

MASS MEETING OF GROWERS TONIGHT

The Apple Growers Association has called a mass meeting of growers for tonight at library hall for discussion of plans for cleaning apples and pears of spray residue the coming fall. The Association has started construction of a large cleaning plant in the city. Numerous growers, who have a heavy tonnage of apples, plan on installing individual cleaning plants.

Efforts will be made to secure the cooperation of growers and operate every cleaning unit to its full capacity. It is anticipated that the tonnage of apples, cleaned and made ready for market in 40 days.

Gorge Guards Increase

With the summer season well advanced, the Columbia Gorge hotel is now doing a capacity business. Visitors at the Gorge the past week were: Mr. and Mrs. C. A. Barton, of Boise, Ida.; Miss Helen Blacker, Miss Dorothy Blacker, Miss Grace Donahoe and Miss Lolla Donkin, of Berkeley, Calif.; Mr. and Mrs. David I. Stoddard, of Baker; F. S. Holmes, of Stoddard; Mrs. Robert Watt, of San Francisco; Mrs. M. E. Shepard, of Palo Alto, Calif.; Miss Rose C. Franklin, of East Orange, N. J.; Miss N. Manning, of London, Eng.; Geo. E. Stringer, of Pasadena, Calif.; Mr. and Mrs. F. K. Brown, Mr. and Mrs. Chas. W. Colby, of Seattle; Mr. and Mrs. Herman Siegrist, and Ken Siegrist, of La Grande; Mr. and Mrs. L. H. Gray, of Fremont, O.; Mr. and Mrs. Arthur J. B. Dewdney, of daughter, of Calgary; Mr. and Mrs. Frank C. Counts, of San Francisco; Mrs. H. S. Tinsley and Mrs. McAlpin, of Oakland; Mr. and Mrs. H. J. Jordan of Grand Rapids, Mich.; Mr. and Mrs. E. S. Litchfield, San Diego, Calif.; Mrs. Wm. C. Bliett, of Long Beach, Calif.; N. Roberts, Omaha, Neb.; E. P. Cooper, of Chicago; Mrs. E. B. Meade, of Seattle; Frank F. Hess, of Longview; Mr. and Mrs. H. LaFrenx, of San Francisco; A. B. Gilchrist, of The Dalles; Captain and Mrs. Herman Kotschman, of Seattle; Mr. and Mrs. C. E. Williams, of Placerville, N. Y.; Mrs. J. V. D. Smith and children, Mrs. M. R. Heydon and Jean Bird, of Twin Falls, Ida.; Miss Kate T. Nordin, Mrs. Wm. B. Daly, Eugene W. Daly, William B. Daly and Joseph Sullivan, of Butte, Mont.; Mr. and Mrs. W. A. Allen, of Salt Lake City; Mr. and Mrs. Peter G. Schmidt, Clara Louise Schmidt and Bux Schmidt, Mr. and Mrs. R. D. Larrabee, Olympia, Wash.; Mr. and Mrs. E. G. Naper and son, of Seattle; G. J. Taylor, of Boise, Ida.; and Mrs. Irving M. Lupton and daughter, Mr. and Mrs. H. E. Collier, Mr. and Mrs. H. R. Ferry, Mr. and Mrs. B. A. Schoon, Mr. and Mrs. J. R. Long, Mr. and Mrs. David Strong, Mr. and Mrs. A. J. Dunley, Mr. and Mrs. M. F. Keller, of Portland.

Grange Store Opens Meat Market

The Grange Co-operative Store has installed a meat market department. E. M. Holman, one of the city's most experienced meat men, is in charge. An ice machine has been placed in the basement of the store building, and a neat arrangement has been made of a refrigerated case and cooler in the rear of the building. The Grange store will make deliveries of its meat products, a full line of which will be carried at all times, with groceries. The new service bids fair to become a popular addition to the activities of the Grange store.

Hollywood Fads are still going strong at Eby's Studio. Nine for 25c. Watch the papers to hear us say stop.

