BUILD A HOME

Lumber for a small house costs surprisingly little money, and labor is plentiful. Or build the house yourself. Get under a roof before the bad weather begins. And now is the time to build.

We can furnish you all the materials. Bring in your plans and ask us to figure them for you, or ask us for plans for a cottage.

More and more people are building every week. If you want a site for a home or cottage, ask us about property.
