"Electricity:- The Power of the Republic."

Says WILLIAM ALLEN WHITE, Author and Editor "Emporia Gazette":

"The democracy that really counts has come as a result of industrial and economic forces by giving men and women better wages, shorter hours and more self-respecting conditions of labor. The worker, growing up in these conditions of self-respect, no longer is willing to drudge. Hence the demand for electric power."

SUPPLYING electric light and power to the nation is not merely a business.

It is a public service that forever frees men from the tyranny of excessive burden; that spells the difference between less toil and more comfort; less confinement and more leisure; less poverty and more wealth. It is the measure of human prosperity and happiness.

Every time electrical service is extended, every time there is a new labor-saving device introduced in the home or in the factory, labor is made more useful and productive, the individual is released for those pursuits which make for better government, and civilization is broadened and strengthened.

The production of electric energy in the United States has doubled every five years since Edison invented the electric bulb. There is now generated in this country more electric power than is produced throughout all the rest of the world. If apportioned among all the workers in the U. S., it would give each worker the equivalent of 40 helpers.

Such wide-spread distribution of this vital force has been made possible through the splendid zeal of the electric power companies of this country. It presents unmistakable evidence of the efficiency of the American principle of individual initiative in the development and operation of the electrical facilities of this country. The continuance of this principle is essential to maintain progress.

ROTARY CLUB VISITS ITS HIGH SCHOOL

The members of the Rotary Club visited the high school last Thursday, and seated on the stage in the auditorium took charge of an assembly. Rev. F. Gordon Hart was chairman of the meeting.

After the members introduced themselves, giving their classifications in Rotary, President C. H. Jenkins and J. L. Breckenridge explained plans of the club to award a "services" medal each year to the student of the school who has the best record for service to the institution. Mr. Breckenridge said that the winner would have to be recognized for his ready performance of duty, one who will not have to be prodded.

Roderick McRae enlivened the meeting with his clever story of a Swede who had seen his first baseball game. Albert T. Case won rounds of applause with two songs. He was accompanied by Mrs. A. S. Kolstad at the piano.

Norvin C. Coulter, impersonating Prof. Filverick, displayed a wizardry of mind reading.

The feature of the Rotary meeting at the Waukena hotel last Thursday was a paper on "America Comes of Age" by Walter R. Woolpert. Mr. Woolpert declared that Rotary has a great opportunity for good in bringing about a greater cohesion among all of the elements of race and creed in American life.

Victor C. Follenius, manager of the Apple Growers Association, was received as a new member.

A guest of P. Fred Clark, E. Shelley Morgan of Portland was a guest at last Thursday's luncheon.

Secretary Dye announced that a new Rotary Club will be instituted at Albany tonight, and it was urged that as many local members as possible attend.

R. E. Steele, chairman of the committee arranging for local participation in the district conference to be held in Seattle in April, urged an early registration.

Park Street School Notes

March 14, 1928.

Recently Park street school mailed its first penmanship practice work for the year to the Palmer company in Portland. One hundred fourteen awards were granted as follows: 64 Palmer pins; 38 merit pins; 12 progress pins; one improvement certificate; and one student's certificate. The last two were granted to Norma Davis and Olive Cooper, respectively.

The Agnes spelling tests were given throughout the building last week with the following interesting results. The same list of words was used in all the grades, the required normal being different. Third grade, fourth, fifth, and sixth being respectively 84%, 92%, 98%, and 100%.

By this scale, 72 per cent of our third grade pupils are normal or better; 77 per cent of the fourth grade pupils are normal or better; 76 per cent of the fifth grade pupils are normal or better; 57 per cent of the sixth grade pupils are normal.

There were five third grade pupils, 19 fourth grade pupils, and thirty fifth grade pupils with normal sixth grade standings on this particular list of words. One sixth grade pupil, two fifth grade pupils, and three fourth grade pupils had only normal third grade standings.

One of the words misspelled the most frequently was the word "girl" which was misspelled 36 times. The favorite misspelled form was "gril", being spelled this way 17 times. Other forms of misspelling the same word are: girle, geril, grel, grile, grial, grel, gari, grl.

BELMONT

The Camp Fire group under the direction of Miss Knoll at Barrett school, known as Zone W-1-est, won the \$5 prize for the best stunt at the anniversary celebration last week. They presented Dr. Sifton with a birthday cake. Miss Knoll was given a bar pin by sponsors, parents and friends who appreciate her work with the girls.

