BONNEVILLE SCHOOL NEWS

The children of the entire school

mas." They are making and bring-
ing gifts to be sent to the boys and
girls of the Contagious hospital in
Portland. Both toys and clothing
are being put into the boxes to
be sent to the children.

afterward by the boys and girls.

The lower grades will hold their
program at the same time in the
first and second grade room. A
short program of plays, drills and
songs has been arranged with a
Christmas tree.

The Bonneville school children
are presenting most of the pro-

EAGLES MAKE BIG GAINS

Eagles throughout the country,
from New York to California, hus-
tled for new members in October.
Only two towns and cities lead
the Cascade Locks-Bonneville
aerie. They were: York, Pa. and
Escondido, California.

The local aerie turned in an even
100 names during October. Since
then more than 300 additional ap-
plications have been written.

The gains in all aeries is pub-
lished from month to month in
the Eagle magazine. Eagles the
country over will blink and lift
their eye brows when they note
the size of the aerie which has
been built up in this district.