GOLF NEWS

The Husband and Wife two-ball foursome tournament made things very lively around the Country Club on Sunday with 44 players participating. The event started promptly at 1:30 and continued throughout the afternoon. Each couple played one ball, playing alternate strokes, one-half of the combined handicaps of the two players being used to compute the net scores. First prize was won by Mr. and Mrs. Corbett Alexander, with a net score of 70. Mr. and Mrs. Walter Woodpeck won second prize with 71. Mr. and Mrs. C. T. Dewey won third with 75, and Mr. and Mrs. Raylin fourth with 77. The other scores in their order are as follows: Dr. and Mrs. Hamilton, 78; Nathan Meers and Junior, 78; Mr. and Mrs. DeWitt, 79; Mr. and Mrs. Fred Johnson, 79; Mr. and Mrs. George Thomson, 79; Mr. and Mrs. Leroy Childs, 79; Mr. and Mrs. B. E. Cobb, 80; Mr. and Mrs. Edgar Franz, 80; Elmer House and daughter, 82; Mr. and Mrs. Earl Weber, 82; Dr. and Mrs. G. R. Zener, 87; Mr. and Mrs. Leon W. Bentley, 87; Carroll Hart and daughter, 88; Mr. and Mrs. J. S. Boyd, 89; Mr. and Mrs. John Baker, 89; Mr. and Mrs. Crostley, 92; Mr. and Mrs. Roderick McCrea, 93; Mr. and Mrs. L. A. Bennett, 96.

On next Sunday will be played the qualifying rounds of the Summer Handicap tournament. According to the rules of the tournament committee 18 consecutive holes must be completed on Sunday to entitle a player to a place in the various flights. The 16 lowest scores will constitute the championship or first flight, the next 16 the second flight, continuing in this order until all those qualifying have been placed. In the championship flight there will be a special contest for the Beaten Eight. First and second prizes will be given in each flight.

The Hood River links are becoming very popular with the tourists this season. The fame of the course has spread far and wide, and many tourists are coming here now particularly for the golf. During the past week over 70 tourists registered at the club house and took out playing privileges, several of whom used the tennis courts in preference to playing golf.

On Tuesday of last week 20 women were out. Mrs. Blancher and Mrs. Raylin tied for the lead. Mrs. Raylin won when they drew for it. Hood River and The Dalles in a tournament at the links of The Dalles course last Thursday, score 26 to 26.

Fourteen were present Tuesday of this week. Mrs. Geo. W. Thomson won the ball. Her score was 54-38-36. Mrs. A. E. Adams played the low net score of 43. She played another 85 the past week, her score being 42-43. While the weather remains hot scores may be turned in any time of the day.

Idahoans to Picnic

Mid-Columbia folk who formerly lived in Idaho will hold their annual picnic at Herman creek camp ground next Sunday. A program of games and sports is being arranged. Ice cream, coffee and lemonade will be furnished on the grounds, but all participants are asked to bring their lemons and sugar.

Butler Praises Victoria

Truman Butler and Al. W. Peters returned Tuesday from a two week motor vacation that carried them as far north as Victoria, B. C. "Victoria is an admirable spot for a vacation," said Mr. Butler, "and the journey going and coming is a pleasant one over the finest of highways. We found an ideal spot, a quiet old English inn with a water frontage, and it formed the best place I have ever seen for a good rest."

Simplicity marked the ceremony at the home of the bridegroom's parents, Mr. and Mrs. J. C. Johnson, Sunday, when Miss Luella Mae Nielsen, daughter of Mr. and Mrs. H. B. Nielsen, Mosier, was the bride of Arthur C. Johnson, prominent young merchant. Only close friends and members of the immediate families were present. Rev. Henry Young, pastor of Asbury Methodist church, officiated.

Mr. and Mrs. Johnson left at once for central Oregon on a motor honeymoon. The bride is a graduate of the Mosier high school. Mr. Johnson is a graduate of the Hood River high school and Whitman College. He is a member of Beta Theta Pi fraternity and is a great war veteran, having served with the Marine Corps.

NEW TOURIST MAP ISSUED BY O. S. T. M. A.

The Oregon State Motor Association has just issued for distribution the most up-to-date map of the Western United States for the use of the automobilist that has yet been produced. This map is prepared with the idea of showing the recreational centers of the Western United States and is issued under the sub-title "The Playground of America."

The map shows eleven states and two provinces in Canada and is so prepared as to show all main traveled highways. These highways are in turn marked to show the various types of surfaces.

All national parks are shown and the various roads carry the United States markings as given by the Federal Bureau of roads. Rivers and mountain ranges are shown and the map shows everything an automobilist needs to prepare a routing in any one of the states of America.

