## ABRAHAM LINCOLN

"With public sentiment nothing can fail, without it nothing can succeed. Consequently, he who holds public sentiment goes deeper than he who enacts statutes or pronounces decisions. He makes statutes and decisions possible."

—Abraham Lincoln.

It is an interesting fact that Abraham Lincoln, whom we have just quoted, was so completely a creator of public sentiment that today there stands on the statute books of many of the States of the Union a law creating February 12th, the birthday of Lincoln, a Legal Holiday.

(February 12th comes on Sunday this year and in accordance with the Oregon Law the Holiday will be observed on the following Monday and this Bank will, therefore, not be open.)

#### VALLEY UNITES TO HELP PARKS

Net Proceeds From Rialto Shows Next  
Wednesday and Thursday to  
Go to Family

Never in the history of the Hood River Valley has there been so general an expression of interest in the preservation of the parks as that which has developed in the past week. For a meeting to be held for discussing proposed pictures shows for Herbert Parks, Mr. Parks, industrious and respected East Side rancher, head of a family of 12 children, on Monday last week in a woodsman's accident suffered the loss of his left arm and the terrible maiming of the right.

No sooner had news of the accident spread than people were heard generally to express the wish that they might aid. The offer of his theatre for two days was made by A. S. Kolstad, Secretary and Mrs. Shoemaker of the chamber of commerce, communicated with every church, civic fraternal and public body they could get in touch with. As a result 33 organizations were represented at a mass meeting called at the chamber of commerce quarters.

County Judge J. H. Jeffrey was elected general chairman of the meeting, and a committee was appointed to take charge of the dances, conduct the ticket sale and check the proceeds. The entire net returns from the show, the films for which will be donated by the Universal exchange, will be turned over to the county court, which will disburse it for the benefit of the Parks family.

Tickets for the benefit performances were made available for sale at church services throughout the valley Sunday morning. They have been placed on sale at all local business houses, and the volume of purchase indicates that the proceeds will probably be well over a record here. The show, which will feature "The Shield of Honor", a police picture, will be an excellent one. A good comedy and a news reel will be shown. The price of the show was placed at 50 cents. Purchasers of tickets will exchange them for theatre tickets, which will enable the committee to keep a check on proceeds.

The K. P. band will participate generously in the benefit performance. The musicians will play a concert in front of the theatre each evening, and after the show has started will play backstage during the showing of pictures.

Geo. Smith, the city's sweet tenor singer, will appear at each evening's performance in songs.

#### Land Board Offers Aid

Last Friday, just before the mass meeting in behalf of Mr. Parks, Judge Derby, local attorney for the State Land board, received a telephone call from G. G. Brown, clerk of the land board, who authorized Judge Derby to inform the Parks family that they might remove to an East Side place, which had recently been taken over by the board on a mortgage. Mr. Parks had been negotiating for the place.

Mr. Brown, when he heard of the accident, thought of the Parks family. If it was desired and they needed the home, might move to the place and remain there a reasonable time without thought of rental.

#### FRANZ FURNITURE QUARTERS IMPROVED

A remodeling and alteration of the E. A. Franz company's furniture department is now under way which will provide a more convenient establishment with the largest furniture display quarters in this district. Frank Spencer has a crew engaged in removing the staircase and partition which formerly divided the big room. The staircase will be removed to the rear of the store. The mezzanine floor will be rearranged, and the interior of the store handsomely tinted and decorated.

Big front window space will enable the Franz company to make attractive displays of furniture. Crews will rush the improvement, and the new quarters will be ready for an opening display at an early date.

#### CYCLONE SALLY IS JUNIOR CLASS PLAY

"Cyclone Sally", a comedy in three acts, will be presented by the junior class of Hood River high school February 17. The proceeds of this play will be used for the annual prom given in honor of the seniors. The cast has been working hard for the last few weeks and it is expected that the play will be well worth the price.

The cast is as follows: Jack Webster, owner of the Webster estate, Ronald Inalls; Reggie Manners, a young Englishman, Carroll Day; Jim Jenkins, who has courted for twenty years but not yet discouraged, Edwin Goodrich; Willie Clump, Sue Bascom's beau and the world's eighth wonder, John Hounsell; Sally Graham, "Cyclone" Sally; Genevieve Higman; Jenny Thatcher, 40, and the object of Jim's affections; Editha Hartwig; Ruth Thatcher, a peach Reggie would like to pluck; Mildred Triplett; the Vernon village snob, Margaret Pineo; Effie Varden, a cute little neighbor, Myra Cobb.

The play takes place on Jack Webster's estate in Cedar Point. Jack Webster was a witness to a will made by Sue Bascom's father in which he bequeathed his entire estate to Sue. As Mr. Webster has lost most of his own fortune he decides to come west and try to marry Sue Bascom for her money. Reginald Manners is a friend who comes with him. They arrive and the plot thickens. They are successfully deceived by Sue's step-sister, Cyclone Sally, who takes the part of Sue Bascom as beneficiary under the will of Mr. Bascom. Jack is completely deceived and he is certainly taught a good lesson.

Does he marry Sue Bascom, the heiress, and what happens to Cyclone Sally? Come and see for yourself.

St. Valentine's modern masquerade ball at Rockford Friday, February 10. Three cash prizes. Admission, \$1.00. Music by Night Hawks.

### CITY COUNCIL SHOWS AIRPORT INTEREST

The city council Monday night authorized the street committee to secure an option on an acreage of Paradise farm just west of town which may be developed later as a municipal airport. The action followed an appeal of the aviation committee of the chamber of commerce, headed by its chairman, E. O. Blanchard.

