**Jay Upton a Visitor.**  
Jay H. Upton of Bend, republican candidate for congress from the first congressional district, and his campaign manager, Mark Woodruff, were in Cascade Locks Saturday en route home from Portland. While here he called on A. W. Meyer and Oscar Hyde, the latter of the Men's shop, both of whom he has known for years. Senator Upton is seeking Congressman Pierce's seat in the house at Washington, D. c. He has been in the state senate for 14 years.

**Fishing Remains Poor.**  
Fishing remains poor on the upper river, due to the fact that the annual spring freshet came a month earlier than usual this season and was on while the chinook salmon were traveling upstream to their spawning grounds. Old timers at Bonneville reported a heavy run of salmon and three weeks ago predicted a heavy spawn in the upper country and a poor catch on the Columbia. Andy Johnson of Vancouver, who has been fishing above Cascade Locks, dropped his boats down stream to the lower Columbia, but he says the fishing around Astoria is nothing to brag about.

**STATE TO BUILD  
SUPER HIGHWAY  
THROUGH GORGE**

**Aid to Be Sought From Govern-  
ment for Water Level Road  
From the Locks to  
Portland.**

Plans for a fast water level highway through the Columbia Gorge from Cascade Locks to Portland became public Tuesday for the first time when details of a survey which has been completed as far as Dodson were announced at a meeting of the state highway commission. The state has been working on the survey for months. The new road will take off at the Sandy river, at Troutdale, and parallel the railroad at the base of the bluff. Highway engineers want to construct a roadbed by pumping sand from the river. Estimated costs have not been revealed. However, funds are not available at this time but must be borrowed from the federal government. Steps preliminary to asking for PWA moneys have been taken by the commission. It is anticipated by the state that the federal government will build a fast highway west from Cascade Locks through Bonneville to Warrendale, where the new road proposed by the commission would tie in. R. H. Babcock, state highway engineer, said in announcing plans for the super road that it was not the state's intention to abandon the old scenic Columbia River highway. Both roads will be maintained. The new one would be given over to commercial travel, the old one to tourists.
