Springtime
Did you go with the children Sunday on a walk
into the forest coves. The wild flowers are bloom-
ing. You had the urge to get ready for a garden.
You do not have to wait, however, for the
seeds to sprout and grow into vegetables in order
to have fresh sass for your table. We have fresh
vegetables now. And always we have the best
of groceries available.

HOLLAND BANKER VISITS THE VALLEY

F. M. Wachter, a high official of the
Holland-America bank at The Hague,
has been here on a tour of inspection.
He was accompanied by A. Vandermul,
president and general manager of the
North Pacific Mortgage Co. of Seattle.
With A. J. Vogler, manager of the
company's holdings, the two financiers
visited various Oregon and Washington
sections.

Mr. Wachter last season purchased
52 cars of apples from the Apple Grow-
ers Association for European connec-
tions. He plans on increasing his ton-
nage of local apples the coming year.

While here Mr. Wachter visited E. J.
McIsaac, president of the Apple Grow-
ers Association, who called on him
while on a recent European tour.

Mrs. Elliott to Start New Parlor
Mrs. Ethel Eva Elliott will start a
new beauty parlor in the Cobb apart-
ments on May 1. It will be equipped
with all the latest appliances for
beauty shop work. Mrs. Elliott, a
graduate of Madame Patience, has
been for years at the Cobb apart-
ments. She has a shop in the First Na-
tional Bank building.

Car Upsets, No Damage Caused
Just as the family of County School
Superintendent Crites was starting to
dinner, last Friday night, a little
daughter looking for a window cried:
"Daddy, look quick, there's a car
upside down."
Mr. Crites rushed from the house,
to find that a small car had turned end
over end in running over a fence. He
found the driver, Glenn Wilson, local
theatre man, imprisoned inside. With
help, Mr. Crites righted the car, and
the driver, issued forth. No damage
resulted, however, and Mr. Wilson, ex-
pressing his thanks, took the wheel
and returned to the city.

"In five minutes I was back at the
table with the family," said Mr. Crites.
Mr. Wilson's car had been knocked
into the Bush by a truck, by another
machine passing him.

Apples Well Cleaned
By the end of last week but four
cars of the record Hood River Valley
apple tonnage for 1926 remained in
local storage. The Apple Growers As-
sociation cleaned up its local storage
plants, getting the fruit to Portland
for export. The cooperative ended its
exports from Portland last week, for-
warding 40,000 boxes of apples on three
ships. But two cars are left in the
hands of the association here. May-
nard & Child have two cars left.

Total shipments of apples to date
reached 4,812 cars.

R. W. KELLY VISITS HAWAIIAN ISLANDS

When the S.S. Matsonia arrived in
Honolulu recently from San Francisco
it was greeted by Hawaiian boys who
splashed about the ship diving for
coins. The Hawaiian band on the dock
played native melodies. As the
visitors came ashore they were wel-
comed in the quaint old Hawaiian
fashion with leis (wreaths) of fragrant
flowers.

Among those arriving on the S.S.
Matsonia was R. W. Kelly, of Hood
River.

Visitors in Honolulu are showing a
great deal of interest in meetings of
the territorial legislature which is now
in session in historic Iolani Palace,
formerly the home of Hawaii's kings.
Probably nowhere else in the United
States can the traveler find as many
races represented in one law making
body. Hawaiians, predominants, and
"haloes" (whites) form a large propor-
tion of the membership. Portuguese
are represented and this year for the
first time a Chinese representative was
seated.

Many of the passengers from the
Matsonia are planning trips to all of
the principal islands—to Waimea can-
yon on Kauai; to Haleakala, the
world's largest extinct crater on Maui;
and to the volcano of Kilauea on
Hawaii.

WISCONSIN ROADS FOR LOCAL TRAFFIC

(By A. D. Moe)
Milwaukee, Wis., April 6, 1927.
And the next day it snowed!

In my letter last week I mentioned
the coming of spring with the robins
out in the lawns and the grass begin-
ning to show green, but failed to knock
on wood, so when we woke up the next
morning a sort of blizzard was raging,
the snow whirling around with a stiff
wind which continued all day.
Only about three inches of snow fell,
but it drifted on the highways in places
so that snow plows were necessary to
clear the roads. The next day we saw
many of these snow plows as we drove out
to Donsman to visit the Masonic home.
Alternate days of sunshine and rain
have again made spring a reality, but
all districts not connected with paved
roads are isolated in a sea of mud.
All roads to St. Paul and Omaha are
closed to traffic. As the frost comes
out of the ground it heaves the roadbed
in places so that even macadam roads
with a good rock base will not stand
up, so the roads are closed to traffic
to save them.

Roads in this country are apparently
not built for through traffic, but to
serve local traffic only, so every spring
even the macadam roads are closed,
while the ordinary dirt roads can hard-
ly be navigated after every summer
rain. There are no complete paved
highways running across the states of
Wisconsin, Iowa, or Minnesota, and
they are the only roads that can be
used the year round.

We are taking advantage of the bad
roads to make a longer visit to our
relatives and friends, and hope to be
able to get through a little later.

At a ceremonial of Tripoli Shrine
which I attended with Dr. Hagerman,
I met many friends of Willmer Sieg.
Mr. Sieg was head of the Milwaukee
Shriners before coming to Hood River,
and very popular here. The afternoon
session was held in the Scottish Rite
temple and evening in the large audi-
torium.

We had a nice visit with Rev. Ed-
ward A. Harris, formerly pastor of the
Riverside church at Hood River, and
Mrs. Harris. Mr. Harris is manager
of the Advocate Publishing Co. here,
which prints several publications and
does general job printing. After leav-
ing Oregon poor health compelled him
to give up his pastorate, and he finally
was obliged to undergo a number of
operations. He is now in fairly good
health. Mrs. Harris is also recovering
from a serious operation.

Legion Auxiliary "Spring Frolic"
Plans are now complete for the pret-
tiest dance of the season, which is to
take place at the K. of P. hall, Wednes-
day, April 20. The Auxiliary promises
that spring will be ushered in on that
date, if one may judge from the ap-
pearance of the hall. They hope to
make this an annual Easter ball, and
the attendance on Wednesday night
will help to decide this factor. Bud's
Acce will play, so come one and all to
the Easter ball, where joy and beauty
will reign.

Notice of Final Account
In the County Court of the State of
Oregon for the County of Hood River.
In the Matter of the Estate of John
A. Wilson, Deceased.

Notice is hereby given that Nancy A.
Wilson, executrix of the estate of John

Paint is only 1/3 the cost of Painting

Then why not have Fuller Quality?

SUCH a small part of your painting
dollar is spent for paint that it is
real economy to use the best.
Good paint actually lessens labor costs
because it goes so much further. Then,
too, lasting beauty and protection are
entirely dependent upon quality.

Pure Prepared and Phoenix Pure
paints are the finest ready-mixed
paints for all general purposes. They
contain only pure pigments, mixed
with the highest grade linseed oil.

And of the same high quality are
Fuller Porch and Step Paint and
Pioneer Shingle Stain. You cannot
buy greater value; you shouldn't be
satisfied with less!