Since last summer a keen interest has been displayed here in aviation. The county has agreed to make available a plot of land at the west edge of town. The property covered by the option which the city will enter into with Mr. and Mrs. Banks Mortimer adjoins the county acreage.

The members of the committee cited that several commercial aviation concerns are looking to Hood River for a landing field on a tourist air route encircling Mount Hood. Unless the city takes action, it was declared, some one of the private concerns may tie up the land, which provides the only feasible airport near the city. It was also declared that Hood River should have an emergency landing field for planes traveling up and down the Columbia gorge, a natural route for air travel through the Cascade range.

H. E. Scott, C. M. Hurlburt, H. F. Morse and Kent Shoemaker addressed the council on the importance of the landing field. Mr. Morse stated that he had learned at a recent convention of air manufacturers and dealers that representatives of the large concerns are planning on making their territory by airplane. Mr. Blanchard told of hearing plans recently outlined by an engineer of the Boeing Airplane Co. of Seattle, which has taken over the Pacific Air Transport company's business. He declared that they are far reaching. Mr. Shoemaker, who told the council that he will be ready to bring Tex Rankin of Portland or any other man versed in aviation here for a conference with the council, stated that Hood River will be on an alternate route of air planes traveling from North Pacific points to southern California. Often the Willamette valley route is rendered dangerous by fog, he stated.

The street committee of the council will conduct a thorough investigation and proceed with formalities of making available the municipal airport, if the matter is found feasible, a necessity can be legally accomplished. It was signified at the Monday night meeting.

H. E. Scott presented to the council letters which he had received from Mrs. J. F. Batheider and her son Charles, who declared their willingness to provide for a deed to the state highway commission of a plot 100 feet square on the municipal park acreage west of town as soon as fully informed of the details of the proposed deal. The highway department proposes to erect a garage and machine shop on the plot.

The matter of insurance on the department members was discussed by the council. Details information on application of the state commission will be secured.

C. B. Hutch petitioned for city grades in order that he might improve his property by constructing curbs around his property in the Stranahan addition.

Albert Krieg, who will begin immediately an improvement at the Hotel Waukoma, asked a permit to utilize the sides of Cascade avenue and Second street for storing material.

#### COOPERATIVE CALLS STRAWBERRY MEET

The marketing policy for the 1928 strawberry season will be discussed at a meeting called by the Apple Growers Association. The cooperative has appointed the following strawberry committee for the coming season: John Cooper, R. B. Cunliff, C. E. Housnell, E. Gunn, J. R. Vannier, Banks Mortimer and Ralph Sherrick. The cooperative is representative of the different districts and interests of the valley. Its members will meet weekly during the strawberry harvest and will confer with the sales committee of the association at the close of the season when various pools are settled.

General manager Follettus has announced that the Association has provided a service for selling of equipment of growers who have a surplus or to put those in need of graders and washers in touch with owners.

#### IMPROVEMENTS AT WAUKOMA UNDER WAY

With Contractor Albert Krieg in charge of crews, work was begun on a remodeling of the lower floor of the Waukoma hotel. The lobby, which was improved last year, when an elevator was installed, will remain intact. Partitions between the main dining room of the hotel and the Pheasant dining room will be removed. The quarters now occupied by Critch & Frey and J. P. Naumes of the Snoboy Fruit Distributors, will be thrown into the main dining room, and the offices will be removed. The Pheasant dining room will be lowered to the level of the main dining room and lobby. The work of making the alterations will require from four to six weeks. When the work is completed Mr. and Mrs. Guy Painter will be able to care for gatherings of as many as 250.

Card of Thanks  
We wish to express our appreciation for the kindness, sympathy and help, at the time of the accident, and since, to our husband and father not only of our neighbors and friends but to those in Hood River and the valley. Words cannot express our feelings.  
Mrs. Herbert Parks and Children.

Every one is now discussing with keenest interest the coming annual winter sports carnival to be staged by the Guide Ski Club a vigorous festival next Sunday. #### ASSOCIATION WILL CUT BIG MELON

General Manager Victor O. Follettus announced Tuesday that the Apple Growers Association will make a cash distribution of \$150,000 on the 1927 apple and pear pools the latter part of the month.

The cooperative in December forwarded to members checks aggregating \$225,000, and a January distribution reached \$150,000.

#### DRUM AND BUGLE CORPS ENDORSED

Characterizing drum and bugle corps as the very life of the American Legion, delegates from posts at Duror, Mosier, Antelope, The Dalles and Wasco, who met here with Hood River post, American Legion, at a district convention Monday night, emphatically recorded their sentiments as favoring continued maintenance of such organizations. Some of the delegations explained that their posts had not developed drum and bugle corps because of interference with existing musical aggregations in their cities.

"Jerry" Owen, editor of the Pacific Legion, was present and urged enthusiastic participation in the campaign for an increased Legion membership. Don McCleod of the local post, who is president of the district organization, presided.

Following the business session the Women's Auxiliary of the local post served refreshments and a dance was held.

Rev. Schuyler Pratt, state chaplain of the Legion, announced that a meeting will be held with the Mosier post Sunday, when Boy Scouts and Camp Fire Girls will participate. The meeting will demonstrate that the legion has an inherent religious significance, it was stated. A number of local legionnaires will attend the session.

The Legion Auxiliary benefit card party will be given tonight at the Mt. Hood hotel dining room. Entrance invited. Call Mrs. F. W. Donnerberg, 1253, for reservations.