Last year the Barrett school pupils sent a portfolio of letters, pictures and descriptions, drawings and handwork to Saxony, Germany. A second portfolio just came from the same school, sending thanks and wishing to continue the friendship and acquaintance. Barrett has a book ready to go to Switzerland. This is to be shown to the Red Cross board before it goes, as is in Junior Red Cross work.

West Side dairymen, remember the meeting at Library hall Saturday at 1:30 p. m. It is important to know the value of each cow by testing and to look after the health of each cow.

Among the students home for spring vacation are Miss Lorene West and Gordon Manser from Whitman College. Howard Miller from Willamette. Miss Marjorie is on a tour with the Girls' Glee club and will be home later in the week.

Mrs. Wm. Munroe went to Portland to meet her nephew who is on a German ship which docked in Portland last week. Miss Emma Staman and Aleck Munroe accompanied her.

Adelbert Oberbauer is here visiting his sister, Mrs. E. H. Moller.

HARDY APPLE TREES UN-HURT BY WINTER

A. C. McCormick, in charge of the Mt. Hood Nurseries at Husum, Wash., was here Monday calling on friends and attending to business. Mr. McCormick says that the new Hardy nursery stock is proving very satisfactory. Some of the trees, Newtowna, are now coming into bearing. They have resisted winter injury and are free from cankers.

Mr. McCormick says that his nursery now has 2000 trees of the Hardy stock. He is planting 800 trees to orchard this spring.

W. C. T. U. NOTES

The organization is planning a legislative luncheon for the April 10th to be addressed by Mrs. G. L. Boland of Portland.

Mrs. Louisa Schmidt of Portland was here with her husband, Ad Schmidt, last week. Mrs. Schmidt met with officers and legislative committee.

We are glad our telegram to Washington was part of the "storm of disapproval" from all over the country against the huge naval building program which was being considered by the House committee approved by Secretary Wilbur. The Christian Century says: "As a result the bill which has gone to the house contains sixteen ships instead of seventy-one; \$74,000,000 in place of \$725,000,000; authorization of suspension by the president in case of an international agreement for limitation of armaments."

Chairmen Who Have Been Chosen To Direct University of Oregon Day Activities

Back row: Norma Stoddard, Baker; Miriam Swafford, Oregon City; Emma Belle Woodworth, Newberg; Eldress Judd, Roseburg; Mildred Swafford, Oregon City; Margaret Cummings, Klamath Falls; Jane Burmister, North Bend; Beth Ager, Bend; Genevieve Svedenborg, Ashland; Agnes Chipping, Hood River; Edna-Anne Sauter, The Dalles; Maxine Glover, Salem; Margaret Leag, Hillsboro; Louise Lockhart, Marshfield. Front row: Edith Engle, Astoria; Wanda Isbell, Hood River; Marvin Jane Hawkins, Coquille; Katherine Tapscott, Astoria; Thelma Kitchen, La Grande; Olive Banks, Silverton; Augusta Gerlinger, Dallas; Ruby Russell, McMinnville; Joyce Maddox, Medford; Jane Price, Portland; Agnes Farris, Eugene. Final plans for the day have been completed by the state chairmen, who will give dances in most of the towns. The affair is being sponsored by the Women's League of the University of Oregon. Proceeds this year will go to the Prince L. Campbell memorial building. George Hopkins, professor of music at the University of Oregon, will give a piano recital in Hood River on Friday, March 23, it has been announced by Wanda Isbell and Agnes Chipping, chairmen for University Day, which will take place in the principal cities of the state on that date.

NEW U. OF O. STUDENTS URGED TO REGISTER

Students wishing to register for the spring term at the University of Oregon will be able to do so on Saturday morning, March 24, and all day Monday, March 25. It is announced by Earl M. Pallett, registrar.

Payment of a \$19.75 fee on registration day, made compulsory by recent action of the board of regents, has necessitated addition of an extra day for registering. All that can possibly do so are urged to register Saturday and relieve congestion. Windows will be open from 8 to 10 o'clock on Saturday and from 8 to 5 o'clock on Monday. Two windows have been arranged in the registrar's office to handle the crowd. Tables will be placed on the first floor of the Administration building for graduate and special students, and for change of program slips.

Everyone must file an information card when he registers. This includes graduate students. Late penalty fines, amounting to \$1 for each day, will be charged as usual. Complete information in regard to courses may be obtained by writing to Earl M. Pallett, registrar.

It will be possible to change courses on the first day of the term without extra charge for adding or dropping.

Regular fees, including all laboratory or departmental fees, will be paid as usual from April 11 to 21.