The New Fraser River highway is shown and as this is the first Canadian highway to cross the Rockies, this feature alone has caused a great many requests from other states for the map. To show the thoroughness with which the map is prepared, the motor association sent to each state and province a blue print of the map after it was finished, asking that the various highway departments inspect the map and make corrections. After these corrected blue prints were returned there came a number of complimentary letters asking for copies of the map after its completion and commenting upon the thoroughness of its preparation.

The map is a product of the Oregon State Motor Association and will be followed by a series of new strip maps, the information for which is now being prepared.

WEDDINGS

Moss-Whetsel
June, roses, weddings naturally seem to come simultaneously. They came together at Mosseres Saturday, June 18th, at four o'clock when Florence Moss became Mrs. Levi Whetsel.

It was a small but impressive wedding, only relatives, the minister and his wife being present.

The color scheme of pink and white was carried out in flowers and refreshments. The mantel was banked with pink and white peonies and lilies. Baskets of spiraea, Mount Hood lilies, blue delphiniums and pink roses formed a bowler in which the bridal couple stood. Other bouquets of wild and garden flowers were used throughout the house.

The bride was gowned in pink georgette and cream lace. She carried a bouquet of pink and white roses and blue delphiniums and ribbons of the valley. The groom wore a dark blue suit.

The ring ceremony was used. Rev. F. Gordon Hart, of Riverside church, of Hood River, officiating.

Many beautiful and useful gifts were received.

Refreshments were served immediately after the ceremony.

The couple left by auto for a trip to Seattle, Victoria, British Columbia, and Spokane. At the latter place they will visit the bridegroom's mother and brothers.

Miss Moss was first teacher in the Butler Banking Company's bank where she has been employed for several years. Mr. Whetsel is district manager of the Western Union telegraph line with headquarters at Hood River. They will be at home after August 1 at 1025 State street.

Johnsen-Nielson

Mr. and Mrs. Johnsen-Nielson, of Seattle, returned Tuesday from a two week motor vacation that carried them as far north as Victoria, B. C. "Victoria is an admirable spot for a vacation," said Mr. Butler, "and the journey going and coming is a pleasant one over the finest of highways. We found an ideal spot, a quiet old English inn with a water frontage, and it formed the best place I have ever seen for a good rest."

Howard-Garrison

Friends here Tuesday received word of the wedding, in Seattle, Monday, of Leonard Howard, son of Mr. and Mrs. Geo. W. Howard, of this city, and Miss Lucille Garrison, of Pasco, Wash. Mr. Howard is manager of the branch of the Oregon-Washington Telephone Co. at Sunnyside, Wash., where he and his bride will make their home.

HORSEHIDE NEWS

Last Sunday the General Gas baseball nine defeated the Union Pacific team from The Dalles by a score of 16 to 9 in a baseball game that resembled a track meet on the aviation field diamonds.

Pemberton's and Annala's battling for the local boys was the feature of the game. Pemberton getting five safe hits out of six times at bat, and Annala garnishing four.

Hett played an errorless game in right field and played all around the rest of the team.

McCully pitched the first four innings for the local boys, but the support was poor so Bell pitched the rest of the game and the boys played better ball.

Next Sunday the boys will play the West baseball team at the Hood River diamond. The local boys have two teams met Hood River won by a score of 3 to 1 in a most interesting game.

LEGION AUXILIARY NOTES

The hospital committee and their friends turned out in goodly numbers at Mrs. Kingdon's last Monday. Seven teen took their places around the lunch table at 1 o'clock. After all had done justice to the beautiful meal the work was taken up. Six baby comforts were finished up ready to send to the Child Welfare committee in Portland.

The next meeting of the hospital committee will be held with Mrs. Geo. Wilbur, on Monday, June 27. This will also be a 1 o'clock luncheon. From the previous popularity of these luncheons we are looking for a larger attendance than before for the first one to be held in town. Don't forget the date and the place.

A call has come in for clothing for the Hood victims of the Mississippi valley. Now is the time to look over last year's wardrobe, and if you find anything that can be of use to someone else, bring it to Mrs. Wilbur's next Monday, or call Mrs. W. J. Kocken, 2752.

ROYAL ANNE CHERRIES TO BE PACKED

Because of the low prices being offered by canners for Royal Anne cherries, the Apple Growers Association has announced that this variety will be packed and forwarded under refrigeration to eastern markets. The white cherries are fast maturing, and harvest will begin soon.

