We're Advising You

(And why not? for our mill has weathered over 50 winters in this Gorge)

**To Build Soundly and Well
IF**

You Plan To Winter Wisely

Perhaps you've never seen a real gorge winter? Months of turbulent rains, gusty winds, stinging frosts and riviing snow. Well, the upshot is that you'll be mighty uncomfortable if your home, however small, is not sensibly built.

This Means Dependable Lumber

We know from experience that a few dollars wisely expended on sound lumber (and to be sure, where can you buy better lmbcr than our?), clever planning and a good carpenter can make a modest home a very comfortable one.
