering, special music by choir, announcements, sermon, invitation hymn, benediction, postlude by orchestra.
At 8 p. m., Mrs. R. E. Steele, director: "The Stone is Rolled Away," chorus, Berean class; prayer, the pastor; "Easter Eggs," recitation, Maxine Beck; "Easter Bells," Gladys Blagg, Esther Gilman, Betty Simpson; "Easter Greeting Song," Primary greetings; "Come Unto Me," Elved Steele, Joe Wendling, Lou Frank Wilson; "A Little Lily," recitation, Maxine Simpson;

"Adoring Sing," chorus, Berean class; "If," recitation, Billy Richardson; "Bells of Easter," song, Primary department; "Crowning the Cross," solo, Junior girls; "Jesus Reigns for Aye," chorus, Berean class; "The Legend of the Lily," recitation, Ruth Oliver; vocal duet, Mrs. Gilbert and Mrs. Heavis; "Easter for All," six girls; "He Lived As He Said," chorus, Berean class; "He Even Hides Within the Lily," playlet, characters, John Webster, R. E. Steele; Mrs. Webster, Mrs. Simpson; Mildred Webster, Mildred Muller. Offering: "Joy Shall Come," chorus, Berean class; benediction by the pastor.

The public is cordially invited to each of the services of the day.
Highest cash prize paid for your used furniture, stoves and more. Call McClain E. A. Franz Co.
It is interesting to know that insurance companies do not carry their own Automobile Accident Insurance. They protect their cars with a policy in another company. See R. E. Scott. 134

STAR CARS PROVE VERY POPULAR HERE
The Star cars have proved their popularity here again this year. The carloads of Star Sixes and Fours received last week were gone by the time the week was over. Another carload of the popular motor vehicles arrived yesterday.

A. B. Cooper, traveling representative of the Ideal Grader & Nursery Co., purchased his third Star last week. His latest machine is a sedan.
The "Grafte," special car designed to show special points of the Star, will arrive here today and remain in the county until Saturday.

Telling of the doings in the world of the Star car, James Fenimore said: "Another solid train loaded with Star cars left the Elizabeth, N. J., plant early last week. Fifty carloads of Star fours and sixes went into the Dallas, Texas, territory. The week previous, two trainloads of Star cars left the Elizabeth plant. One went to Denver and the other to Kansas City.
The first of the new 'Silent' Star Fours to cross the continent reached San Francisco last week. The car, a Star Four coach, was driven from Altoona, Pa., by Fred Fernbaugh, a railroad man who is taking a vacation and traveling by motor car instead of using his pass.

"Charley Born, star sprinter of the University of Southern California, drives a Star 'Collegiate' roadster.
"J. E. Benton and F. M. Travers, of Portland, recently completed a 13,000 mile tour in Benton's Star Six sedan."

FLOWER SHOW TO BE HELD HERE SOON
A flower show—the first to be held in Hood River—is being planned for next month. It was announced at the meeting of the local garden club held Monday evening. A committee has been appointed to make the necessary plans. An effort will be made to time the show when the early summer bloom will be at its best.
An attractive small exhibit was made at the meeting, when about 30 varieties of narcissus, donated by the Northwest Bulb company, of Portland, attracted attention by their beauty of form and fragrance. H. M. Seacroft exhibited a beautiful bowl of hyacinths; Mrs. A. L. Paddock showed some attractive St. Bridget anemones; a plant of the new and rare blue primrose was displayed by Mrs. George Friday, who grew the plant from seed, and Mrs. Leigh Bennett showed a variety of primroses, including the Alpine variety.
A practical and valuable feature of the program proved to be the paper by Forrest Carter, entitled "Practical Landscape Gardening." This paper, offering a wealth of suggestion, was carefully prepared and was illustrated by hand sketches. All details of home planning and planting were handled in a simple and easily understood manner.
An interesting and entertaining talk on the gladiolus was made by A. G. Lewis, who prefaced his remarks by stating that authorities have agreed the name may be pronounced in any way the individual desires, although he prefers "glad" as being most expressive of the flower. His instructions as to care and culture elicited a number of questions.
Club members made a ready response to the request for contributions to a list of hardy and non-hardy shrubs. These two lists will be kept on file by the club for reference by any who desire.
A board of four directors from various parts of the valley were elected as follows: A. J. Brunquist from the Upper Valley, Mrs. A. J. Graf from the East Side, Mrs. A. L. Paddock from Oak Grove and George E. Goodwin from East Barrett.
Meetings will be held the second Monday of each month and future programs will be in charge of a committee headed by Mrs. J. M. Culbertson.

Wasco Pioneers to Meet
City Recorder H. L. Howe, secretary of the Hood River County Pioneer Association, will head a delegation of local pioneers who will go to The Dalles on May 7 to attend the annual reunion of the Wasco County Pioneer Association.
The reunion will close with an old-fashioned dance.

This modern age discriminates—and smokes Camels

THIS age is the hardest to satisfy—it's the most discriminating age ever known. That's why it goes to Camel for cigarette enjoyment. It takes real tobacco to satisfy modern smokers and Camels are made of the choicest tobaccos grown, marvelously blended. Smokers of today are right in demanding Camels; no better cigarettes are made, regardless of price.

To seek a real smoke is to find Camel—the choice of the modern world. Camels are a revelation of goodness, always mellow, smooth and mild. This age shows the way to smoke contentment—"Have a Camel!"

Fire Loss Reaches \$200
Sparks from a smoke stack fired the roof of the Meyer & Smith cleaning plant Saturday just before noon. Damage from the fire and water reached an estimated \$200. All clothing of patrons was removed from the building.
The fire department, located within a stone's throw of the building, was on the ground immediately, and the flames were attacked from the attic. The force of the water pressure tore shingles from the roof.

Auxiliary Official to Visit
The American Legion Auxiliary will hold open house to all wives, mothers, sisters and daughters of Legionnaires, as well as the unit members, on Monday, April 18, at the home of Mrs. A. L. Anderson, now living in the Chindlund house, on the highway, just west of the auto park.

It is expected that Mrs. Weber, the hospital chairman for the state, will be present from Portland to tell of the work the Auxiliary does for the boys in Hospital No. 77, and their families. No one is better qualified to put before the members the humane and interesting phase of their work than Mrs. Weber. Her experiences as related, are always a tug on the heart strings, but they make the members realize just that much more, the necessity for carrying on.
Application blanks will be available for anyone who wishes to join the unit. However, no obligation or expense will be incurred by anyone attending, the whole desire being to acquaint those interested with what is being accomplished by the Auxiliary.
Tea will be served, and entertainment provided, so bring your sewing if you like and spend a pleasant afternoon with the Auxiliary.

FISHING SEASON IS HERE!