The wage schedule for cherry picking has been announced as 1 1/2 to 2 cents per pound. Help is plentiful.

Discussing the cherry situation the Association in a bulletin yesterday said:

"Bingo, Lamberts and Black Republics will be packed in the unit of 60 lbs. with lace paper trimmings as heretofore. Stamp the word 'TOP' on the box, then turn the box over so that the top will be down. Put lace paper along the edges and place the cherries in light, straight, uniform rows for the top layer. Then fill the box with the top layer. Be sure that all cherries are matured for shipping and have sufficient and proper color for the variety. No cracked or worm eaten cherries will be allowed.

"Stamp the box neatly with the grower's name and address in the upper left hand corner and mark the number of rows in the upper right hand corner; for example, '6x10 Row' or '12x12 Row.' Be careful—mark the right number of rows on every box.

"We will again pack cherries at the Union warehouse in Hood River for those growers who do not care to do their own packing. Such growers must notify us to that effect not later than June 27.

"Last year our pool price was lowered considerably because many of our boxes were not properly marked, not carefully topped in close-together, uniform, straight rows, but zig-zag, often with big cherries on top of the box and small stuff underneath, with the stems of the cherries underneath sticking out above the top layer. These low grade packs do not bring you a profitable return and certainly do ruin the demand for our fruit.

"Each grower's fruit will be shipped in such a manner that it can be sold separately and strictly upon its own merits this year. This was tried in a limited way last year and proved highly successful and the trade generally endorsed this plan."

SMITHSON, MOORE ON SCHOOL BOARD

J. E. Smithson, president of the Oregon-Washington Telephone Co. and S. J. Moore, cashier of the First National Bank, were elected to the city school board Monday. They received, respectively 119 and 92 votes. Other candidates received the following vote: A. S. Keir, 80; and E. W. Sinclair, 70. Both were seeking reelection.

The new members of the school were sworn in Tuesday night.

LEGION NOTES

Those attending the Legion convention in La Grande July 21-22-23 will have an opportunity of witnessing the most spectacular pyrotechnic display ever put on in the state.

A fireworks drama consisting of incidents of the Old Oregon Trail will be shown for the convention visitors. Scenes to be portrayed in figures of living fire include the ships of Captain Vancouver, the covered wagon drawn by oxen which will be surrounded by hostile Indians and a battle scene will be portrayed. The historic Bridge of the Gods will live again and crumble amidst the roars and rumbles of the earthquake that ruined its existence across the Columbia river.

One of Oregon's governors will be shown and Chief Joseph, the noblest of Oregon's red men, will appear. Emblematic of the wild west spirit a bucking horse and his rider as well as a lassoed steer will be shown in brilliant colors of fire.

As a fitting finale to this magnificent display, a scene from the world war will be staged and a doughboy going over the top will appear amidst bursting shells and aerial bombardments. Following this scene a large American Legion emblem and a brilliant picture in fire of "Old Glory" floating in the breeze will appear and a dramatic realization and re-enactment of our National Anthem will be presented to the rockets red glare and bombs bursting in air.

FINNS, FURS AND FEATHERS

Mrs. E. A. Hanna, Mt. Hood district matron, began recently to lose young chickens from valuable fancy broods. Indications pointed to visits of a "varmint." Mr. Hanna set a trap, and on three successive nights skunks were caught. Still Mrs. Hanna missed chickens.

"We think we ended the loss of the chickens last week," said Mr. Hanna, who was in town on business. "We saw an old hen and her brood running from the brush toward the barn. I started an investigation. And right there in broad daylight out came a mother skunk and seven little ones. They couldn't wait until night. A well directed rock laid the mother low. The small skunks became confused, and I threw rocks until I had slushed the entire family."

"My backyard, however, was ruined. The horses didn't want to come home that night."

A. L. Day, Edgar Butten, C. W. Loughary and J. H. Fredrick, local sportsmen, Sunday transported 666,110 rainbow trout eggs, an initial shipment for the season from Diamond Lake, to the state trout hatchery at Dead Point on the West Fork of Hood river. The men aided M. B. Webster, superintendent of the hatchery, in placing the eggs in troughs while a large crowd of motor tourists, gawking at the hatchery grounds, watched with interest.