"New students will be especially welcome at the University of Oregon spring term," according to a statement by Dr. Arnold Bennett Hall, president of the university. "Students not in school last term will also find an opportunity to pick up their work where they left off. The spring term is one of the most productive of the entire year, and students should take advantage of this." Students and faculty members alike are well settled into their work and nearly all progress can be made during the three months.

Mr. Crapper Badly Hurt

W. S. Crapper, pioneer Oak Grove orchardist, suffered a double fracture of an arm and painful bruises when his automobile went over a bank on the Columbia River highway west of here last week. Mr. Crapper, accompanied by Mr. and Mrs. Charles Sherrill and two children, was returning from a smelt fishing trip on the Sandy when the accident occurred.

Summons

No. 1672

In the Circuit Court of the State of Oregon for the County of Hood River. Milton Hager and Louisa Hager, Plaintiffs, vs. J. H. Harden, Ethel R. Gwin and Albert P. Gwin, her husband, Eugene Raisig and Annalee Raisig, his wife, and George R. Wells, Defendants. The State of Oregon to defendant George R. Wells:

You are hereby summoned and required to appear and answer the amended complaint of the plaintiffs on file herein within four weeks from the date of the first publication of this summons, and if you fail to so appear and answer, a decree will be taken against you according to the prayer of the said complaint, to-wit: that the plaintiffs' mortgage on the following described real property be foreclosed and the said property be sold to satisfy said mortgage and interest, taxes, costs and attorney's fees in this suit:

Situated in Hood River County, State of Oregon: The North half (N¹/₂) of the North-west quarter (NW¹/₄) of the South-west quarter (SW¹/₄) and the North half of the Northeast quarter (NE¹/₄) of the Southwest quarter (SW¹/₄) of said Section Thirty-three (33), Township Three (3) North, Range Ten (10) East, of the Willamette Meridian, excepting, however, from the above described tract a tract of land described as follows:

Commencing at the Southeast (SE) corner of the North half (N¹/₂) of the Northeast quarter (NE¹/₄) of the Southwest quarter (SW¹/₄) of said Section Thirty-three (33), running thence West Thirteen and one-third (13¹/₃) rods; thence North Three (3) rods; thence East Thirteen and one-third (13¹/₃) rods; thence South three (3) rods to the place of beginning, containing one-fourth acre in this suit.

Also conveys a tract bounded and described as follows: Beginning at the Northwest corner of the Southeast quarter (SE¹/₄) of Section Thirty-three (33) Township Three (3) North, Range Ten (10) East; thence South 407.88 feet; thence East 122 feet to the intersection with a center line of the North and North-west along the center line of said creek to the intersection with the quarter section line running East and West; thence West 194 feet along said quarter section line running East and West; thence West 184 feet along said quarter section line to the point of beginning, containing one and one-half (1¹/₂) acres, more or less, in Hood River County, State of Oregon, and that you be foreclosed and forever barred of all your right, title and interest and estate in and to said real property.

This summons is published by order of the Honorable Fred W. Wilson, Judge of the above entitled court, duly made and entered on the 10th day of March, 1928. The date of the first publication hereof is March 22, 1928, and the date of the last publication hereof is April 12, 1928.

H. B. Dickinson, Attorney for Plaintiffs, 212 First Building, Portland, Oregon.

Gilda Gray, Samuel Goldwyn star, now appearing in "The Devil Dances." She is wearing the Gilda Gray model, made in her honor.

FEET

... that talk

COUNTLESS thousands have watched the wonderful dancing of Gilda Gray. "She has feet that talk," they say. "What grace and activity! What Charm!"

Feet that talk are feet free from abuse, free from strain and pinching and distortion. And because the famous stars, such as Gilda Gray, must have active and youthful feet, they are turning to

THE ARCH PRESERVER SHOE

the superbly styled shoe that keeps feet youthful, vigorous and comfortable.

The sheer loveliness of the Arch Preserver Shoe is in no way marred by the scientific built-in principles. There is an ingenious concealed arch bridge that prevents sagging, a flat inner sole that prevents pinching, and a metatarsal support that prevents distortion.

A correct, normal walking base, assuring foot happiness—foot help—clear through the busiest day. The Arch Preserver Shoe will give you "feet that talk." Try one pair and you'll understand.

There is only one Arch Preserver Shoe. Its principles of construction are fully protected by patents. No shoe is as Arch Preserver Shoe unless stamped with the Trade-Mark. Made for women and misses by The Sibley Shoe Co., Portsmouth, Ohio. For men and boys by E. T. Wright & Co., Inc., Rockland, Mass.