At the present time the Dead Point hatchery pools and troughs contain more than 1,000,000 Eastern Brook and Steelhead fry.

Whitfish, Mont.—James H. Hickon, of the Great Northwestern railroad, was fishing in the famous "Toober" near here. In this lake Mother Nature has provided the fish, species of trout, with a fur skin for protection against the cold. Using an ordinary hook will do no good as the water is so cold that a hook breaks as soon as it touches the fur. Hickon heated a hook, and when it touched the water it became tempered. The fish bite only on a rare type of bait, the "beaver" from the Prince Edward Island. A short time after being taken from the water the change of temperature causes the fish to "explode," the skin and fur coming off, leaving the meat ready to eat.

Mills Close for School Election

Editor Glacier: Last Monday the Oregon Lumber Co. shut down the mill at Deer and sent their men up to the school house to control the annual school election.

Their candidate, Prentiss Cutler, was elected by a majority of four votes. There is considerable feeling in the district that a man who has 50 children at all and who has no financial interest in the community should be put in a position to direct the affairs of the school.

Mr. Cutler has been employed the last couple of years as clerk in the grocery store.—Contributed.

HOOD RIVER GLACIER

It is believed by oldtime residents here that the dam at the Columbia annual spring freshet has been reached when the cottonwood trunks which grow profusely on the lowland bottoms have released the downy of their blossoms. If this be true, and on former years the river has never risen after the City has been snowed by the down, which some seasons stimulates a snowstorm, flood menace is over.

Monday Hood River beaux brommel found it necessary occasionally to brush the hatline down from their coats and it sifted through doorways and window openings into houses to worry housewives. Oldtime residents are convinced that the Columbia river will go no higher this season.

The river, reaching a stage of 35 feet and six inches above zero level, fell three inches Sunday night. Rivermen expect the freshet to recede for several days, but the hot weather prevailing in the headwater districts may result later in another gain in the stream. The river lacked 12 inches of silencing the road to the Interstate bridge here.

The Columbia was still showing a slow drop yesterday. Since the freshet began to recede the first of the week, the total drop up to yesterday had reached eight inches.

WHY WIDOWS ARE THE SPECIAL PREY OF CONFIDENCE MEN

By W. E. MOREHOUSE
Public Relations Commissioner, American Bankers Association

WOMEN are often easy victims for the high-pressure promoter. Widows are especially sought out by the confidence men. Even before their deceased husbands, protectors and counselors are buried outside their doors. They know the defenseless widows will be easy prey. Many a woman today is penniless as a result of making poor investments. "Getting rich quick" for the widow without investment experience is in reality getting poor quick. Once a sharp promoter gets the confidence of a rich widow he has a "Bonanza" as he calls it. Eventually he gets the estate and the widow gets the experience. Widows with estates should be on guard every minute. They are marked persons, with promotion crooks hot on their trail. The best thing that every woman investor can do is to consult her banker before investing.

Properly cut and set, crystals sparkle in realistic imitation of diamonds. The same is true in the field of finance. There is that which is fraudulent parading as the genuine. Don't buy investments simply because they sparkle. In the realm of wildcat financing, fictitious credentials, testimonials, and references are employed to give setting and a genuine appearance. Some are such rank imitations that they are easily recognized, but others defy detection except on the closest investigation by an expert. The only safe procedure is to investigate under competent advice.

Literally millions of dollars are lost each year to American savers annually as the outcome of buying into something—a fraudulent farm promotion, a business or a job that is nothing more or less than a set-up to catch suckers.

Often the savings of a lifetime are lost by buying unimproved farm lands with the understanding that the seller, or a service company promoted by him, will plant the farm to trees of vines, care for them, market the crop and turn the profits, which it is promised, to the owner. But the big error never comes true. The so-called guaranteed big profits are never realized. If people would only stop long enough to consider all angles of an offer like that before investing they would see the folly of plunging blindly into such a proposition. Let them ask themselves only this one question: "If it is true that such big profits are to be made, why do you make glowing promises in no assurance that he is not the world's champion exaggerator. Extravagant and exaggerated claims are the earmarks of the fake investment. If you want to go into farming or buy into a business, investigate before you invest. Write to the National Better Business Bureau, New York, or consult your local banker. If they are without information on your proposed investment, wait until they can get the facts and report to you. They have no interest at stake except to forestall crooked games.
